LEARN TELEGRAPHY Having conducted a school of telegraphy in Baker City, Oregon, in 1918, with marked success to all concerned, I am contemplating starting such an institution in Klamath Falls.

I am desirous of obtaining the names of prospective students, to see if enough are interested to pay me to begin. Those enrolling at this time should be qualified to take positions made vacant by employes taking vacations next June and July.

It is very interesting work, and open to both men and women sixteen years of age or over.

All information can be had by calling at Local Western Union Office after 9 P. M.
