The FACE OF THE WORLD

An *Irvin U. Willat* PRODUCTION

From the great story by **JOHAN BOJER**, featuring Edward Hearn and Barbara Bedford

Produced by WILLAT PRODUCTIONS INC. E.A. WILLAT Pres.

A great shout arose from the crowd below! The young surgeon had carried his unconscious patient from the operating table to the flame-wreathed window of the burning hospital. Alone and unassisted he had completed a delicate operation in spite of the fire that raged around him.

It's one of the most realistic and thrilling rescues ever filmed. And it's only one of a series of big moments that make "The Face of the World" the most remarkable picture you have ever seen.

I guarantee Hodkinson Features on a money back basis.
