PRICE FIVE CENTS

ARBUCKLE JURY DEADLOCKED; DISCHARGED

Ten for Acquittal and Two for Conviction After 2 Days' Deliberation

NEW TRIAL FOR FATTY

He Will Have to Face Another Trial, Which Is Scheduled for January 9th

SAN FRANCISCO, Dec. 5.—After being out more than forty-eight hours, the jury empaneled to try Roscoe Arbuckle, on the charge of manslaughter, in connection with the death of Virginia Rappe, were unable to agree, and at noon yesterday were discharged.

It was reported that on the last ballot there were ten who voted in favor of acquittal and two for conviction. The jury had been out since Friday afternoon at 4:15 o'clock. While their deliberations, under the law, are secret, enough has leaked out to give color to the report that the women on the jury were about equally divided for acquittal and conviction.

The district attorney's office announced that Arbuckle will again be placed on trial on January 9th.

WILY JAPS STAND BEHIND ARMS DELEGATES

A dispatch from Tokio says a body of Japanese publicists, including members of the two houses of the Imperial Diet, university professors, scholars, prominent publicists, journalists, business men and others, contemplates organization of an association for the purpose of directing the nation's sentiment toward the Washington conference.

The association will remain in existence throughout the session of the conference and will strive to support the attitude of the Japanese delegates. Efforts will be made to mould opinions along the following lines:

To insist on the prohibition of racial discriminatory treatment;

To insist on the prohibition of new defense work on the islands in the Pacific which is calculated to form a threat to other countries;

To insist on the maintenance of the previously concluded treaties and agreements in existence among the powers and already accomplished facts and to oppose the idea of international control of China.

"DITCH" MOONSHINE WHEN POLICE MAKE ARREST

Garry Harlow of 10 Main street, last night tried to destroy the evidence, a bottle of "moonshine," when a police department raiding force descended on his place. When Harlow saw the police coming he made a dash for the lavatory, seized a bottle from a shelf and smashed it.

The police recovered the neck of the bottle and a small quantity of the liquor, and this will be used as evidence in the arraignment scheduled for this afternoon in the U. S. commissioner's office.

This is the first raid, Wilson said, where the moonshiner managed to beat them to the evidence, and may necessitate equipping the police with sponges for future raids.

REACH HIGH WATER MARK IN O. A. C. ENROLLMENT

CORVALLIS, Dec. 5.—The 3,000 mark was reached at the Oregon Agricultural college with the registration of Halbert L. Bernhardt of Florence. This is a record enrollment, being 325 more than the registration figure—3,075—for the same time last year.

WEATHER PROBABILITIES

The barometric pressure, as recorded by the Cyclo-Stormograph at Underwood's Pharmacy, has dropped rather rapidly since yesterday noon, but it is still well above the "storm" area and no decided change is looked for in the next 24 hours. Saturday, at noon, the pressure reached 31.06, an extraordinary "high" for this locality.

Forecast for next 24 hours: Fair; probably a little warmer. The Tros recording thermometer registered the following maximum and minimum temperatures today:

High 41
Low 24

NO INCREASE IN IRRIGATED ACREAGE

A. L. Wishard, secretary of the Klamath Irrigation district returned Saturday night from the meeting of representatives of the various irrigation projects, recently held in Billings, Montana, and the Irrigation Conference held in Salt Lake City. He states that a feeling of optimism was prevalent at both meetings, the consensus of opinion being that next year was going to be one of the most prosperous for the northwest in its history.

Referring to the meeting of the directors of the local district, which will be held tomorrow afternoon, Mr. Wishard stated that there must be some misunderstanding relative to the charge of \$5 per acre, which was the subject of an article in Saturday's Herald, the information for which was furnished by Director Bradbury.

"As the roll stands now," Secretary Wishard stated today, "the highest average charge for 1922 will be \$3.22 per acre. This will be on some lands in the first unit. Lands in some of the other units will not have to pay so much. The charge being based on the period of time that has elapsed since they began paying. This \$3.22 is divided as follows: Building charge, \$1.05; operation and maintenance, \$1.75; district charge, 10¢; total \$2.93; add 10¢ to provide for delinquencies, and you have a grand total of \$3.22. This is what the roll from which the collections are to be made by the sheriff shows."

HARDING WILL READ MESSAGE IN PERSON

WASHINGTON, Dec. 5.—The sixty-seventh congress was convened to day and began its regular session which it is thought will continue into next summer.

It was announced that the house of representatives and the senate would meet in joint session tomorrow to hear the message of President Harding, the executive having announced that he would appear and deliver his annual message in person.

RECKLESS DRIVER SMASHES TAXI

An unknown driver of a Ford car last night at Eleventh and Main street attempted to pass one of the Upp auto service cars without sounding a warning horn and in order not to strike the "deadman" in the center of the intersection, crowded on speed and ploughed into the taxi car. The cars were not overturned but the impact was such that the fenders and lighting system of the taxi were smashed and damaged to the extent of \$50.

Upp's driver stated that the car which crashed into them did not stop after hitting them but put on speed and disappeared in the direction of the White Pelican hotel.

ELK MEMORIAL SERVICES WELL ATTENDED

Taking advantage of the fact that J. Otto Fritz, famous as a band leader, is likely to make his home in this city, the Elks, of which he is a member, are making a determined effort to organize a band.

With this purpose in view a meeting will be held this evening in the Elks temple at 8 o'clock, to which a general invitation is extended to all who might be interested in the movement.

LITTLE DAUGHTER COMES TO MR. AND MRS. J. H. DAGGETT

Mr. and Mrs. Junior Daggett are receiving congratulations on the birth of a little daughter, Elizabeth Ann, this morning at their home, 103 Washington street. The little girl weighed 8 pounds, and according to Dr. George I. Wright, who was in attendance, both mother and daughter are doing nicely.

FINCH TRIAL BEGUN

The trial of William Finch, accused of shooting at Louis Boldischar, cashier of the Main bank, was begun before Judge Kuykendall this morning. The greater part of the day was taken up in the selection of a jury. This is the second trial of the case, the first trial resulting in a "hung jury."

IRISH PEACE NEGOTIATIONS BREAK DOWN

British Will Again Have Recourse to Military to Maintain Order

RUPTURE IS COMPLETE

Resumption of Riots and Encounters Between Sinn Fein and Soldiers Is Probable

LONDON, Dec. 5.—Irish peace negotiations have broken down, according to statements from responsible quarters, and the Sinn Fein delegates are expected to return finally to Ireland tomorrow or on Wednesday.

Lloyd George explained the situation to the King, after which the British peace representatives met. This was followed by a meeting of the cabinet. If there are no further developments, the British position will be thrown back to the stand taken five months ago, that British law must be maintained in Ireland, even though the use of military is necessary.

The immediate effect of the suspension of peace negotiations will in all probability result in a resumption of the riots and the encounters between the police, constabulary and the Sinn Fein, which ceased to a very large extent while the peace negotiations were pending.

ANOTHER CONFERENCE BEING HELD ON IRISH PEACE

LONDON, Dec. 5. (2:30 p. m.)—New proposals on the Irish question were discussed at a conference today between government representatives, the latter to give a reply tonight.

STRIKEBREAKERS TO BE USED BY PACKING HOUSES

CHICAGO, Dec. 5.—Packers in the fifteen middle west packing centers are preparing to use non-union men to take the place of strikers.

The "Big Five" have declared that the organized workers represented less than five per cent of the employees. Union leaders insist they have the support of over half the workers.

WORLD SERIES PROFIT LOST TO BABE RUTH

CHICAGO, Dec. 5.—Babe Ruth's share in the world series has been declared forfeited and Ruth has been suspended until May 22, 1922, by Commissioner Landis for participating in a post-season barnstorming tour.

"SAFETY WEEK" PROMOTION AMONG SCHOOL CHILDREN

The local school authorities are interesting themselves in the promotion of "Safety Week" beginning next Monday, and all students have been invited to write a short thesis on the promotion of personal safety rules. The subjects to be used are broad in scope and cover the action of a child in protecting itself from dangers attendant on going to school, crossing dangerous street intersections and railroad crossings. Ten prizes of \$1 each will be given to the best ten theses on the subject, the money being donated by the Automobile Association and the chamber of commerce.

FIVE PLEAD TO GRAND JURY INDICTMENTS

Before the criminal docket was called in the circuit court this morning, five persons arrested on grand jury indictments were arraigned before Judge Kuykendall to make pleas.

Blanch Turner and Jessie Eckwall, charged with larceny from a lantern light in this age of electricity is not an every-day occurrence, but the town of Merrill had the distinction of turning out a good crowd for a performance there last night under these circumstances.

A group of entertainers from an eastern chautauqua circuit were on hand for a performance in Merrill last night, but the lights went bad and it was a case of disappointing the crowd of towns people and farmers, who had assembled for the entertainment, or of going on by lamp light. The latter course was chosen with success.

MARKET REPORT

PORTLAND, Dec. 5.—Wheat, dollar six dollar seven, cattle steady; hogs fifty lower, prime light, seven seventy-five, eight twenty-five; sheep steady; eggs two to five cents lower, buying prices forty-three to fifty; butter steady.

SHERIFF CAN'T LODGE HIS PRISONERS

Sheriff Low is in a quandary just what to do about taking care of the "overflow business" which is accumulating from the arrests made by the police department, the sheriff's office and the federal authorities. Nineteen men were in the cells this forenoon, and a number of arrests are expected during the day following the return of a number of indictments by the grand jury.

Blanch Turner and Mrs. Eckwall were taken into custody this morning upon a grand jury indictment, following their alleged robbery of Harry Traynor three weeks ago, and there is no place for them in the jail. Their bonds have been raised \$500, and it is a question whether they can raise the \$1,000 required in each case. An effort is being made by their attorney to secure bondsmen for them, and should he fail the sheriff is puzzled what to do with the women.

\$750,000 IN RECLAMATION APPROPRIATION

Telegrams received by Project Manager Newell of the Klamath Reclamation service and the chamber of commerce today from Representative N. J. Sinnott at Washington, D. C., stated that in the budget sent today to the house appropriations committee, one of the items included was an appropriation of \$750,000 for the Klamath project.

This appropriation will be used to complete all the remaining parts of the present project which are under construction. The incomplete parts of the Tule lake absorption and drainage plan for uncovering 25,000 acres of rich alluvial soil; the enlarging of the present canals to improve the water delivery, and work to be done on the Horsefly, Langell Valley, Shasta View and other component parts of the system will each receive a portion of this sum. Last year \$1,213,000 was appropriated for the Klamath project.

STRIKE PICKET IS BARRED BY SUPREME COURT

WASHINGTON, Dec. 5.—Organized labor has no right to picket during strike when it involves immorality, so the U. S. Supreme Court has declared in an appeal by the American Steel Foundries company growing out of the strike at Granite City, Ill.

The court declared no board rule could be established for picketing, but that each case must be considered on its merits to determine whether picketing constituted restraint and intimidation.

KAISER WILL WED WIDOW OF SOLDIER

BERLIN, Dec. 5.—Former Emperor William has decided to marry the widow of a high officer from Danzig who was killed in the late war, says Zwölfuhrblatt.

MERRILL CHAUTAUQUA GIVEN WITH THE AID OF LANTERNS

A chautauqua entertainment by lantern light in this age of electricity is not an every-day occurrence, but the town of Merrill had the distinction of turning out a good crowd for a performance there last night under these circumstances.

A group of entertainers from an eastern chautauqua circuit were on hand for a performance in Merrill last night, but the lights went bad and it was a case of disappointing the crowd of towns people and farmers, who had assembled for the entertainment, or of going on by lamp light. The latter course was chosen with success.

MAY BREAK ANGLO-JAP ALLIANCE

Powers Are Drafting Quadruple Entente to Include U. S. and France

CREATING "BIG FOUR"

Is Intended to Draw Teeth of the British-Japanese Alliance, Regarded as Menace

WASHINGTON, Dec. 5.—The arms conference committee having under consideration the far eastern question, it was authoritatively stated today, were considering the drafting of a proposal of a quadruple entente that would include the United States, France, England and Japan. It is thought that this would effectually break up what is regarded as a menace to the peace of Europe—the Anglo-Japanese alliance.

There was a growing impression that if the quadruple entente can be worked out satisfactorily, Japan would not insist upon the request for 70 per cent ratio of capital ships against the present 60 per cent, suggested by the American proposals. It is not disclosed whether the entente terms would satisfy France with reference to her situation in Europe, or whether the entente would merely affect the far east.

IRISH RACE CONFERENCE IN PARIS

The World Conference of Irish Race to be held in Paris, January 21, will bring together representatives of some of the leading families of France, Spain, Italy, Russia, Austria, the Argentine, and other South American countries, the ancestors of whom were Irish. These families migrated from Ireland as early as the 13th century and became nationals of the various countries, although frequently retaining their Irish names.

All the Irish race organizations of the world will send delegates and President de Valera of the "Irish Republic" has promised to attend. An exhibition of Irish art will form a part of the meeting.

It is estimated that there are 25,000,000 persons of Irish origin scattered throughout the world.

"COP" DISGUISED AS COWBOY ROUNDS UP MOONSHINERS

Gussie Black, a Greek cook, and L. Harrison were picked up by the police department last night charged with having liquor in their possession. A quantity of moonshine was taken from the men.

The police tried a strategic move by disguising one of their members with a cowboy outfit and sending him to find the two men. So well disguised was the officer, that within a few minutes the two men were taken into custody without learning that the supposed cowboy was a member of the police department.

LOST RIVER DAM IS COMPLETED

Work has been completed on the Lost river dam below Merrill, and only a small crew of men are being retained to finish fencing the structure and to complete filling in around it.

This dam will provide water and irrigation for the big district of Tule lake lands recently reclaimed and made possible for farming by the United States reclamation service.

SPECIAL JURYMEN CALLED FOR CRIMINAL DOCKET

A special venire of twelve men, George Watt, Jess Jarvis, L. Ezell, D. W. George, G. A. McCarthy, J. S. Mills, T. M. Durham, Nick Ginsback, Ross Finley, L. E. Thare, J. J. Straw and E. West, were summoned by Judge Kuykendall to finish out the panel of jurymen for the hearing of the criminal docket.

LEGION MEETS TOMORROW

At the meeting tomorrow night at 7:30 o'clock of Klamath Post No. 8, American Legion, in the city hall, nominations for the officers of the post will be received.

The election of officers will be held on December 20 and installation will follow on January 3, 1922.

WOMAN'S MIND AFFECTED BY POISON "MASH"

The cleanup of Klamath Falls is surely taking place judging from the manner in which both the county and city authorities are making arrests. Most of the cleanup squad's efforts are directed at illicit liquor traffic and in nearly every instance raids have brought results.

Late Saturday night, Morris Johnsenberg, proprietor of the Slater rooms near Eleventh and Main streets, was arrested on a federal warrant on the charge of having illicit liquor in his possession, also four sacks of bottles and the "coll" of a still. A barrel of mash was seized which was in the last stages of preparation. The still was not seized as Johnsenberg had spirited it away, just before the raid.

At the time of the raid the police found Mrs. Johnsenberg, an aged woman in a stupefied condition upon a bed and near her was a rice steamer filled with the bubbling, half-fermented "mash," which it is believed, the woman had been indulging in. Her condition was so serious that she could not be removed to the station with her husband. The same condition existed yesterday. Warrants for their arrest was issued from the federal court, only Johnsenberg being taken into custody. He is in the county jail unable to secure \$1,000 bail.

Today Mrs. Johnsenberg was still in a serious condition.

It is thought the half-fermented "mash" which the woman imbibed, has caused her system to be poisoned and that her brain is affected. Fermenting mash is said to be a violent poison when taken in excess just as new whiskey when the "fusel oil" is not removed.

PHILADELPHIA, Dec. 5.—Nine, and perhaps twelve lives are reported to have been sacrificed today, when two local passenger trains on the Philadelphia & Reading railroad came together in a head-on collision.

The accident occurred between Woodmont and the paper mill station. It was reported that a number of the dead were employees of the mill who were on their way to work.

Fire added to the horror of the wreck and greatly hindered the work of rescue.

ELKS START MOVEMENT FOR A BAND

The Elk memorial ceremonies conducted yesterday afternoon for the departed members of Klamath Lodge 1247, B. P. O. E., at the lodge rooms was largely attended, and those present were greatly impressed with the beauty and solemnity of the service. The instrumental music was in keeping with the occasion, and the solo by Miss Dorothy Elliott was well rendered.

H. L. Toney of the McMinville lodge and T. L. Stanley of the Lewiston, Montana, lodge both spoke upon fraternal subjects. The ritualistic service by the officers of the lodge was well carried out.

WELL-KNOWN COUPLE WEDDED IN MERCED

News reached here today of the marriage of Miss Ruby Wilbur to A. L. Gibbs, at Merced, California. Both were residents of Delhi, where Miss Wilbur's mother resides. After a short honeymoon in San Francisco the young couple will return to Merced, where they expect to make their new home.

Miss Wilbur is well known here, having spent her girlhood at the family home in Shippington. She attended grammar school and high school in Klamath Falls.

SHIP MATERIAL FOR BRIDGE CONSTRUCTION BY MAIL

WEAVERVILLE, Cal., Dec. 5.—Parcel post was used recently to bring to Weaver ville material for a cable suspension bridge across the Trinity river near here. The bridge is 240 feet long and seven feet wide, and nearly all the construction is of steel. All the material, except the flooring, which was cut here, was shipped from Sacramento in the mail. The bridge is designed for pedestrians and saddle horses.

REDUCE NAVAL APPROPRIATION SAYS HARDING

President Submits Budget Which Would Decrease Expenditures Greatly

CUTS TO MEET DEFICIT

Naval Reduction of \$100,000,000 Does Not Include "Scraping" Program of Conference

WASHINGTON, Dec. 5.—President Harding today transmitted his message to congress, with the budget for the year 1922. His chief recommendation is as follows: "Hereafter, until the naval supply account shall have been reduced to a maximum sum of \$166,000,000, which shall not thereafter be exceeded, one-half of all reimbursements otherwise due to the naval supply account, whether from current issues or from sales, shall be covered into the treasury as miscellaneous receipts, and only one-half shall be credited to the naval supply account."

This is the first fiscal budget to be compiled under the new law, and shows estimated expenditures of \$3,505,754,727, a decrease of \$462,167,639 as compared to the estimated outgo for the fiscal year 1922, ending next June 30, and a reduction of \$2,032,255,963 from the actual outlay in the fiscal year 1921.

Estimated receipts for 1922 are placed at \$3,338,152,750, leaving an apparent deficit of \$167,571,977. In transmitting the budget to congress today, President Harding says "ways are provided for the relatively easy adjustment" of the discrepancy between income and outgo "without added taxation." As one means he recommends legislation directing the reduction of the naval supply account by \$100,000,000.

Actual appropriations asked of congress for the various federal departments and agencies for 1922 total \$3,224,375,532, exclusive of postoffice department. This represents a reduction of \$122,806,319 from the original estimate as presented to the budget bureau, it is stated, but is approximately \$27,000,000 more than the appropriations for this fiscal year.

Of the total estimated expenditures for 1922, approximately \$2,900,000,000 is to pay for past wars and to keep up the fighting arms of the government, leaving only about \$400,000,000 for the peacetime pursuits of the federal establishment. The estimate for the army and the navy is \$801,626,107, a reduction of \$66,305,399 as compared with this fiscal year and \$956,352,741 as compared with the fiscal year 1921.

The navy estimate of \$431,766,000, it is explained, does not take into account any possible reductions that might be brought about as a result of the arms conference, the total including funds for continuing work on the ships of the 1916 program, most of which would be scrapped under the proposal made to the conference by the American government.

AUTO CRASHES INTO STORE WINDOW

Roy Smeiser was the victim of an expensive accident about one o'clock today when he backed an automobile he was driving into one of the K. K. K. store show windows on Main street. A sheet of plate glass valued at about \$150, according to Fred Houston, proprietor of the clothing store, was shattered by the impact of the big machine, which is owned by the C. I. Record Auto Service company.

It was reported that the glass covered to some extent the store, but at a late hour today the glass was no definite figures as to the amount.

FARM BUREAU ANNUAL MEETING FOR WEDNESDAY

The Annual Farm Bureau Meeting for the purpose of electing officers and adopting a program of work for next year will be held in Odd Fellows hall, on Wednesday, December 7, at 1:30 p. m.

Everyone interested in Farm Bureau work is urged to be present. Special topics for discussion will be Finance, Marketing, and Transportation.
