### Block Containing Prehistoric Hoof Prints is Stolen

Elmer Moore, a resident of Poe Valley was a caller in the offices of J. C. Rutene, a local lawyer and amateur archeologist, yesterday and reported that the lava stones, which he and his brother found a few years ago in the famous lava beds south of this city, containing the clear imprints of a prehistoric horse had been stolen from his residence in the valley and that he intended to recover them.

Moore says that the prints were about one half the size of the present day horse and thousands of years ago when the beds were in the molding stage, the animal must have unwittingly wandered into the beds before realizing where it was. The find was made a few years ago but the archeological value never realized until a conference with Mr. Rutene.

### Judge Threatened With Recall by Anonymous Writer

When the announcement was made by Judge Kuykendall, following the last outbreak of the county prisoners confined in the city jail, that in the future he would order county 'guests' sent over to Jacksonville for confinement, an anonymous letter was sent to the court that should he take such an action and pile up additional expense on the county, a petition would be circulated for his recall at once.

Should the writer of the letter be caught he is liable to prosecution for contempt of court.

"Should the court see fit to take precautionary measures against escapes of prisoners, it is entirely within its power to issue such an order," said Judge Kuykendall today.

### Old California and Nevada Mines Open

SACRAMENTO, Oct. 12.—A pronounced revival of activity in the gold mining fields of northern California and Nevada, where the 49ers once operated is being manifested, according to reports reaching this city, and most of it, it is believed, is due to the declining cost of materials used in gold mining operations. Reduced cost of labor also is a factor in the renewal of activity.

Within the last two weeks much work has been begun in the Mother lode district in Amador and Calaveras counties of California as well as in the Grass Valley district of this state. Nevada gold and silver mines both are showing signs of awakened interest.

### The Office Cat

BY JUNIUM

#### Up To Date.

"This morning" said the teacher of an early Sunday school class, "The subject of the lesson is Ruth the gleaner. Who can tell me anything about Ruth?"

A small boy raised his hand.

"Well, Willie," said the teacher encouragingly, "What do you know about Ruth?"

And Willie piped out in a small shrill little voice: "He cleaned up fifty nine home runs this season."

A great many people object to paying the amusement tax after they are disgusted instead of amused.

It's dollars to doughnuts that the husband of the woman who nurses a poodle leads more of a dog's life than the poodle.

In Real Life.

A voice called up the tube,

"I am Opportunity. I want Mr. Wampum."

"Next flat," sighed the man, and went back to figuring on his income tax.

Shine Bone?

Right on top of those energetic boot-blacks who are building a million dollar hotel with the proceeds of their brushes, comes the story of one David Boles of Greenwich, Conn., who got a good shine for \$2000 the other day by the simple expedient of using his shoe as a bank and forgetting to remove his roll when he sent the shoes out to be cleaned up. He shared somewhat in said clean-up himself.

We are dissatisfied with ourselves in meeting a man with less sense who earns more than we do—until we meet another man with more sense who earns less.

In future years, both parties will brag about winning the war, but it is doubtful if either will brag about the shipping board.

Po-me.

If none would hear

A lie would lack a handle; It needs both tongue and ear To make a scandal.

Roy Durbin says, "A man who does not advertise is like a blind man in a dark room looking for a black hat that isn't there."

Some dealers do not figure on what they ought to have, but what they can get consumers to pay.

Do you remember way back when there was nobody on your four-party line when you wanted to phone the missus you'd be home right away for dinner?

I ask you.

A woman will forgive her husband most anything but blurting out her age, says Al. Leavitt.

One time there was a fair young thing with bobbed hair and plucked eyebrows and everything who had two gempman friends—Daddies, as they call 'em now. One of them was an easy spender, loose as ashes. He

drew pay Saturday evening and had it all spent on the girl by Sunday evening—the usual thing you know, flowers motor rides, theatres, candy, all such. The other fellow never gave the girl anything but the light of his countenance. He was tighter than seventeen bootleggers, but he was reputed to have saved enough to pay the national debt of Patagonia. When the time came for Lizzie (Yop, her name was Lizzie) to make her Great decision she figured it this way: "If I get hooked up with this amateur Santa Claus, I will always be hungry because he will always be broke. He would willingly spend his last nickel on me, but a nickel will be all he will ever have to spend. On the other hand, if I marry the other bird I will never be able to pry ten cents out of him, and will go through life wearing cotton stockings and a martyred look."

So saying, she got a job in the laundry, gave both suitors the slip, and lived happily ever after.

### Import and Export Trade Decreases

WASHINGTON, D. C., Oct. 12—The department of commerce reported today that the values of imports and exports of merchandise had fallen off materially during the month of September and that September imports ran \$180,000,000, the lowest record of any month this year. No explanation is forthcoming from the department relative to the reason for the decided slump in the import line.

### AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.—Adv.

### WEAK, WEARY WOMEN

Learns the Cause of Daily Woes and End Them.

When the back aches and throbs. When housework is torture. When night brings no rest nor sleep.

When urinary disorders set in. Women's lot is a weary one.

Doan's Kidney Pills are for weak kidneys.

Have proved their worth in Klamath Falls.

This is one Klamath Falls woman's testimony.

Mrs. Dora Bruley, 911 Upham St., says: "I know the value of Doan's Kidney Pills and can't say too much for them. My kidneys were weak and I had such pains across my back that I could hardly do my housework. I became run down and tired easily, especially mornings. After I took cold the trouble was always worse and the action of my kidneys was irregular. Doan's soon stopped the backache, that tired worn out feeling left and my kidneys acted regularly."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Bruley had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Girls and women with sallow skins,

liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath,

others who are bothered with headaches,

bilious spells, acid stomach or constipation should begin this phosphated hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanse, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs.

We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

Women who desire to enhance the beauty of their complexion should just try this for a week and notice results.

## Cooking Electrically

the ideal method

**Electrically equipped kitchens hold no terrors for the housewife. They are cool, cozy, and comfortable in the summer. They eliminate the drudgery, the grime and the nerve racking tension caused by wood stoves. The expense is surprisingly low. Let us tell you about it.**
