University Club Give Dance Friday

The newly formed University club, under the direction of its board of directors and social committee, is working out arrangements for an all university and college dance to be given on Friday at the White Pelican hotel. The dance will begin at 8:30 and every man or woman who has spent any time in an institution of higher learning is expected to be present to show their whole hearted support of the organization.

If seventy-five couples come out for the affair on Friday the success of the club will be determined. The board of directors promise that the good time furnished will repay any one the little effort it will take to come out. An effort will be made to obtain the Houston-Fitz orchestra, one of the popular dance orchestras in the city. The dance will be informal for both men and women.
