FRONT-FIVE CLIPS

NOVEMBER 8 SET FOR REFUNDING BOND ELECTION

The extensive paving program contemplated by the council has been abandoned and there will be no winter paving of any type laid except for repairs, the council decided last night in view of the existing \$65,000 indebtedness, owing for previous paving contracts. A caucus on the paving program was held early in the evening and abandonment of the program made almost immediately upon the council opening.

The city indebtedness consumed most of the council's time last night and preparations for special refunding bond issue election, which comes up November 8, were made in the selection of judges and clerks.

Five voting places were designated with the following judges:

First ward—Brown's carpenter shop. Judges: May J. Ankeny, Stella Sheets, Jessie B. Momyer. Clerks: Mary E. McLane and Mary R. McClure.

Second ward—city hall. Judges: W. S. Slough, Fred Buesing, Frank Ward; clerks, Mrs. R. E. Wattenburg, George Tugnot.

Third ward—Buesing's realty office. Judges, J. O. Beardsley, Margery J. Otterbein, Jennie E. Lindsay; Clerks, Mrs. W. D. Miller, Mrs. M. P. Evans.

Fourth ward—Mills Addition Hall. Judges: Maude R. Will, Enola E. Hawkins, Elizabeth A. Jordan; Clerks, Mrs. Mary Staube, Anna Hawkins.

Fifth ward—Charles De Lap's house, corner Upham and Worden. Judges, Jeff Wilson, Mrs. Fred Soule, J. C. Brocksbrough; Clerks, Mrs. J. C. Brocksbrough, Mrs. Dewense.

Councilman Hawkins offered an amendment to Section 810 of the charter providing for a refunding bond issue and the sums for which the bonds were to be issued, covering certain indebtedness, Klamath Falls Improvement bonds issued May 1, 1911, amounting to \$20,500, and bonds maturing on October 1, 1921, amounting to \$36,658.51. The charter amendment passed by a unanimous vote. A letter from the Lumberman's Trust company was read by Judge Leavitt and a blank contract received bidding 93 and accrued interest on the entire \$57,158.51 refunding bond issue. The bonds in the bid were to be dated November 1, 1921, and mature at the rate of \$5,000 annually from November 1, 1924, to November 1, 1936. The interest rate is 6 per cent, denomination of bonds \$500 and \$1,000 each, and interest payable semi-annually, May 1 and November 1.

S. P. Will Dike Marsh. Mr. Taylor, resident engineer of the Southern Pacific system at Dunsmuir was before the council last night with blue prints showing contemplated diking of Wantland avenue at two points where the overflow from the Hot Springs addition covers that section when wet weather sets in. The diking will be done before winter begins and the council were also notified that new plankings would be placed on the railroad crossings before winter, an improvement much needed, he said.

Residents of Mills Addition who are not on the sewer which is being constructed by the Lorenz brothers appeared before the council and requested to be included in the improvement. A district about 5 blocks would be much improved, they said, by being included in the program. Councilmen Hawkins, Vollmer and McCollum were appointed by the mayor to inspect the district and report findings at the next regular meeting.

Right of Way for Sewer. The Ewauna Box company offered the city an easement for a sewer right of way across their property from the Southern Pacific right of way, diagonally across the property to Lakh Ewauna, length 1008 feet, conditional that in case of overflow after the right was given the city would protect them from damages accruing from such overflow. The right to use the right of way for piling lumber was retained in the article. No

Chief Says He Will Stop Annoyance by Sidewalk Loiterers

Reports again are being turned into police headquarters that flitting and "mashing" is being done by a bunch of smart young men who annoy ladies passing by the McDonald poolroom, and also that much annoyance is being given passersby who try to thread their way through the bunch of men who collect there. Acting Chief of Police Ambrose says that the practice both of flitting and congregating at that point must stop.

"Any lady who is annoyed can get me on the telephone and I will come to her assistance at once and arrest the insulting party if she will appear in court the following day. I want that annoyance to stop and it must," the acting chief stated.

STATE WILL ASK DEATH PENALTY FOR BRUMFIELD

ROSEBURG, Oct. 11.—In opening the state's case before a jury, completed late yesterday afternoon to try Dr. Brumfield, District Attorney Neuner this morning in outlining the evidence upon which he hopes to convict the dentist for the murder of Dennis Russell declared, "the state is entitled to a verdict that will carry a death penalty."

Neuner spoke for an hour, touching frequently upon bloody phrases that blanched the face of Mrs. Brumfield, as she sat beside her husband. Brumfield on the other hand showed no worry.

Dexter Rice, the defense counsel, spoke fifteen minutes in a low earnest voice, urging the jurors, to "hold your mind open until you have heard the entire story, until you have heard witnesses cross examined, until you have heard the whole truth. Dr. Brumfield did not murder Dennis Russell, and the state cannot prove it. We shall have another defense than that of insanity, although this defendant was insane on July 13."

MISSIONARY MEETING. The postponed meeting of the Woman's Home and Foreign missionary society of the Emmanuel Baptist church, will be held Thursday at 2:30 p. m., at the home of Mrs. R. H. Bunnell.

The subject for study will be, "Japan, its needs and our opportunity." President, Mrs. J. H. Dickson will preside at the business session; and Mrs. H. C. Chamberlin will lead the study hour. Persons planning on attending should meet at the church, corner of 11th and High streets at 2:00 p. m., where cars will be waiting.

WEATHER REPORT. Oregon—Tonight and Wednesday, fair.

Hart Bros. To Build. Hart brothers of Sacramento appeared before the council and asked permission to start excavation on the lot at Seventh and Main street, also to remove the stork sewer which is under the Main street sidewalk. The excavation permit called for \$16,000. Permission was granted and the city will assist in the removal of the sewer to the extent of \$135. The plans call for excavation flush to the street for the new theatre building.

Permits to construct garages were granted to B. N. Lurn, Hot Springs Addition, cost \$40, and W. S. Slough, Ewauna Heights, frame garage, 18x22, cost \$40.

City Engineer Zumwalt stated that two culverts were found at Front and Sixth streets, one of which would take care of surface water near there providing ditches were dug. No action was taken on this matter.

The heating bill of the Klamath Heating company was allowed last night amounting to \$78.85. The meter showed that 34,000 pounds of steam was used in city heating. Council adjourned at 12:30 o'clock, Councilman Bogardus being the only absentee.

Kaempke Jury Fails To Agree; Retrial Set for December

The jury in the case of state against Fred Kaempke, charged with robbery of the Ewauna rooming house at 238 Oak street February 7, last, were unable to agree at 3 o'clock this morning and were called in and discharged by Judge Kuykendall. It is said that eight jurors hung out for conviction while four voted steadily for acquittal.

Bailiff Matson last night took the jury out for lunch at 1 o'clock, in the hope that after a good meal a decision would be reached, but the supper, it is said, only strengthened the divided sides on the question.

Judge Kuykendall set retrial of Kaempke for the first week in December. Two hung juries have resulted in the past two weeks, that of William Finch, charged with assault with intent to kill, and that of Kaempke.

A wedding dinner was served immediately after the ceremony at a table decorated with gladiolus and sweetpeas at which only the immediate relatives and friends of the couple were present after a wedding journey of six weeks to be spent in southern California. Mr. and Mrs. Sprague will return to La Grande to make their home.
