YANKEE PLANS FORMED FOR DISARMAMENT

WASHINGTON, Nov. 9.—It is pretty generally understood here that the American representatives to the disarmament conference have settled upon a well defined plan or formula for disarmament.

It is a foregone conclusion, however, that no advance outline of the American attitude and suggestions as to ways and means of limitation of naval armaments will be given, formally or informally, to other delegations prior to the assembling of the international conference.

Today there will be held the first session of the Advisory Committee appointed by President Harding to assist the American delegation.

ELK BOWLERS TO START THE WINTER GAMES

The winter bowling season of the Elks is soon to start and an expert from the Brunswick-Balke Colender factory is here now, preparing the alleys.

The alleys were installed three years ago and were quite popular with the membership, play being indulged in daily, summer and winter.

A tie game still holds from the play of last year, the teams, Burge Mason and Mike Lavenick, T. J. Watters and Harry Ackley, vying with each other to gain the mastery.

T. J. Watters still claims to be the best left handed bowler in Klamath county and issues a challenge to any Elk who can compete in a left handed match.

The record of the local Elk teams has been very good, Medford Elks falling before the local bowlers each time they have played. Klamath Falls was considered a strong contender in the Pacific Coast Bowling tournament at Oakland, California, a year ago.

Second Entertainment Elk's Lyceum Course

The second entertainment of the Meneley Lyceum course will take place this evening at the Elks club at 8:15 o'clock, at which time Glenn L. Morris, an electrical wizard, will demonstrate the many interesting virtues of the great force, electricity.

Morris has an unusual repertoire and conducts experiments which are wonderful even to the people who daily handle electricity in commercial life. The uses to which Morris puts it are "freakish" and the equipment carried for the demonstrations is greater than many first class universities have for their laboratory work.

HEAVY TOURIST TRAVEL IS PREDICTED

SEATTLE, Nov. 9.—"The tourist season for 1922 is likely to be the greatest in the history of the Pacific Northwest, or at least equal to the banner year of 1920," is the assertion of Herbert Cuthbert, Secretary of the Pacific Northwest Tourist Association, who has just returned from addressing the Kiwanis Club of Vancouver, B. WANT LEGION TO PROBE WATSON'S ARMY ATTACK

WASHINGTON, Nov. 9.—The American Legion has been asked by the War Department today to lend its assistance in obtaining all facts relating to the charges made by Senator Watson of Georgia that soldiers were frequently shot and hanged without court martial during the war.

Secretary Weeks addressed his appeal to Hanford MacNider, Commander of the American Legion.

A telegram from a Lansing, Mich., soldier said the writer saw two "Yanks hung without trial." Another letter, Senator Watson said, "shows how men were shot down because they fell exhausted from long marches."

The meeting, scheduled today, of the special committee appointed to investigate Senator Watson's charges was postponed for a day or two because of the Senator's attendance on the tax bill.
