

DOPESTERS LOOK FOR EVEN GAME

"Play Ball" will be sounded on the local baseball diamond tomorrow afternoon at 2:30 o'clock for the last time in 1921, when the championship match between the Copco and Jewel teams will be played, the winner to receive the handsome silver loving cup donated by Glover and McDonald in the interest of amateur ball.

Extra interest in the event has been added by the training camps which will be tried out here in an official way for the first time. The records will be preserved. There are some classy players who, in the event that they appear in uniform and try out, will make astonishing records, and in the interest of the sport the managers of all the teams have asked the entire league membership to turn out tomorrow.

The baseball fans say that the game tomorrow will be decidedly interesting as a division of the players has been made and each side has had its weak points strengthened. Under such circumstances, the game promises to be nip and tuck. Betting has changed slightly, according to dopesters, who say that a bunch of Jewel money has caused the Copco supporters to halt in their claims that it is all Copco. Discussions of the lineup announced yesterday seem to bear out the opinions of the managers in their selection of material and the opinion of a majority of fans is that the game will be close when the ninth inning is ended.

REV. W. E. RAMBO AND WIFE HOME

PORTLAND, Oct. 1.—"The report of our death was much exaggerated," quotes the Rev. W. E. Rambo, who arrived in Portland with Mrs. Rambo Wednesday from the famine and war regions of Armenia and Turkey. Mr. and Mrs. Rambo were reported to have been massacred by the Turks last winter and during the several weeks before the report was discredited they were mourned by their many Oregon friends. Mr. Rambo explains his "death" as follows:

"Mrs. Rambo and myself were supposed to be the only Americans anywhere in the district of Aleppo. Two American men were slaughtered by the Turks. Their naked bodies were found with that of their native driver. When the cablegram came, stating that two Americans had been killed between Aleppo and Aintab, naturally it was supposed to have been the Rambos."

Lived in Africa
Rambo was pastor of First Christian church of Baker, assisted by Mrs. Rambo, who is also an ordained minister, before going into the Near East relief work two years ago. Prior to his Eastern Oregon pastorate, the Rambos established a mission in Africa, where they lived for many years.

When their three sons, Dr. Victor Rambo of Philadelphia, Philip of San Francisco, and Huber, a U. of O. boy who is now an Oregon City civil engineer, enlisted in the U. S. army, Mr. and Mrs. Rambo returned to

their homeland until their sons returned from service.

To Speak in State
They have now accepted a commission of a three months' speaking tour over the state in behalf of the Near East relief and will begin their work in Eastern Oregon.

The Rev. Mr. Rambo was pastor of the Klamath Falls Christian church for a couple of years, immediately preceding the present pastor, the Rev. C. F. Trimble. During Mr. and Mrs. Rambo's work in the Near East, their adventures were closely followed by many local friends, through correspondence. It is assumed that Mr. Rambo will speak in Klamath Falls during the state tour, but Mr. Trimble said today that no information on that point had yet been received.

Macdoel Planing Mill Is Running

DORRIS, Cal., Oct. 1.—Operation of the planing mill at Macdoel belonging to the defunct Peppers-Cotton Lumber company has been resumed under the management of J. A. Cheyene, president of the Pennsylvania Sash & Door company. It is thought extremely likely that this concern, which was already interested to considerable extent in the Peppers-Cotton Lumber company, will take over the mill, logging camp and railroad next spring as well as the planing mill.

W. R. C. TO MEET
The regular meeting of the Woman's Relief Corps will be held Monday afternoon at 2:30 in the Odd Fellows' building.

Answer These Important Questions

Have you ever had cause to doubt that you enjoy perfect vision? Do your eyes feel sore after a spell of close work—aching, smarting, or feeling as if sand or grit was lodged behind the lids?

Do you ever, while reading, find that the print suddenly "goes misty" and confused? Is it necessary for you to hold your book or newspaper further away from the eyes than formerly—or do you need a stronger light? Do you find that reading or sewing for an extra hour or two causes headaches?

If you have noticed any of these peculiarities with your eyes you should have them carefully examined. Call and see us at once.

Something New About Waffles

Waffles are even better than you thought they were! They are better because they are more evenly cooked, more easily cooked, more tastily cooked; and they are now baked, not fried. All these things are true if and when waffles are table-cooked on the new
