

BOXERS HAVE MONTH TO GET INTO SHAPE

Interest is being manifested in the coming boxing tournament scheduled for November 12 at McDonald's hall and a number of tickets have been sold. D. H. Crump said last night to a number of fight fans who were asking about the coming event. "Bob Ross, one of the principals in the ten round go with Billy Huff of Chiloquin, is in training daily at the U and I hall, and knowing that Billy Huff is no slouch in the fighting game, Ross is endeavoring to get himself in the pink of condition for ten grueling rounds. Huff keeps himself in first class fighting condition and, for this event, will certainly be prepared better than usual."

Tickets have been placed on sale at nearly all the restaurants and poolhalls in this city, the prices ranging from \$2 to \$3, with war tax added. Crump says that the people who purchase tickets for seats in the balcony overlooking the ring will have an opportunity to see the fights far better than from the ground floor.

"Speaking of Bob Ross," Crump said, "Very few people know that he has been prominent in the fighting game, simply because he is working in this city. Ross has trinkets given to him by the English nobility for the part he took in the great sporting card put on abroad during the course of the great war. When international contests were made between fighters from France, Great Britain and America, Ross was runner up in the events just before a Great German offensive broke up the tournament and forced the postponement of the games until the German pressure on the lines could be relieved. The games were never resumed as the war came to a close and the men were sent to different parts of the world."

News came that Huff had started his training at Chiloquin this week and that he has been smoothing off the rough spots which were left after his last battle at Lakeview. The balance of the fighters in the preliminary and semi-windup are also doing road work, shadow boxing and other necessary work to round out for their battles. Twenty-eight days should put the boxers in the best of condition for the coming tournament and if they are not, well I'll be tremendously disappointed, but I am watching them closely and if they fail to make good before the card is pulled, I'll pull every man out for I have agreed with the boxing commission to give the public a first class card, and I intend to do so," Crump said.

Reiterates Advice That Local Hunters Keep Out of Calif.

Secretary W. W. McNeally of the Klamath Sportsmen's association again issued a call upon the hunters of this part of Oregon to refrain from trying their luck in California on any kind of game due to the fact that the California law forbids the transportation of the game back to this state. Despite the warning sent broadcast by him some three weeks ago this week two Klamath county men, James Stevenson and Bert Franklin of Merrill paid fines of \$50 each at Dorris when picked up by a California game warden at the time they were moving camp and as they said, did not intend to return home.

Secretary McNeally advises Oregon hunters not to try to fracture the law by seeking to evade the game wardens in California as it is almost useless. A system of espionage has been arranged on the border so that the wardens are notified when Oregon hunters go into California hunting grounds. Possibly some may get by but the chances are all against the majority.

No waiver of the California law can be secured to permit the Oregon hunters to bring home their kill until the California legislature goes into session this coming January, when there is a possibility that pressure may be brought to bear so that the law will be amended to permit interstate transportation.

The Oregon hunters are simply up against a stone wall at the present time and are downright foolish to try to evade the law. Stay

in Oregon where hunting can be done legally with no fear of arrest," Secretary McNeally advises.

Nimrods Awaiting Arrival of Water Fowl From North

Anxious eyes are being cast towards the north by sportsmen since the arrival of the first rain Thursday and conjectures made when the first big flight of the much desired duck and goose tribe will arrive in the marshes and lakes of Klamath country. A small flight of ducks and geese came last week from the north and the sports got numerous nice bags of both kinds of wildfowl. Quite number of geese were killed in the Main section but within the last few days, at sporting headquarters, the information has been that the geese have left but are replaced by an advance guard of northern ducks.

The main flight of geese, sportsmen say, will come some time during the latter part of this month when the first snows are taking place in Canada. The same condition prevails in regard to the ducks but they straggle in at all times until old Boreas begins raging severely, then they come with a rush, along with the honkers.

The deer hunters are taking advantage of the wet weather to try their skill. Within the last three days, over 50 hunters have purchased ammunition at the hardware stores, stating that they intended to leave for the woods. The season will end October 31 in District Two, which includes Klamath county.

K. C. H. S. Cohorts Have Safe Journey

Telephonic advices received last night by parents of pupils who went to Ashland with the football team are to the effect that they all arrived safely and that the local team is due for a stiff game this afternoon. The Ashland football coach has given his team a strenuous workout the past two weeks in an endeavor to regain the lost prestige which the heavier team suffered when the locals took them into camp here two weeks ago.

The rally was in course of celebration, the youngsters said, and the Ashland and Klamath rooters were making the streets ring with their respective cheers. Ashland had an awakening last night that it has not experienced this year. Despite the small number of rooters, Klamath county high school cheering was heard above all the "drowning" noises that Ashland rooters could make.

Eating With Sticks

Imagine trying to eat with two sticks held between the thumb and finger. The Chinese do this very nicely, though, and probably would find it very awkward to eat with knives and forks.

It is said that spectacles were used in China many hundreds of years ago, but they were very queer looking things compared to the modern, dressy eyeglasses we are showing.

And our methods of examining the eyes are thoroughly modern, too. It will be to your very decided advantage to call and see us if you are having trouble with your eyes.

MRS. ROSE M. BROWN GAINED 20 POUNDS IN FOUR WEEKS TIME

DECLARIES IT'S SIMPLY ASTONISHING TO SEE THE WONDERFUL BENEFITS SHE HAS DERIVED FROM TANLAC—SAYS TERRIBLE HEADACHES HAVE DISAPPEARED.

"It sounds unreasonable, but I have actually gained 20 pounds in less than a month's time by taking Tanlac and the wonderful benefit I have derived from the use of this medicine is simply astonishing," said Mrs. Rose M. Brown, 111 Third Street, Manchester, N. H.

"Why, I am so happy to be relieved of my troubles I can really never praise this medicine enough. Up to the time I began taking Tanlac, I suffered for something over two years with a very bad form of stomach trouble.

"My appetite was so poor I could scarcely eat a thing. My stomach would be so badly bloated with gas sometimes I was almost afraid to go to bed for fear I would actually smother. I felt tired and worn out most of the time and became terribly discouraged over my condition. I often had such violent headaches. I was unable to be out of bed for two or three days at a stretch.

"Four bottles of Tanlac completely restored my health and anyone can see at a glance the wonderful change that has taken place all. I want to tell everybody what this medicine has done for me."

Tanlac and Tanlac Vegetable Pills trouble has entirely disappeared. I

can eat just anything I want without ever feeling a sign of indigestion. The best of all, I am never bothered any more with headaches and this was the greatest relief of my condition. I have a splendid appetite now and the stomach trouble has entirely disappeared. I

Who Was It Said They're 'Poor Fish'

LOS ANGELES, Oct. 14—Old-fashioned fishing bait, the kind that turns swordfish's swords into corkscrews, is making the mouths of anglers off San Pedro light water these days following a tale told customs officers by Captain Adolph Adolphson, skipper of the schooner President. Real bonded liquor, 8624 quarts, was jettisoned in the path of travel between Los Angeles and Catalina, said Captain Adolphson. It was destined for Ensenada, Mexico, from Vancouver, but heavy weather was encountered off San Pedro light, and the wet cargo was consigned to Davy Jones to lighten the schooner so that it could be more dryly before the wind to safety.

Police Give Two Men Choice, Jail Or Leaving City

The police department has more than one reason for believing that Frank and George Redomie, brothers, claiming San Francisco as their home, arrived in this city for alleged evil purposes and after investigating them Thursday, the two men were taken into custody by Patrolmen McLaughlin and Durham last night.

At the police station the two men were searched and receipts for the manufacture of nearly every kind of liquor found on them. A telegram sent to some woman in San Francisco for \$50 was the basis for believing that the men planned manufacturing illicit liquor. The men were given 24 hours to get out of town and stay ent. They left yesterday.

Cooking Electrically

the ideal method

Electrically equipped kitchens hold no terrors for the housewife. They are cool, cozy, and comfortable in the summer. They eliminate the drudgery, the grime and the nerve racking tension caused by wood stoves. The expense is surprisingly low. Let us tell you about it.
