

BALL MAGNATES MEET TONIGHT

This evening at the offices of the California Oregon Power company, the managers of the city baseball league will meet in executive session to take up the final details of the remaining games of the season. The game for Sunday, October 1, will be a stunt program from beginning to end and during the game, the Klamath Falls band will render selections just as they did last Sunday.

The patrons of the game were highly pleased with the manner in which Director Fred Seelak and his musicians performed their part of the program and the concert on the streets was one which drew favorable comment from everybody who heard the playing. Another factor which the management of the league are thankful for is the drawing power of the music in the advertising of the games. Fully one-half of the people present Sunday went because a certain portion of the gate receipts were set aside to assist the band in the expense contracts during the past summer in the formulation steps of the organization.

Next Sunday, the city league management will pay over to the band another portion of the gate receipts and an appeal is made to all the people who desire to indirectly help finance the band to be present as a special musical program will be given.

The stunts which are under consideration among the baseball teams will be tug of war, ball throwing, batting, handicap race for players, circuit race about bases, high ball throw, and many other ball novelties.

The meeting tonight will take place at 8 o'clock and the players in the league are invited to attend the conferences.
