

Business Men Ureg Votes for the Bonds

(Continued from Page 1)

face the situation squarely and vote unanimously for the refunding bond issue November 8. Many expressed the opinion that there was a vast difference between a school director's election and the one coming up November 8—there should be a full vote of the people instead of only a few scattering votes here and there.

The man who refrains from voting is shirking his duty by the city he lives in, one supporter of the bond issue said.

O. D. Burke, vice president of the First National bank, said, "I say that it is absolutely necessary to vote November 8 to pay this debt contracted in good faith for we will have to pay it anyhow and it is the easiest way out of a bad hole. Whether our present condition is good or bad, the debt must be paid. I know if I were an owner of some of those bonds, I would sue the city of Klamath Falls to secure the money due me."

James Driscoll, insurance man, asserted, "The bond issue must go over. There is nothing else to do. Are we going to forget the future? Do we want to stop improving our city? I should say not. We are living in 1931, not in the medieval times when men ate with their fingers and growled while they ate."

Joe Ward, realty dealer—"I see but one way, to go through and vote for them. I see no argument. It is an absolute necessity; for our development; for the city's credit; to protect past investments of the city as well as the future. The last bond issue should have gone over."

E. E. Magee, Underwood's Pharmacy—"I am in favor of voting refunding bonds and proceeding to collect the delinquent taxes. I see no reason why the penalty for delinquency should not be enforced by the city. The bond issue should be put over."

Ross Nickerson, proprietor Rex Cafe—"I favor the refunding bond issue and will vote for it, but I think that the people who are delinquent should be given longer than a year to pay up, for it will take most of us this and all of next year and possibly until 1933 to get on our financial legs and liquidate. I sure want to see the bond issue go over."

T. L. Stanley, secretary, chamber of commerce—"It is absolutely essential to carry the refunding bond issue if Klamath Falls wishes to continue to be a progressive city and look to the outside world for credit. It is necessary that the citizens here lay down all personal grudges and prejudices and vote "Yes" on the subject. In the first place, the bonding houses would be justified to put on a tax levy at once to collect their money."

IF KIDNEYS ACT BAD TAKE SALTS

Says Bachache Is Sign You Have Been Eating too Much Meat.

When you awake up with bachache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, also you have bachache, dizzy spells; your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

William Marx, attorney—"By all means sustain the credit of our city by voting "Yes" at the special election. If the issue fails to carry, our financial credit for future improvements abroad is blasted."

Dr. L. D. Gass—"Knowing little as I do about it, I feel that we should pay our community debts as we do our private ones. I am going to vote "Yes" as it is the only logical action to take."

WINTER CLOVES SURVEY JUNEAU, Alaska, Nov. 2.—Five United States government survey parties who have been working in various parts of Alaska are now closing their work and leaving for the winter. Many of the surveyors will winter here.

One party has been in the Mount McKinley National Park setting out park boundaries. During the last year a total of 88 miles of boundary was run out. The second party has been on the Richardson highway, south of Fairbanks, the third has been running lines in the Cold Bay oil district, the fourth at Yagataga Beach and Cordova and the fifth on the Kodiak Peninsula.

ITCHING ECZEMA DRIED RIGHT UP WITH SULPHUR

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment and disfigurement. Sufferers from skin trouble should get a little jar of Mentho-Sulphur from any good druggist and use it like a cold cream.—Adv.

Hot Water Each Morning Puts Roses in Your Cheeks

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

TWO AUTOISTS KILLED WHEN CAR LEAVES BRIDGE OAKLAND, Calif., Nov. 1.—Louis C. Segil, of Oakland, California, was killed early today and L. Clark Rogers, of San Francisco, was injured when they plunged from the approach to a bridge here while making an endurance run from Portland to San Francisco.

BRIDGE ACROSS ALASKAN RIVER IS CONTEMPLATED NENANA, Alaska, Nov. 2.—Construction of a wooden bridge for the government railroad across the Nenana river here has been decided upon by officials of the Alaska Engineering Commission, which is directing the railroad work. A steel bridge was planned originally but at present there are funds on hand sufficient only for a wooden structure.

Bridging of the Nenana river here will put Nenana in direct communication with territory to the south, including the Lignite coal fields.

AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.—Adv.

How to Paint "Home Things"— Chairs, Tables, Bric-a-brac, Etc.

WE furnish detailed advice on varnishing, enameling and refinishing your own furniture, etc., free to you who cannot get a painter and would like to do such work yourself.

We tell you exactly how to do it. What kind of varnish, enamel or stain to use. What kind of brush and all else that you need to know.

"Just a can of paint or varnish and a little work that's fun" will work wonders with furniture and bric-a-brac that's old only on the surface.

We make a special line of varnishes, enamels, and like materials for you to use yourself.

They spread easily, dry perfectly and give every desired result.

We are one of the world's largest manufacturers of paint products and make the very finest kind of goods.

Let our 72 years' experience aid you in the work you have to do. Follow Fuller Specifications and you'll get the right effects—depend on that.

Don't think you can't do work like this simply because you haven't ever done it. Try it with our help, and see how delighted you will be. Learn what fun it is.

Decorat Varnish Stains
