ANOTHER PORTLAND RESIDENT IS WONDERFULLY RESTORED AFTER ATTACK OF THE FLU.

"I wish it was in my power to put a bottle of Tanlac in the hands of every suffering man, woman and child, for I know it will make them well and strong just like it did me," said Mrs. F. R. Bussard, 1144 Ivon St., Portland, Ore.

"The 'Flu' left me in a very poor state of health, my stomach was all upset and my nerves almost shattered. My condition was just awful, and seemed to be getting worse all the time.

"This wonderful Tanlac was an untold blessing to me. I'm in better health and stronger now than even before I had the 'Flu.' Indeed, I never felt any better in my life. It is simply wonderful that a medicine could make such a big change in such a short time. Tanlac is just grand."

### BREAKING THE GRIP OF RHEUMATISM ON THE BODY

MONDAY HEALTH TALK NO. 8

The principle characteristic of rheumatism is pain. There is dull and continuous aching, with severity and sharpness at times. If the pain would stop for intervals it might be more bearable, but the fact that it is continuous is what makes rheumatism the most dreaded of diseases.

The cause is weakened functioning of the kidneys, due to displacement of spinal joints at what is known as "kidney place". This displacement causes pressure on the spinal nerves. Chiropractic spinal adjustments restore the spinal joints to alignment and with the pressure removed the kidneys act normally and the disease gradually clears.

Uncle Ben Sage: "The feller in a state of health, Nevvy, generally lives in the town of Don't Worry on the banks of the River Smile."

SUFFERED TWO YEARS, THEN FOUND HELP

"For two years prior to consulting a chiropractor I suffered with rheumatism. In August 1919 the pain was so intense that I was unable to move. After the first chiropractic spinal adjustment the pain ceased. I continued until December when I was discharged. I have been shoeing horses ever since." John Strauss, Chiropractic Research Bureau Statement No. 1285-R.
