### THE FARM BUREAU

Next Wednesday the annual meeting of the Farm Bureau will be held. At this gathering the officers for the ensuing year will be chosen and a program mapped out. This meeting is of more than passing interest. Already the Bureau has accomplished enough for the community to justify its existence, but it has only made a beginning, and it behooves every farmer to attend the meeting, take part in its deliberations and become an active factor in the only organization the county has ever had that has accomplished anything for the farmer. Big problems are confronting the farmers of the county, so big that they must have an organization to guard their interests or they will suffer the consequences.

Aside from the good the Bureau may be from this standpoint, it is of inestimable value for what it will do in the matter of raising the standard of stock in the county, of helping the farmer in his financial difficulties, marketing and transportation. Too often is heard the complaint that the interests of everyone and everything is cared for except in the case of the farmer. While this is in the main true, much of the fault lies with the farmer himself, for he has done more to neglect his own interests than anyone else. The creation of Farm Bureaus is in a large measure overcoming this, but these can only function if the farmers back them up.

Let the farmers of Klamath county awaken to their interests and their dangers and make the Klamath County Farm Bureau what it can and should be—the voice of the farmer, and one that will be heard and heeded.

### ANOTHER SCENIC ROAD

(Editorial from San Francisco Examiner.)

The Skyline Boulevard from San Francisco to Santa Cruz will soon be started.

And now a group of energetic and far-sighted citizens of the counties to the north of San Francisco have begun agitation for a continuous sound highway from the bay to Oregon, clearing the way for comfortable boulevard driving to Portland.

The road will traverse some of the most naturally beautiful country in all California, especially that portion north of Eureka, where the way lies through forests which have been in existence for twenty-five centuries. The Klamath River at Requa, now crossed picturesquely but uneconomically by an Indian-hauled ferry, will be bridged.

It is a big project. But the best projects are always the big ones. They are the ones which test the mettle of the men who undertake them.

This one is certainly worth while. It merits the general applause and general help.

### COW TESTING PROFITABLE INVESTMENT

CORVALLIS, Dec. 5. — Oregon cow-testing association dairymen made a clear profit of \$2664 by following the association methods in October. "This shows splendid progress," reports E. B. Pitts, federal and O. A. C. extension dairy specialist.

The average yield of milk reported for the 2500 cows in cow-testing associations was 571 lbs., and the yield of butter fat 27.91 pounds. This was an average of 2.39 pounds of fat over the yield for October '20.

The total gain was 5920 pounds of fat, which at 45 cents a pound was worth \$2664—a clear gain. This gain was made over much better than average production, being the yield of well tested cows last year. Compared with the average yield of untested cows the showing is much more impressive.

BELFAST, Ireland, Dec. 5.—Hohe stills are regarded with much disfavor by the members of the Irish Republican army who have been making an extensive sweep of them in North Donegal. Altogether 40 of them have been seized and one which escaped an initial search was later discovered hidden down a 600-foot precipice.

### NEW PIPE ORGAN IS TRIED OUT AT SUNDAY SERVICE

A special program is being prepared for the dedication of the new Moeller pipe organ which has just been installed in the First Presbyterian church, and which was used for the first time at the services yesterday. The dedicatory services will be held on Friday, December 16th.

The instrument, which is the first pipe organ to be installed in Klamath county, is of beautiful design, being finished in dark oak to match the woodwork of the auditorium in which it is placed, and the pipes are of gold, which harmonizes perfectly. The tones are rich and mellow, and of the proper volume to adequately fill the room.

The organ was built by M. P. Moeller of Hagerstown, Maryland, and is known as the Moeller tubular pneumatic-action two-manual organ. The instrument contains 875 speaking pipes, besides a number for ornamentation only, and cost the church \$4,500. The contract for this instrument was let by the church on February 5, 1920, but M. P. Moeller, who is one of the largest organ builders in the United States, at that time had so many orders on his books as to render it impossible to get the job out until this time, as all orders are entered in the order of their receipt.

This make and particular style of organ was selected by the organ committee of the church through the advice and at the suggestion of the Earl Shepherd Music company of this city. The organ committee of the church consisted of Rev. E. P. Lawrence, pastor of the church at the time the contract was placed. Mrs. Charles Wood Eberlein, Mrs. Burge W. Mason, Mrs. M. P. Evans, Mrs. Bert C. Thomas, Miss Augusta Parker and Andrew M. Collier, who have worked tirelessly to provide the best that money could buy for the church. The instrument will be in charge of Mrs. Eberlein, who will be assisted by Miss Margaret Worden.

Brown: "I'm always behind-hand." Hicks: "Oh, why?" Brown: "I always think of what to do when someone else has done it!"

### NEW PROGRAM AT THE STRAND TONIGHT

There will be an entire change of program at the Strand tonight. As Sallie Waters of "Up the Road with Sallie," in which she is presented by Lewis J. Selznick, Constance Talmadge is the star attraction tonight.

The novel, of which this is the picturization, will be remembered as the most popular best seller of its year, and Frances Sterrett surely must have had Constance Talmadge in mind when she drew this picture of the irresistibly vivacious and lovable young woman who goes forth to seek adventures. They come so thick and fast that even she is more than satisfied and glad to settle down before the end is reached.

There will, in addition to the above, be two comedies, in one of which Charlie Chaplin appears.

Thirty thousand Oklahoma girls are enrolled in farm clubs.

## "MY LITTLE GIRL HAS GAINED 15 POUNDS" SAYS HAPPY MOTHER

Little Rhode Island Girl Is As Bright and Cheery And Her Cheeks Are As Rosy As Ever.

### SHE CAN NOW KEEP UP IN HER CLASSES

"Only a Mother Can Understand What I Suffered When I Saw My Daughter Slowly Wasting Away," Says Mrs. Mary Smith.

"Every time I look at my little girl's rosy cheeks my heart goes out in praise and gratitude to Tanlac," said Mrs. Mary Smith, of Peacedale, R. I., a suburb of Providence, recently.

"Until Mary was eleven years of age she always enjoyed good health and had a very happy, fun-loving disposition. However, during the past three years she became very thin and frail. She took on a very sallow color, her tongue coated over, she complained of a bad taste in her mouth, dull headaches, and of feeling languid and tired all the time. She lost her sunny disposition and became nervous, irritable and moody. Her appetite got so poor that I had to coax her to eat. Her sleep was fitful, her eyes dull, and her steps so heavy that it seemed she hadn't strength to lift her feet from the floor."

"She had always stood high in her studies, but now her reports were so bad that her teacher called on me to find out why she had gone back so

in her lessons. When I asked her why she had failed so in her school work she cried and said she studied as hard as ever, but couldn't seem to remember. Only a mother can understand what I suffered when I saw my daughter slowly, but surely, fading away each day. I could hardly keep back the tears when I looked at her.

"Six months ago we took her out of school, thinking this might help her, but she continued to grow worse. We were told that she would get better when she got older, but I was afraid she couldn't live and have shed many a tear over her condition. In fact, my husband and myself, both, were downright sick from worry over her, and yet, nothing did her any good."

"One day my husband said, 'Why not have Mary try Tanlac? Each morning I have read in the papers of someone being helped by it and it may be what she needs.'

"Well, I had tried everything else, so as a last resort I had Mary try Tanlac and I have felt thankful a thousand times that I did. Before she finished the first bottle she was eating like I have been wanting to see her eat for three years. Now she is the first to the table and the last to leave. She has gained fifteen pounds and is still gaining, and her face is as round and rosy as it ever was. Her eyes sparkle with health, her steps are light, and she is as full of life as a kitten. It does my heart good to hear her running around, singing and laughing and enjoying life and good health again. My gratitude to Tanlac is unbounded."

Tanlac and Tanlac Vegetable Pills are sold by druggists everywhere.

## Real Record Service

It is easy enough for a store to carry a few hundred records that are good sellers, but we carry six thousand, and hundreds of these are seldom called for once in a year, consequently it does not pay us to carry them but we do so in order to give you the best record service in Southern Oregon.

Wholesale record service from the factories is greatly improved, but far from perfect, and we look forward to the time soon when we can give you 100 per cent record service, which means every Victor Record made. Extra help and our demonstration rooms enable us to serve you best during your Christmas Record Shopping.

The wonderful THOR IRONER with the one finger-AUTOMATIC CONTROL

SIT DOWN—touch a button—guide your work. All the hard work and long hours of ironing day are over when you own a Thor Automatic Electric Ironer. Has no levers or foot pedals. Two buttons at your right hand control every operation. The shoe opens and closes at a touch of your finger. Nothing to tax your strength. No belt to slip and break.

The only ironing machine with a two speed roll—also a wide opening shoe giving ample space for easy cleaning and waxing.

Irons Everything Dresses, men's shirts, children's clothing—all the things you thought had to be hand-ironed, are done quickly and easily on the Thor.

Automatic control leaves your hands free for guiding the work. The open end of the ironing roll makes it easy to iron collar bands, cuffs and ruffles.

### Save 3/4ths of Ironing Time

"Ironing Day" becomes a thing of the past when you get a Thor. It does the family ironing in an hour or so.

The heavy damask linen table cloth which takes 30 to 40 minutes to do by hand, is ironed in 5 minutes. It comes out with a sheen which only uniform pressure can give to linens—yet the frailest woman can do such work on the Thor without tiring herself in the least. A stool comes free with each machine.

Come in tomorrow sure and see this wonderful machine.
