Mooseheart Legion Lyceum Course to Start in October

The Ladies of the Mooseheart Legion have secured the Midland Lyceum bureau entertainers for a season in this city to begin October 4, at the Moose hall and the class of talent secured for the period here is said to be exceptionally good. The Midland company are well known in their home city, Des Moines, Iowa, and all throughout the state as they have yearly appeared on all the Iowa fall circuits and have given a good account of themselves, according to the press dispatches.

The opening number here October 4, will be the La Salle Male Quartette, four artists in this class of music. Men's singing has always appealed and the class of songs for the opening date will be well rendered, the bureau manager says. Other material in the following weeks will be the Lillian Ringsdorf Opera company; Earnest J. Powell, lecturer, De Willo Concert company, and Esther and Clayton, artists in chalk and sand novelties.

JAPAN ALSO HAS BLUE LAWS

NEW YORK, Aug. 25. (By Mail) —Blue laws are having their powerful exponents in Japan as well as in the United States, according to information received by the Presbyterian Board of Foreign Missions at the Board's headquarters, 156 Fifth Avenue, New York City. Advice received by the Board are that the Tokyo Chamber of Commerce has formally put itself on record by the adoption of a resolution favoring the closing of all shops on Sunday. Heretofore Sunday has been, as a rule, wide open.

Following this action a commission began study not only of the Sunday problem, but also of plans for improving the hours of labor through the week. The project calls for a weekly rest-day, shorter hours and more considerate treatment of employees. This commission designs to provide a weekly rest day for all employees except in hotels, eating houses and public baths and also that working hours shall be restricted to 9 1/2 per day, with 8 hours only for young persons employed.

Another important piece of news reported from Japan to the Presbyterian Board is the tendency of the priests of every denomination of Buddhism to popularize the Buddhist belief of participation every sort of social service, which up to this time has been neglected by them. As a result a Chair of Sociology has been established at the Jodo Sect College at Sugamo, at Setagaya and at Osaka, where every scheme and measure of social service is to be investigated. A Social Service Bureau has also been established where relief work, special missionary work and other forms will be undertaken. The new temple of Zojoji, now under construction, will be the headquarters on its completion in 1924 and a special organization for social services will be formed by the priests of the Jodo sect, where funerals will be conducted for the poor families free of charge.

Prayers for the peace of the spirits of the fowls killed for the tables of Tokyo residents will be offered by 300 poultry dealers of Tokyo at the Hachiman shrine in Tomikawa-sho, Fukagawaku, twice a year hereafter. Heretofore this ceremony has taken place annually on September 20.

Another Big Bill at Strand Sunday

The management of the Strand Theatre announces that the Lewis Family Lyceum Players have been engaged, starting Sunday, September 25, to entertain the Klamath Falls public with musical novelties, comedy shows, magic, feature acts, fancy dancing and clever songs. The most prominent feature in the Lewis repertoire will be the ventriloquist features. Birdie Lewis, in charge of this act, is said to be a high class artist in this difficult accomplishment.

Manager White announces that the Lewis family has each season presented a new line of novelties and that no duplication of the same acts

or features occurs in any season. The bill will be announced later this week.

WOULD NAME MOUNTAIN AFTER HERO OF MARNE.

PORTLAND, Sept. 21.—The highway commission has been asked to sanction the naming of a mountain at the entrance to the Mitchell Point tunnel, on the Columbia highway, "McAlexander Mountain," in honor of Brigadier General McAlexander, known as the "Rock of the Marne." The request, which came from the Progressive Business Men's club of Portland, will be considered.

Another Colonist Says Peru Project Is Not Practical

The Herald is in receipt of another letter from Peru, condemning the Sacramento Del Pampa colonization scheme and endorsing the letter of Dennis McMahon, previously published, which declared the project was impractical.

The writer of the present letter signs himself Samuel E. Guenther and gives the addresses of Paradise, California, Tonasket, Washington, and Lima, Peru.

The colonization project must prove a failure says Guenther because of "this section being a low jungle swamp and fever country, inhabited by fever mosquitoes, also the vicious and most deadly cut fly, whose knife cut is certain death and beyond all medical remedy. If this country was not seen by Shofelt, and evidence goes to show he did not see it before leading in settlers on misrepresentation, then Shofelt must be a fraud and fraudulently receiving money by misrepresenting a country which contains nothing. D. McMahon was wise enough to see beyond his nose after he was caught."

PAST MATRONS CLUB
