

The Office Cat

BY JUNIUS

The Morning After  
Last night we were happy.  
The world was ours,  
And we were all of us queens and kings.

Why never was seen  
Such enchanted bowers  
As we talked of love—and other things.

The morning after the night before,  
The glow has gone  
And we wonder why  
Such a large brown taste descends  
upon  
The tongues of such mortals  
As you and I.

The charm of last night  
And the bitter taste,  
Why is it the one doth follow the other?

I know not the answer  
So why waste  
Our time in trying to puzzle it,  
brother?

But just as night  
Does follow the day  
As surely as buds open into flowers  
You will find life go  
In this selfsame way  
In this twentieth century world of ours.

Ouch—Hogs are getting high-toned.  
I saw a load of 'em riding  
down Klamath Avenue in a motor truck.

Grouch—That's nothing. Our landlord rides around in a limousine.

A girl who married a man with a past usually is convinced her presence will make his future.

South Bend, Indiana dispatches tell of the arrest of a man for speeding. His name? Oh, yes. It was I. Rush.

A new auto trail is to be marked across the sand dunes. Sometime we will learn that it takes more than an emblem on a telegraph pole to make a good motor highway.

NEWS ITEMS—Sherman Wilcox had the misfortune to have a heifer break her leg Sunday in the pasture. Guy Smile recently had the same misfortune. Both were butchered.—Walton N. Y. Reporter.

The Buganist  
A June bug carried an anglerworm. An accident cut her in two. They charged the bug with bigamy. Now what could the poor thing do?

The Colonel Quits  
"Colonel, I hear you are a connoisseur?"  
"Heh?"  
"I hear you are an expert—a connoisseur."  
"Not any more. Take your stuff to a poison expert."

Thompson, the restaurant man, wants to stop the manufacture of revolvers. What we would like to stop is the serving of perfectly good coffee in cracked, gorm-filled cups in Thompson's restaurant.

Tillie Tellum states that Eve was the originator of the loose-leaf style of dress making.

New Veils Worn Upside Down

Certainly the world seems upside down if you are looking through the new veils. The latest things in feminine face covering, as shown by Lord & Taylor, have brilliant borders of gay garlands and vivid leaves, fruits and foliage splashed over them. They are worn upside down on the hats so that the embroidery looks like hat trimmings. The thin mesh part of the veil falls over the face.

Give Another Man a Job, Says Head of Kiwanis Club

CHICAGO, Oct. 5.—"Put one more man on the job," is the latest message of Harry E. Karr of Baltimore, president of the International Association of Kiwanis clubs, to that organization. He points out that inasmuch as every one of the 60,000 members of Kiwanis are owners of their own business or chief executives in prominent cor-

porations, they are in a position to relieve the present unemployment situation to no mean extent. Not only would the job receivers benefit, but the 200,000 people dependent upon them would be materially helped.

Mr. Karr thinks that there are very few employers in the country who cannot make some slight addition to their working forces.

MEAT INJURIOUS TO THE KIDNEYS

Take a Tablespoonful of Salts If Back Hurts or Bladder Bothers

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.—Adv.

SULPHUR SOOTHE ITCHING SKIN

The First Application Makes Skin Cool and Comfortable.

If you are suffering from eczema or some other torturing, embarrassing skin trouble you may quickly be rid of it by using Mentho-Sulphur, declares a noted skin specialist.

This sulphur preparation, because of its germ destroying properties, seldom fails to quickly subdue itching, even of fiery eczema. The first application makes the skin cool and comfortable. Rash and blotches are healed right up. Mentho-Sulphur is applied like any pleasant cold cream and is perfectly harmless. You can obtain a small jar from any good druggist.—adv.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed With Sulphur It Brings Back Its Beautiful Luster At Once

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray, and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundredfold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addi-

Wrong Ideas on Paint Economy

THERE'S one way to save on paint. That way is to use the best of paint.

Some think of paint economy as "cost per gallon." That is wrong. Cheap paint doesn't cover as much surface—you need more gallons.

Cheap paint is more difficult to spread, requires more labor, so the best paint costs no more when you've put it on the house than cheap paint does.

More than that, it lasts five or more years longer, if properly applied, while cheap paint on the average begins cracking in twelve months. Good paint is an investment that saves money by preventing deterioration of the house.

"Cheap" paint is the only paint that really costs you anything.

Don't allow surfaces to rot—it costs less to paint them.

We've made paints for western use for 72 years. We use pure PIONEER WHITE LEAD, pure linseed oil, zinc and color, but we mix them in scientific proportions with long-time skill.

Our white lead base must be fine enough to pass through a silk screen with 40,000 meshes to the square inch. That means covering capacity and ease of spreading. We super-purify the lead to make it "whiter," which means clear-toned colors.

The finished product on the house is a beautiful, elastic tough protective coating.

We call these paints "Fuller's Specification House Paints" because they are the very best made for the purpose.

Fuller's SPECIFICATION House Paints

Phoenix Pure Paint Pure Prepared Paint

Manufactured by W. P. Fuller & Co.

"Pure Prepared" and "Phoenix" are Fuller's Specifications for house painting. Get either and you have the best that anyone can make—long-service paints. WHERE TO BUY

THEM. These paints are important to you, so it's important to go to the right stores to get them. Agents' names and addresses are printed in the memo, coupon to the right. Cut it out and put it in your pocket now.

For All Exterior Jobs of Painting, It is Advisable to Secure the Services of a Master Painter

Free Advice on Painting

Cooking Electrically

the ideal method

Electrically equipped kitchens hold no terrors for the housewife. They are cool, cozy, and comfortable in the summer. They eliminate the drudgery, the grime and the nerve racking tension caused by wood stoves. The expense is surprisingly low. Let us tell you about it.
