

# THURSDAY'S LIST OF FAIR AWARDS

Judging of exhibits at the county fair yesterday covered sheep, hogs, dairy stock and some of the general exhibits. Much remains to be done today. The list below, said County Agent Thomas is accurate but incomplete.

Sheep growers, said Mr. Thomas, are well pleased with the results of the sheep show. This was the first year that anything like a representative display of sheep was shown. Standard classification was not used, and in consequence sheep of widely varying ages were competing in one class, and range and ranch raised sheep were in the same class. These and other faults of this year's classification will be remedied next year. On the whole, however, the showing made by the wool growers was excellent and they and the fair board are mutually appreciative of its good effect and of the helpful cooperation between both sides.

Following are awards of yesterday:

 A very curious method of courtship is adopted by the Zaparos, a tribe of South America. The love-stricken young man goes out hunting, and on his return throws his game at the feet of the woman on whom he has set his affections. If she takes up the game, lights the fire and commences to cook, he knows that his suit is accepted; if not, he knows he is rejected.

## TANLAC ACCOMPLISHES REMARKABLE RESULTS IN GEO. H. NICKELS CASE

**Prominent Wisconsin Man Says Tanlac Promptly Relieved Him of Bad Case of Stomach Trouble of Six Months Standing—Gains 27 Pounds and Feels Fine as a Fiddle.**

GEORGE H. NICKELS

It is an unquestionable fact that Tanlac is now being more widely endorsed by well known men and women than any other medicine on the American market. One of the latest to testify is George H. Nickels, well known lecturer, residing at 227 Wells street, Milwaukee, Wisconsin.

"Tanlac has not only completely restored my health, but I have actually gained 27 pounds in weight," said Mr. Nickels, in referring to the remarkable benefits he had derived from the medicine.

"For something over six months, my stomach was very badly disordered. I suffered terribly from indigestion and dyspepsia. At times I would be in great distress and I would invariably experience an uncomfortable bloated feeling for hours after eating. I had no appetite scarcely and the little I ate would often make me deathly sick. My head ached until I felt like it would burst and I was so nervous I trembled like a leaf. When I got up in the mornings, I was so weak and dizzy, I couldn't trust myself to walk around and I just hurt all over.

"Tanlac has brought about a wonderful change in my condition for I am now enjoying the very best of health. My appetite is splendid. I relish my meals. Everything agrees with me perfectly. The nervousness, headaches and dizzy spells are all gone and I never have an ache or pain. I am only too glad to tell others about the wonderful good Tanlac has done. It has no equal."

**SAGE TEA KEEPS YOUR HAIR DARK**

When Mixed With Sulphur It Brings Back Its Beautiful Lustre At Once

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. When it fades, turns gray, and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundredfold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two its natural color is restored, and it becomes thick, glossy and lustrous, and you appear years younger.—Adv.
