THE STRAND

"The Three Musketeers," one of the biggest motion picture productions ever filmed will be shown at the Strand for the last time tonight. In costuming, settings and acting, the play follows closely the lines of the Dumas romance and all who have read the great novel will be pleased by the screen reproduction. Daring D'Artagnan, burly Porthos, Aramis, the dandy, and the gigantic Athos, are most realistically portrayed.

The picture was enjoyed by large audiences during the continuous performance yesterday.

PROMOTERS GET TIP FROM SAM CLEMENS

BRIDGEPORT, Cal., Oct. 17.—Years ago Mark Twain wrote about the astringent qualities of the water in Mono Lake, Mono county, but it remained for later day Californians to remember what he had said about the minerals in this body of water. A company incorporated by Sacramento and San Francisco capitalists, has been formed to establish a plant to extract the salts from the water. The salts are said to be of use as washing powder, as a basis for shampoos and for other purposes.

DORRIS PERSONALS

DORRIS, Cal., Oct. 17.—A party composed of Roy Taber, J. F. Wise and Thomas Churchill returned last week-end from the Modoc Lava-Bed country after a few days hunt with three of the finest specimens of mule tail deer ever killed in this section. One huge buck looked more like an elk than a deer. His antlers will be a valued prize for the slayer.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a Glass of Salts If Your Back Hurts or Bladder Troubles You

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become over-worked with the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular or passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and can-
