AT THE STRAND

The attraction at the Strand theatre tonight is one that will delight those who enjoy the weird mysticisims of the far east. In the "Palace of Many Windows," many of the scenes are laid in cities of the Orient where mysticism abounds and in the course of unraveling the plot of the play, the spectator is carried to the four quarters of the globe. Claire Anderson, who is said to be one of the most beautiful as well as perfectly formed women ever seen on the silver screen, and who is credited with surpassing Nazimova, carries alfalfa crop, will no doubt find its the title role.

On Sunday there is an extraordinary attraction booked, in the presentation of Enid Bennett in Irving Bat- Sunday. cheller's latest screen production "Keeping Up With Lizzie." This is a first release picture, and will be presented here even before it is seen in San Francisco, where it is booked for the week following.

LET'S make this perfectly clear. Chesterfield cigarettes "Satisfy," because they contain exceptionally fine Turkish tobaccos, blended with Burley and other high-grade Domestic tobaccos. They're like no other cigarettes, because that blend can't be copied. Chesterfields do what no others can—and no cigarette could do mora.
