Children, Coasting, Collide With Car; Not Badly Injured

Coasting down the Tenth street...
Loretta Howard, aged 5 years...
daughter of Mrs. Hamlin, 1130...
High street, and Betty Dickson...
aged 4, daughter of the Rev. and...
Mrs. J. H. Dickson, ran into an...
automobile, parked at the curb...
at the corner of Tenth and Main...
streets. They were bruised and...
shaken up but escaped serious...
injury. The Howard girl was un-...
conscious when taken from beneath...
the automobile, where the momen-...
tum of the coaster carried the small...
vehicle and its passengers, and it...
was feared she was seriously in-...

the coaster and was less severely...

CATHOLIC FAIR DELAYED WEEK

The Catholic Fair, which last Sep-...
tember was announced for Novem-...
ber 10, 11 and 12, has been post-...
poned for one week, and will be...
held on November 17, 18 and 19. It...
was announced today. The change...
was made out of courtesy to the...
American Legion, which expressed...
a desire to hold some events on...
the 11th and 12th, the former date...
being Armistice Day and one of...
special significance to that orga-...
nization. The postponement will...
only have the effect of increasing...
the number of articles that will...
be offered for sale and improving...
the plans already mapped out. Since...
this fair is to be an annual event...
there is more or less rivalry to...
make each succeeding one a...
bigger success than its predecess-...
ors, and those in charge of this...
year's event are working hard to...
set a high mark.

construction.

PORTLAND, Nov. 1.—Oregon...

CHAMBER OF COMMERCE

Following the custom that has...
damned the Chamber of Commerce...
for the past year, the present...
masters of the organization are...
pursuing their old policy of...
secrecy that foisted upon the...
people of the community the in-...
famous contract with the Amer-...
ican City Bureau.

Today it is secrecy in the mat-...
ter of selection of a successor to...
the failure that has held that...
position for the past year or so. No...
information is forthcoming from...
the Chamber as to who has ap-...
plied for the position nor who is...
being considered for the job and...
every effort to secure these names...
has met with failure.

Some weeks ago this paper took...
up with the directors of the...
Chamber the policy of secrecy...
adopted by the secretary and it...
was officially decreed that every...
proceeding of the chamber, whether...
by the directors, the members or...
the officers, should be open for...
publication, that the information...
was public property and that every...
facility should be afforded the...
Herald in gaining this information...
This is the first occasion since...
that time when anything of im-...
portance has been before the...
organization for consideration. In-...
stead of following the instructions

of the directors, the secretary has...
shrouded every move in the...
selection of a successor with an...
impenetrable veil of secrecy. The...
members have reason to ask why? The...
Herald believes that the reason is...
a desire upon the part of the...
present secretary to perpetuate his...
policy—policy that have killed the...
chamber so dead and loaded it...
down with a debt so heavy that it...
will take a real man to resurrect...
it, and he hasn't the brains nor...
the ability to select such an in-...
dividual. The day has passed when...
imported products can deliver the...
goods. If one is selected, then the...
directors had better hang crepe...
upon the door of the chamber of...
commerce.

Today an appeal is being sent...
out to the members to pay their...
dues. Don't you do it. Don't...
contribute another cent until you...
know who is to spend your money;...
until you know whether he is a...
man or a mouse; whether the orga-...
nization is to be run in the in-...
terest of Klamath Falls and...
Klamath County or the American...
City Bureau. The time is at hand...
to purge the organization of the...
foolishness that has controlled...
it for the past year, or recognize...
the fact that it has failed and...
let it go the way of its pre-...
decessors.

TOMORROW SEES DECISION UPON CULINARY WAGE

The conference held at the White...
Pelican hotel yesterday after-...
noon between representatives of the...
Culinary Alliance and Proprietors'...
association seemed one step...
nearer to settlement of the wage...
question raised last week.

Secretary McMillan of the...
alliance reported that the mem-...
bership of the local culinary...
union had in the Saturday meet-...
ing agreed to accept a 7 per cent...
reduction in all classes of work...
from chefs down to dishwashers...
and that the union was firm in...
its belief that 8 hours work in...
12 was sufficient and would not...
accept the 8 hour 15 clause...
proposed by the proprietors. Several...
members of the union spoke on...
this point and stated that each...
branch of the union had decided...
against the 8 hours in 15 clause...
and it was unanimously re-...
jected.

The proprietors stated that they...
were willing to suspend the 15...
day clause for negotiations and...
after the meeting last night, would...
be ready to deliver their formal...
answer to the wage scale for the...
 ensuing six months. The...
culinary union representatives...
stated that if the answer to the...
wage proposition was presented...
by Wednesday noon the matter...
would be satisfactory. The...
question was raised, as to...
whether the answer would be a...
definite one, and Ross Nickerson...
spokesman of the proprietors, in...
behalf of his association, stated...
that the answer would be a clear...
and definite one.

C. OF C. FORUM WILL DISCUSS BOND PROGRAM

The program for the forum...
tomorrow night at the chamber...
of commerce will deal again with...
the question of the \$65,000...
refunding bond special election...
on November 8 and Horace Man-...
ning, chairman of the speakers...
program, will deliver an address...
upon this vital subject which...
bears upon the question of...
Klamath Falls future bond issues...
should the disinterested voter...
fall to go to the polls on...
November 8 and vote "yes." The...
chamber has adopted a series...
of slogans and had them printed...
for distribution about the city...
and it is planned to have them...
scattered promiscuously about...
the forum tomorrow during...
Manning's talk to assist the...
speaker in bringing home the...
stern truth of the city's finan-...
cial situation. The slogans read...
"Save our city's credit, vote 'yes'."...
"This is our job—let's go." "Clear...
the way for Progress." "They are...
watching Klamath."

The principal speaker tomorrow...
will be Horace Sykes, deputy...
marshal from Salem, who will...
talk fifteen minutes upon the...
subject of how he finds condi-...
tions in this city during the...
annual fire inspection, also on...
the topic of "Fire Prevention."...
Sykes' address should be one...
that will interest every prop-...
erty owner in the city for at...
present, the Oregon Rating...
Bureau has notified Klamath...
Falls that the fire insurance...
rates were to be raised owing to...
alleged excessive losses here, claim-...
ing that the sum of \$1.25 is...

Fists Permissible In Indian Martial Discipline, Says Law

PORTLAND, Nov. 1.—Caveman...
affection among the Indians is...
tolerated by the United States...
government, provided no deadlier...
weapon than fists are used to...
administer caresses.

This fact became public Satur-...
day in the federal court when...
Assistant United States Attorney...
Austin F. Flegel told Federal...
Judge C. E. Wolverton that it is...
not a crime for an Indian to...
beat his wife.

McKinley Jackson, Klamath...
reservation redman, was arrested...
several months ago on a charge...
of assault and battery, after his...
wife's eye had been blackened...
and her nose battered until...
blood flowed freely. The United...
States commissioner at Klamath...
Falls bound Jackson to the...
federal grand jury in Portland...
but while preparing the evi-...
dence for the consideration of...
the grand jury Flegel found...
that Jackson had only used his...
fists on his wife and had there-...
fore not violated any federal...
law governing Indians.

"If he had used a club or any...
weapon, or had threatened to...
kill her, we would have had a...
case," Flegel commented.

LEGION CHEERS OLD LEADERS

General Pershing after formally...
welcoming Foch and the other...
allied commanders, praised the...
Legion's campaigns for American-...
ism and all kindred ideals. He...
also urged the legion to continue...
its efforts to bring into being...
a military force that would be...
representative of the people so...
that the country may escape...
unpreparedness in any future...
wars.

Hallowe'en Passes Without Vandalism

Hallow Eve was gloriously...
celebrated by the younger gen-...
eration last night and today...
a wholesale cleaning of windows...
in the business district took...
place. Almost all the windows...
along Main street were "soaped...
up," a few sidewalks ripped...
up on High street and a num-...
ber of small buildings turned...
over in the outlying districts...
by mischievous youngsters. The...
police were not called upon to...
quell any riotous bunches of...
vandals as in past years.

AMERICANS FREED BY MEXICAN BANDITS

WASHINGTON, Nov. 1.—Four...
Americans captured by Mexican...
bandits, who demanded twenty-...
five thousand pesos as ransom...
were released on the payment of...
five thousand pesos. This is...
according to advices received...
by the State department from...
Chihuahua.

\$100,000 FIRE AT SALEM

SALEM, Nov. 1.—Damage...
amounting to \$100,000 resulted...
from a fire of undetermined...
origin which early today...
destroyed the building and...
most of the stock of the...
wholesale firm of Showalter and...

jured.

ANNUAL DINNER PLANS LAID BY C OF C MEMBERS

The forum committee of the...
chamber of commerce met last...
night in the chamber rooms to...
talk over the plans for the...
annual community dinner, at...
which a program was outlined...
for the entertainment of 150...
out-of-town guests by 150 mem-...
bers of the organization. Plans...
similar to the program last...
year were adopted, differing...
only in slight respects.

The central idea of the...
community dinner this year...
will be in the assembling of...
all the resources of the...
county through representatives...
of the industries at present in...
operation. One principal...
speaker whose time will not be...
limited is to address the...
assembled guests, followed by...
two minute speakers from each...
of the following occupations:...
Indian service, Women's...
Auxiliary, Agriculture, Auto...
Association, Lumber, Live stock...
American Legion, Tourist, Na-...
tional Parks, National Forests...
Labor, Finance, Business, and...
the Schools.

The date for the dinner was...
not set last night. Secretary...
Stanley said today. The...
subject which the principal...
speaker will talk upon will be...
the "Accomplishments of the...
Past and the Outlook for the...
Future."

Salvation Army Contribution Falls Short of the Quota

Prizes for workers who sold...
the largest number of Salvation...
Army tags Saturday are ready...
for distribution at the Club...
Cafe.

The first prize, an...
agate ring, was won by Mrs. Louis...
Hoagland. Mrs. G. B. Coxad won...
second prize, a gold filled pen-...
cil; Miss Joan McDonald, third...
prize, a china plate, and Miss...
Eda Jones, fourth prize, a...
picture of Crater Lake.

The tag sale Saturday...
added about \$110 to the...
Salvation Army fund. Complete...
return for the campaign are...
not in but it is estimated...
that \$1,000 will be the...
minimum raised and the total...
may reach \$1,250. The county's...
quota is \$2,250.

While the campaign is...
formally closed, the workers...
have still to visit persons who...
asked them to return a...
second time and to canvass...
the local factories.

Grocers Decide to Discontinue Credit

With the exception of the...
Sunset grocery, which will...
still give 30 days' credit...
according to M. P. Evans, prop-...
rietor, local groceries today...
started business on a cash...
basis. The movement is in a...
measure concerted, although...
all the firms taking part are...
acting independently. It is...
said.

One firm which has been...
doing a large credit business...
is reported to have \$40,000...
outstanding, uncollectible...
at present in spite of their...
best efforts. Just how far...
this situation applies generally...
to the grocery trade is not...
known, but it is understood...
that the anxiety of wholesal-...
ers to protect their accounts...
is largely responsible for the...
cash basis.

One firm, which said its...
action was entirely independ-...
ent, said that the change...
would curtail operating...
cost to an extent that would...
make it possible to lower the...
cost to the consumer nine per...
cent.
