MAY YET SHOW CHAMPIONSHIP FIGHT PICTURES

PORTLAND, Ore., Nov. 7.—Motion pictures of the Dempsey-Carpentier fight will likely be brought here soon and will be shown here providing viewers find that the film conforms to the city ordinance, according to word given out this morning by Gus A. Metzger, a member of the motion picture board of censors.

The pictures have been displayed in several cities and states and are now showing in Seattle, according to Metzger. It is said that the film will probably be brought into Oregon by some exhibitor who is willing to run the risk of arrest and fine by the government under the interstate commerce act, prohibiting transportation of pictures of prize fights between states.

Once brought into a state the government has no jurisdiction to prevent future showings within the state, Metzger said.

Burglar Wanted to "Crack" City Safe

WENDLETON, Ore., Nov. 7.—This town is looking for a professional crackman and the "glad hand" will be extended to one who can guarantee to open the safe in the city hall, where for five years or more documents that are now badly needed have reposed. During that time the combination has rusted and the tumblers fail to respond. Hence the urgent need of a past master in the art of crackmanship.

WORRIED ABOUT HER DAUGHTER

PORTLAND CHILD WAS WEAK AND PUNY—IS NOW THE PICTURE OF HEALTH.

"Tanlac must be a wonderful medicine to do what it has for my little six-year old daughter," said Mrs. S. P. Temple, who resides at 464 East Clay St., Portland, Oregon, recently. "Maxine had been suffering from loss of appetite for a year or more. Nothing seemed to agree with her and it's a mystery to me how she lived on the little she would eat. Her kidneys were disordered and weak, too, and she was so thin, pale and puny looking that I was uneasy about her all the time. She was dull and languid all the time and never wanted to get out and play like other children.

"Well, my dad had been helped so much by Tanlac that we all think it the grandest medicine in the world. I didn't know of course how it would act on my little girl, but I had her take a bottle anyway and it is simply astonishing how it has brought her out. She eats like a pig, everything agrees with her and she no longer looks or acts like the same child. Her kidneys are in much better condition, too, and she is just bubbling over with energy. Why, she's out at play all the time, I just can't keep her in the house. I am so thankful to see my little girl so healthy and hearty that I just can't praise Tanlac enough."

Tanlac and Tanlac Vegetable Pills are sold by druggists everywhere.

GOD'S BEST GIFT IS A HEALTHFUL BABY

MONDAY HEALTH TALK NO. 10

A divorce court judge is credited with saying that where the patter of baby feet is heard in the home there is an interest which builds homes and character and citizenship and happiness.

A baby comes into the world quite often under circumstances that cause disturbance to spinal alignment. It is not necessary to describe these circumstances. It may result in continual drooping as was the case of a baby one side of whose mouth was paralyzed so that it could not close its lips. It may result in almost any form of chronic weakness. As soon as such weakness becomes apparent, the chiropractor should be called that the spine may be restored to proper alignment and the baby's life develop normally.

PORTLAND.—That the Federal Reserve Bank of San Francisco is using strong-arm method, in endeavoring to force the State Bank of Brookings and other similar institutions to exchange checks at par was a charge made by attorneys for the small bank in a suit for an injunction, before Judge Wolverton in the federal court.

USED PIANOS are scarce but we now have several that look better than this picture. Low terms, so better look them over. EARL SHEPHERD CO. 507 MAIN ST.

UNCLE BEN SAYS

"Nevvy, you seldom find a healthy feller who wants to live like a millionaire at rest."

HEALTH FOLLOWS CHIROPRACTIC CORRECTS PRESSURE ON SPINAL NERVES IN DISEASES OF THE FOLLOWING ORGANS: HEAD, EYES, EARS, NOSE, THROAT, ARMS, HEART, LUNGS, LIVER, STOMACH, PANCREAS, SPLEEN, KIDNEYS, BOWELS, APPENDIX, BLADDER, LOWER LIMBS. THE LOWER NERVE UNDER THE MAGNIFYING GLASS IS PINCHED BY A MISALIGNED JOINT. PINCHED NERVES CANNOT TRANSMIT HEALTHFUL IMPULSES. CHIROPRACTIC ADJUSTING REMOVES THE PRESSURE. THE UPPER NERVE IS FREER AS NATURE INTENDS.

BABY COULDN'T TALK AT THREE

"Nettie Wolter is my infant daughter. At the age of three years and eight months she was unable to talk, and from her condition we thought she would never talk. November 28, 1919, I consulted a chiropractor. He discovered the child suffered from a serious misalignment of the uppermost vertebra of the neck. After two weeks the child began to repeat words. June 10, 1920, her ability to talk was as fluent as that of other children her age and she was discharged. She has been normal since." Mrs. Augusta Wolter, Chiropractic Research Bureau Statement No. 1284.

IT IS UP TO THE LEVEL HEADED, THINKING PEOPLE OF THIS CITY TO STUDY CAREFULLY THE QUESTION WHICH IS BEFORE US TOMORROW, IN THE NATURE OF A REFUNDING BOND ISSUE.

Is the city's credit to be impaired and progress entirely suspended by our answer at the polls? Certainly not! Especially when it costs the city nothing to extend the time limit on unpaid paving liens.

Unfortunately, the property affected has not been a paying investment during the past few years. The future progress of this city will undoubtedly change this situation. Progress which we cannot hope to enjoy with impaired credit. Our obligations must be paid one way or another. The fact remains,

THEY MUST BE PAID!

Let's give the property owner another chance to pay his own obligations.

Have you listened to the few who are opposing the question of rebonding? If so, isn't it a fact they oppose most everything else which tends to further progress? You are vitally interested in the upbuilding of this city. So are we. It isn't a matter of how you vote, for we are confident you will vote right; but rather, are you going to help put this over big and by doing so show the outside world Klamath Falls does and will pay her obligations without being forced to do so.

IS IT A MATTER OF FAITH IN THE FUTURE OF KLAMATH FALLS?

Columbus, crossing the stormy ocean in search of land, held his mutinous crew to the task long after they had lost faith—and gave to the world a new hemisphere. You will have the opportunity next Tuesday to give to Southern Oregon a new city in the not distant future by voting "Yes" on the refunding bond issue.

Washington, defeated, discredited, almost wholly deserted by his followers, kept faith in himself and in the cause—and gave to America a new liberty.

You will have the opportunity tomorrow of placing Klamath Falls in the enviable position she occupied five years ago, by voting "Yes" on the refunding bond issue.

Lincoln, during the dark hours of our Civil War was the most despised and cruelly abused statesman our country has ever known. Yet he carried his great work to success "with malice toward none" and "charity to all."

The election next Tuesday is not a fight, but simply solving the problem of a financial difficulty, the solving of which is sure to bring a greater prosperity to this community.

Grant, savagely attacked by his own generals, accused of drunkenness and utter lack of ability, said nothing, but fought it out on his own line to victory. Grant's generals were unable to look into the future. They could see nothing but the immediate present. This city has a wonderful future if properly guided. It is your duty as a citizen to look forward to the future prosperity of this city and to assist in carefully guarding her credit.

The first step toward accomplishing this aim is to vote "Yes" on issuing refunding bonds tomorrow, November 8th. This is not our cause any more than it is your cause. It is of vital interest to every citizen. Let each one of us be able to say next Wednesday morning, "We put the refunding bond issue over in Klamath style."
