"I AIN'T MAD AT NOBODY"

"Lotus Eaters."

Few flowers have been more identified with the world's history than the mysterious lotus of Egypt. The phrase "lotus eaters" is a common one in literature, and is used to describe those who live in a dream world. The food made from the dried seeds of the Egyptian variety seems to have had an effect similar to various opium products, and once in the clutch of the drug the lotus eaters forgot both past and family, and went mooning about, oblivious of demands made by society, kin, or even their own physical wants.

Non-Partisan Recall Is Successful in N. D.

FARGO, N. D., Oct. 29.—R. A. Nestos, independent candidate, is apparently successful in the recall election to oust Governor Lynn J. Frazier, non-partisan. Nestos had a lead of 21,944 today when 1,390 of the state's 2,099 precincts had reported the results of yesterday's balloting.
