prepared. Such is the project. Coal and salt mines and one of the best pasture lands in the world are said to be ready for use in the land which until recently has been to some extent under the rule of Baron Ungern and the Living Buddha. Lately, the Kokuminto party and a group of experts on Chinese affairs, so the Tokio press says, have taken up the work of making possible the exploitation of Mongolia. Takeki Inukai, president of the Kokuminto, Mitsuru Toyama, Hiro-yuki Tanaka and other China experts, have joined in organizing the Mongolian Society. At its first session it was decided to send Mr. Tanaka, who was made president, to Mongolia to persuade the Living Buddha's son to come here.

SULPHUR SOOTHE ITCHING SKIN
 The First Application Makes Skin Cool and Comfortable.
 If you are suffering from eczema or some other torturing, embarrassing skin trouble you may quickly be rid of it by using Mentho-Sulphur, declares a noted skin specialist.
 This sulphur preparation, because of its germ destroying properties,

COOKING ELECTRICALLY
 the ideal method
 Electrically equipped kitchens hold no terrors for the housewife. They are cool, cozy, and comfortable in the summer. They eliminate the drudgery, the grime and the nerve racking tension caused by wood stoves. The expense is surprisingly low. Let us tell you about it.

Nation's Bankers to See Calif. Parks

YOSEMITE, Cal., Sept. 24—Bankers of New York and Boston, while in California attending the national convention of the American Bankers' association at Los Angeles, will make a tour of the state late this month. It was announced here recently. The Yosemite National Park will be one of the points visited. Traveling in three special trains, the 400 members of the New York and Boston delegations will come west by way of Seattle and Vancouver and will arrive in San Francisco September 27. On the night of Sep-

tember 28 they will leave for Yosemite, and while here will visit Inspiration Point, Mariposa Big Trees, Glacier Point and will visit the several falls and other points to be seen on the floor of the valley. The Bankers will leave September 30 for Los Angeles, going by way of Del Monte and Santa Barbara. Special efforts will be made to impress upon the bankers that the Yosemite park is the only scenic national park open to tourists the year round.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed With Sulphur It Brings Back Its Beautiful Lustre At Once

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray, and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundredfold. Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two its natural color is restored, and it becomes thick, glossy and lustrous, and you appear years younger.—Adv.

EAT LESS MEAT IF BACK HURTS

Take a Glass of Salts to Flush Kidneys If Bladder Bothers You

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation. The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.—Adv.

BULGARIAN KING WANTS NO WAR

SOFIA, Bulgaria, Sept. 10. (By Mail)—King Boris, of Bulgaria declares that "peace and work" is the motto of his reign and a promise of the future prosperity of this country. "Neighboring peoples are storm-tossed," he said to The Associated Press. "Echoes of revolution and discontent sound distinctly across our frontiers and reach us in our wheat-fields where our peasants, absorbed in their tasks, turn a deaf ear to preachings of war and adventure. They are tired of war, I have seen war myself and learned to hate it. "We ask for a small army but it is only to protect the country from the disorders which outsiders are seeking to introduce. With such brilliant prospects ahead of Balkan pacification and development it is a mystery to us how people can say, as they do abroad, that we are at odds with our neighbors, are about to attack Greece or are organizing bands to provoke strife beyond our borders." King Boris, who speaks English fluently, has made a deep study of America and American conditions. He heard with pleasure that the city of New York intended to send him a work dealing with the birds and flowers of New York state. His majesty is an enthusiastic naturalist and has an extensive knowledge of American fauna and flora. In the royal parks and greenhouses he has gathered an exhaustive collection of American plants and flowers.

"It appears to me that the American nation is taking a growing interest in Balkan questions since the war, not only from an economical point of view, on account of the large American enterprises here but from a political one too," continued the young monarch. "That is an inestimable blessing both for the Balkans themselves and for the Near East as a whole. The interest taken by the great transatlantic republic, aloof from European and Oriental disputes and intrigues, is of great importance for peace in the Balkans. The humane conduct of America in the Thracian question aroused the liveliest gratitude in the hearts of our people. "The Bulgarian parliament felt it a privilege to make a gift of one of the best sites near Sofia for the erection of an American college. "Until now neither I nor my people have had an adequate opportunity for expressing their feeling of gratitude to the great American nation."

Japan Engineerin "Grab" In China

TOKIO, Sep. 19, (By Mail)—That Japan may improve her chances for the great desert of North China, Tokio politicians are fostering a plan to bring the son of the Living Buddha of Mongolia to Japan. Here in the friendly embraces of a great neighbor, the son of this powerful factor in Mongolian affairs may be taught regarding the history and achievements of Japan and in this way the road to a better understanding between Japan and the neighboring country of undeveloped wealth may be the better
