Pershing Approves U. of C. Plan for Soldiers' Memorial

BERKELEY, Cal., Sept. 23.—General John J. Pershing has praised as "most appropriate" the plans of the University of California here to erect a huge stadium as a memorial to all citizens of California who fell in the World War.

"I can think of nothing more fitting," General Pershing wrote recently regarding the stadium. "The achievements of the splendid troops from California are too well known to need repetition here. The memory of their deeds will never perish. The dash and spirit which enabled them to achieve are powers that can be sustained only so long as vigorous health and enlightened patriotism avail. The Stadium you are to build will stand as a lasting memorial to your gallant sons and serve to nurture the sources from which they drew their strength."

The California stadium, costing nearly \$1,000,000 and seating 60,000 people, will be used for athletic contests and meetings. It is to be built here before the fall of 1922.

Workers Share in Profits Under New Law in Mexico

MEXICO CITY, Sept. 23.—The federal government will not intervene in an effort to have the Vera Cruz legislature modify its law recently passed permitting workmen to share in the profits of any industry within the state. Secretary of the Interior Calles has made a statement to this effect.

Secretary Calles says that in such matters the states are sovereign, adding however, that the law is not as drastic as described by its opponents.

Although there is no apparent hope that the law will be repealed, representatives of various industries affected have told The Associated Press that they "understand" no attempt will be made to carry out the measure in a strict form. They are prepared however, to close down all their interests in the state of Vera Cruz if the profit-sharing law is invoked by the workmen. It is believed the Supreme Court will be called upon to pass on the law.

Effects of the law have already been felt in other parts of the republic. In the Laguna cotton region manufacturers have refused to buy any of the crop on hand in view of the possibility of the Durango legislature passing a similar law.

Domino Duel Now In 28th Season

RIVERHEAD, N. Y., Sept. 23.—Four men in this town have been playing dominoes every day for 28 years and they say it will take at least ten more years to determine which pair of them excels in the game.

George W. Cooper, who is 94 years old and never felt more chipper, is the senior of the quartet. He always opposes Zophar M. Woodhull, 84 years old. They select their partners from two comparative youngsters, Howard Sanford 72, and Elsworth Benjamin 69.

Mr. Cooper used to be a bank president and the grey-haired group gathered in his office for their game every afternoon, but business began to interfere with dominoes, so he gave up banking about ten years ago. Since then the game has gone on in the office of a mill and Mr. Cooper, who also was once a farmer and then country sheriff, takes a little time off now and then to attend the directors' meetings at the bank.

Sometimes when the younger domino warriors pause and argue, he says "Come on, no stalling in this game. We haven't many more years to play."

Divorce cases in England have more than doubled during the past year.

DRY LEADERS TO MEET, CHICAGO

CHICAGO, Sept. 23.—A call was issued today for a meeting of the Prohibition National Committee for this city on November 30. The call states further:

"A National Prohibition Conference will be held in Chicago on November 29th, the day preceding the National Committee Meeting, beginning at 10 a. m. The evening meeting will be under the auspices of the Prohibition Foundation and our Prohibition delegates from the great World Anti-Alcoholic Congress in Switzerland will speak.

"The first hour of the evening of November 30th, from 8 to 9 p. m. will be devoted to a National Eugene Chaffin Memorial Meeting.

Matters of the utmost importance relating to our part in the great World Prohibition Movement will be discussed at both meetings. The duty of maintaining prohibition in our country through a strict enforcement of the Eighteenth Amendment to the Federal Constitution will be the subject to be considered, since the United States must furnish the object lesson and inspiration to all nations or we may never hope to have a dry world, nor will our own nation long remain dry if prohibition laws are not enforced.

"Attendance of these meetings by all who believe in enforcement is therefore most earnestly urged. It is imperative that every member of the Prohibition National Committee and every State Chairman shall be present at the Prohibition Committee meeting, November 30th. Seldom has a meeting of such importance been called. No state should be unrepresented."

British Flyers to Teach Japanese

TOKIO, Aug. 24. (By Mail).—A naval aviators' training station at Kasumigaura near Tokio will shortly be opened under the direction of the British aviation instructors who recently arrived in Japan. The authorities of the training station have published a pamphlet which says in view of the infant stage of aeronautics in this country it has been decided to bring the imperial aerial forces to the level of those in foreign

Lewis Family Said to Be Clever Artists

The Lewis family which appears Sunday at the Strand Theatre in a musical feature embracing all forms of musical entertainment, fancy dancing, ventriloquism and fine singing are heralded by advance sheets of publicity from successful entertainments given in places where they have appeared before packed houses. This recommendation Manager White says, should be sufficient to guarantee Klamath Falls all the assurances they need relative to the booking he has made.

The two small Lewis children are actually "minor prodigies" in their wonderful musical ability and extremely cleverness on their feet. Children in many instances are approved by theatre patrons in their efforts to please but Manager White says the Lewis children are "different," as they are already finished musicians and thoroughly stage broke, placing them one notch higher than the ordinary child thespian.

The film which will be shown Sunday is one of Arthur Hornblow's human interest stories, "The Mask", featuring Hedda Nova, Jack Holt and little Mickey Moore. The theme in the story is wound about a woman who did not know her own husband and the difficulties which she experiences while "learning". This picture is in its sixth consecutive week in the Strand Theatre in New York and is a first release in Klamath Falls.

Win the Ford Sedan or \$800. The operator of the movie machine in this theater decided to play a joke on his audience, so he threw these 25 arranged "Movie" players' names on the screen.

To solve the Movie Puzzle all you are required to do is to rearrange the letters so that they will spell the correct actor's or actress' name. No. 1 is Max. Baer.

Probably you know the names of most of the famous players, but just to refresh your memory we mention below the names of a few of the most popular "movie" players:

ONLY 185 "POINTS" WINS AUTO

For each name that you arrange correctly you will receive 10 "Points" toward the FORD Sedan, or 100 "Points" in all. If you arrange all names correctly, you can gain 40 more "Points" by "Qualifying" your answer. That is, by proving that you have shown a copy of our paper, The Rural Weekly, to five people. The final 15 "Points" will be awarded by three judges on the neatness, style, handwriting and spelling of your answer.

The answer gaining 185 "Points" (which is the maximum) will win the FORD Sedan, or \$800 in cash. Second highest will win a \$200 diamond ring, and so on down the list of 25 big prizes. In case of a tie, both winners will receive same prize. Send your answer TODAY. As soon as your answer is received, samples will be sent FREE, to assist you in qualifying.
