VEST POCKET ESSAY

At no time in the history of mankind has so much attention been bestowed on personal comfort, personal convenience. Take no simple matter as a man's vest. It is getting closer to him every day, especially as he grows older and more prosperous. From a mere article of adornment, a subterfuge behind which to hide the unlavendered radiance of the harmless, necessary galluses, it has risen to a field of paramount importance, of almost unlimited usefulness, of service. And solely by reason of its pockets. Pencils, and sometimes small change, it still carries. But no longer is the scope of its general usefulness so limited, so hampered. We now have with us vest pocket cameras; vest pocket flashlights, V. P. Distances, V. P. stamp holders, toilet sets, shoe shiners,—the list is endless. The crying need of the age for the comfortable portage of vest pocket appliances is a track. And you can get some truck these days for your vest pocket.

FACT.

The tactful maid is the sum of all innocence as she says: "O, George, that display of chocolates is perfect."

R. C. Grossbeck says still a lot of the girls who can eat soup out of the side of a spoon can chew gum on both sides of their faces.

Rex Bord suggests that some young men seem more able to raise moustaches than to get a raise in pay.

A member of the council called another an ass in the sacred precincts of the council chamber. The offender was called upon to apologize and withdrew his statement.

He didn't like doing it. "I withdraw," he said stiffly, "but I maintain that the Hon. member is out of order."

"How am I out of order," asked the other man heatedly. "Probably Doc Prentiss could tell you!" was the reply.

Al says a letter from the folks out on the farm says pa hasn't had much sleep for three nights, on account of sitting up with a sick Ford.

IT COUNTS WORDS IN COPY

The word meter is a new invention which is attached to the space bar of a typewriter to record the number of words written. Sounds like a handy thing, Brother Editors.

KEPT HIM BUSY

"The paths of glory lead but to the grave," quoted the sentimental clerk. "But you get there a lot quicker by speeding on our dangerous highways," answered the coroner.

HOW SHE GETS THAT WAY

Jellie—"Oh, yes, she takes her hair and eyes from her mother but her complexion she must inherit from her father."

Belle—"Her father?"

"Yes, he was a calomiser."

Twenty years ago Warren G. Harding was not very well known in his own state—not to speak of the country at large. A writer in Editor and Publisher tells this: Somewhere before 1900 a visitor from Marion dropped into the bank at Lancaster, Ohio, and made himself known to the president, who was always glad to greet visitors in town and have a little chat over the counter. "So you're from Marion," commented the president of the local bank. "I never knew but one family in Marion. That was the Klings, the richest folks in town. I hear old man Kling is very much broken up because his eldest daughter, whom he used to be very proud of, ran away and married some newspaper fellow in town—of course the newspaper men are always hard up. I wonder if you knew the old man Kling?" "Why, yes, I married his daughter," replied Mr. Harding with a smile.

When a duck who owes you a little bill flashes a fifty-dollar green-back at you he always looks like 30 cents when he finds you can change it.

MANY HOBOES MEET DEATH BEATING WAY ON TRAINS

From January 1, 1921, to October 31, 60 trespassers met their deaths on Southern Pacific property. Of this number were killed as a result of falling under the wheels from trains, while beating their way, or were killed when attempting to board or get off moving trains. Thirty-eight trespassers were killed by being struck by engines or cars.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a Glass of Salts If Your Back Hurts or Bladder Troubles You

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally. Says a well-known authority. Meat forms uric acid which excites the kidneys, they become over-worked with the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular or passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active.

SULPHUR SOOTHE ITCHING SKIN

The First Application Makes Skin Cool and Comfortable.

If you are suffering from eczema or some other torturing, embarrassing skin trouble you may quickly be rid of it by using Menthosulphur, declares a noted skin specialist.

This sulphur preparation, because of its germ destroying properties, seldom fails to quickly subdue itching, even of fiery eczema. The first application makes the skin cool and comfortable. Rash and blotches are healed right up. Menthosulphur is applied like any pleasant cold cream and is perfectly harmless. You can obtain a small jar from any good druggist.—adv.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed With Sulphur It Brings Back Its Beautiful Lustre At Once

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray, and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundredfold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two its natural color is restored, and it becomes thick, glossy and lustrous, and you

Catarrh Colds Spoil Companionship

MONDAY HEALTH TALK NO. 14.

Catarrhal colds spoil companionship, cause bad breath, break up the sleep and if not checked in time, cause a rundown condition that makes the sufferer a ready victim of influenza or pneumonia. A catarrhal cold in fact is usually a forerunner of these dread diseases.

The onset of the cold is generally marked by chilliness along the back, headache and a tired feeling. There may be a slight fever, sneezing and a feeling of dryness in the nostrils. At first the secretion discharging from the nose is thin and watery, then it thickens and becomes purulent. It is in this stage that the breath becomes tainted, that companionship is impossible. Sometimes when the stoppage of the nose is very complete, there is deafness. Under chiropractic spinal adjustments a normal condition of the mucous membranes is induced, the bowels and kidneys become more active and the disease gradually clears up.

HEALTH FOLLOWS

CHIROPRACTIC CORRECTS PRESSURE ON SPINAL NERVES IN DISEASES OF THE FOLLOWING ORGANS:

HEAD EYES EARS NOSE THROAT ARMS HEART LUNGS LIVER STOMACH PANCREAS SPLEEN KIDNEYS BOWELS APPENDIX BLADDER

THE LOWER NERVE UNDER THE MAGNIFYING GLASS IS PINCHED BY A MISALIGNED JOINT. PINCHED NERVES CANNOT TRANSMIT HEALTHFUL IMPULSES. CHIROPRACTIC ADJUSTING REMOVES THE PRESSURE. THE UPPER NERVE IS FREE AS NATURE INTENDS.

COLDS, LIVER TROUBLE AND CONSTIPATION ENDED

"I suffered for several years with severe headaches, liver trouble and constipation and was subject to colds. A chiropractor pulled me through a bad case of pneumonia this year. Today I am in better physical condition than at any time. Chiropractic has done wonders for my baby too, after specialists had failed."—E. H. Lewis, Chiropractic Research Bureau, Statement No. 1292R.

Hot Water Each Morning Puts Roses in Your Cheeks

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incandescent material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to work in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and—tying the entire
