SOUTHERN CITY TO CELEBRATE ANNIVERSARY

BIRMINGHAM, Ala., Sept. 26.—Birmingham will celebrate its fiftieth anniversary Oct. 24 to 29 with an exposition and historical pageant depicting the development of the South's leading industrial city from the building of its first house in 1871. Today the city has almost reached a population of 200,000.

President Harding has arranged to visit Birmingham on this occasion, spending the entire day of Oct. 26 here. On his arrival he will ride at the head of a parade in which all the military units of the state will participate. His guard will consist of 1000 members of the American Legion in uniform.

Later in the day the President will be the chief speaker at the laying of the cornerstone of the new Masonic Temple here, which has been under construction for nearly a year and will cost \$1,000,000. The event will bring together members of the fraternity from all over the South, and a number of its dignitaries from beyond.

President Harding will also make an address at Birmingham-Southern College at exercises of welcome for the college's new head, Dr. Guy E. Snively.

The pageant will be a record of Birmingham's remarkable industrial development. Its chief episode will show the mining of coal, iron ore and limestone within sight of the steel plants of the city, fabrication of plates for shipbuilding, their transportation down the river to a subsidiary of Birmingham's steel industry that builds great ocean liners, which in turn carry the city's iron and steel all over the world. No other city, it is said here, equals this combination of favorable circumstance.

Other episodes will depict the faith of the pioneers in naming their village after the great English manufacturing center, their unshaken confidence after the crash of the first great boom, the acquisition of the Tennessee Coal Iron and Railroad Co. by the U. S. Steel Corporation at the time of the 1907 panic through the assistance of President Roosevelt, the ten year period starting with 1900 in which the city grew from 38,000 to 132,000 and its transition since 1910 from a source of raw materials to a manufactory of all kinds of finished iron and steel.

THE NEWSPAPER MAN

By EDGAR A. GUEST
(Dedicated to my friends, the newspaper men.)

Bit of priest and bit of sailor,
Bit of doctor and bit of tailor,
Bit of a lawyer and bit of detective,
Bit of a judge, for his work is corrective;
Cheering the living and soothing the dying,
Risking all things, even dare-devil flying,
True to his paper and true to his clan—
Just look him over, the newspaper man.

Sleep! There are times that he'll do with a little,
Work till his nerves and his temper are brittle;
Fire cannot daunt him, nor long hours disturb him,
Gold cannot buy him and threats cannot curb him;
Highbrow or lowbrow, your own speech he'll hand you,
Talk as you will to him, he'll understand you;
He'll go wherever another man can—
That is the way of the newspaper man.

Surgeon, if urgent the need be, you'll find him,
Ready to help, nor will dizziness blind him,
He'll give the ether and never once falter,
Say the last rites like a priest at the altar;
Gentle and kind with the weak and the weary,
Which is proved now and then when his keen eye grows teary,
Facing all things in life's curious plan—
That is the way of the newspaper man.

One night a week may he rest from his labor,
One night at home to be father and neighbor,
Just a few hours for his own bit of leisure,
All the rest's gazing at other men's pleasure,
All the rest's toiling, and yet he rejoices,
All the world is, and that men do, he voices—
Who knows a calling more glorious than
The day-by-day work of the newspaper man?

Soldier Grandson of Klamath Chief Is Buried with Honors

SILETZ, Or., Sept. 26.—The body of Private Paul Washington arrived here last Saturday and Sunday at the Methodist Episcopal church a short address was made by Rev. Walter Ross, pastor.

The funeral was a military one, conducted by the Alden Abbey post of the American Legion. At T. L. L. Lieutenant C. F. Lockwood had

charge of the firing squad and Ellwood Towner sounded taps. The services were largely attended by the people and ex-service men.

Paul was the son of Isaac and Emily Washington. He was the grandson of Eubchief Pushwash, one of the bravest of the Klamath warriors.

At the beginning of this year Canada had a total trades union membership of 373,842, a slight decrease from the figures of the preceding year.

Why Rob Your Home?

By doing without a Victrola, Piano or Playerpiano you are robbing your home of Music—one of the most enjoyable of home pleasures.

Many people carelessly say, "I can't afford a musical instrument," while in fact they can easily purchase one with the money they are practically throwing away.

When you know that nearly three years' time is given in which to complete the purchase of a piano or playerpiano, and as small an amount as three dollars a month for a good Victrola, you can readily figure the convenience of our purchase plan.

We get in this world just about what we plan, work and save for so there is no better time to look over our stock than "right now." The many sales being made each week is the best evidence to us that Quality, Low Prices and Terms do get the business.

Again we say: "WHY ROB YOUR HOME?"
