

The Office Cat

BY JUNIOR

THERE WAS A TIME

He was the only one of all the wedding guests who did not appear in a happy frame of mind. He only adorned the wall, and looked lugubrious.

"What's the matter?" cried out an exuberant young man. "Haven't you kissed the bride?"

"Not lately," he said with a quip.

Dr. Lamb says no one knows why wives have more relatives than husbands.

It has always been rather surprising to us that some enterprising firm did not try to get some cure—all advertisements next to reading matter in the Book of Job, which is so full of boils.

"I reckon, daughter, that young man's watch must be fast."

"What makes you think so, pa?" Why, when you were seeing him out of the door last night I heard him say 'just one,' and it wasn't much past twelve o'clock."

Why Not?

"John, why do you read those tips on the races so earnestly?" "Why not? Don't you read the weather predictions?"

If more autoists drove slowly fewer folks would be driven slowly.

In these days of rouge, women folks kiss—and make up. Many light-weight men are built on a large scale. It is likewise with some candy.

THERE'S NOTHING NEW

"This giffin' game is nawthin' new." Observed old Uncle Dinny. "Why, I remember, so do you. When we all called it shindy." —Charlie Leedy in Youngstown Telegram. The speed cone job is nothing new; The memory spot of tickles. When we recall how they plucked men For speeding on bicycles.

Thousands of moths specializing on women's clothes have starved.

Maw Bergdoll, it is announced, is about to be ejected by her landlord, but we fear she will have to look to Germany for benefits for her relief.

Professor Robert Goetz says about all the world needs at present is somebody with sufficient authority to say: "Thou shalt."

Henry Ford says he will hire a million workers if he gets Muscle shoals. Now the government is going to sell him the big power plant. Back up, Hen, back up!

Henry can't write and he can't read, but Gosh how he can talk.

SWEDISH FARMHANDS ORGANIZED BY COMMUNISTS.

STOCKHOLM, Dec. 13.—Swedish farmhands have been organized by Communists for the purpose of emigrating to Russia. This has been brought about by the constantly falling prices of wheat and the fact that farmers all over the country have made agreements with their workers at lower wages.
