**ATTENDANCE NEXT SUNDAY PROMISES TO BREAK RECORDS**

Indications are that next Sunday will see all attendance records at the Strand theatre broken, as the popular interest in the play, "Lavender and Old Lace" surpasses anything ever produced in this show house. The management asks those desiring to see this great picture to come as early in the day as possible and not put off seeing it until evening. For the past two Sundays many had to be turned away at the evening performances and this can to some extent be avoided next Sunday by coming to see some of the earlier shows. This great story has been read by over 30,000,000 people and has lost nothing of its beauty in its reproduction upon the screen.

Remember to come early. There will be no increase in price—it will remain the same popular ten and twenty cents. 16-17

THE DOUBLE ACTION ELECTRIC HEATER

THE HOOVER ELECTRIC SWEEPER—"It Beats as it Sweeps, as it Cleans"

THE EASY VACUUM ELECTRIC WASHER

3

What could be more acceptable as a Christmas Gift than one of these?

The Double-Action **ELECTRIC HEATER**

The heating element is so constructed that the air entering at the bottom must pass over the heated wires which are wound around the outside of the element and then, before passing through the small holes at the top of the heater, the air is again heated by a network of wires covering the entire top of the element—thus performing **DOUBLE ACTION**.

**SALE PRICE \$7.98**

**HOOVER ELECTRIC SWEEPER** "IT BEATS AS IT SWEEPS, AS IT CLEANS"

The perennial beauty of a valuable rug is the reward of frequent and thorough cleaning. Such cleaning is easy to perform with The Hoover, because it beats . . . as it sweeps, as it suction cleans. All injurious embedded grit is fluttered out by gentle beating. All stubborn litter is detached by swift sweeping. All loose dirt is withdrawn by strong suction. Only The Hoover combines these three essential operations. And it is the largest-selling electric cleaner in the world. You may have a Hoover placed permanently in your home for a nominal sum, and its purchase arranged on convenient terms. You may also have it demonstrated for you at any time, either in your home or in our store.

The Baby Hoover, \$60.00 Special Hoover (large) \$74.00

Only The Hoover lifts the rug and flutters it over 1,000 times a minute on an air cushion

# THE "EASY" VACUUM ELECTRIC WASHER

What could be more acceptable as a remembrance for wife or mother than a machine that will eliminate the drudgery from the weekly wash-day? Surely nothing could bespeak more plainly the presence of tender, loving thoughts. We therefore suggest the "EASY" VACUUM ELECTRIC WASHER as a Christmas gift this year.

The "EASY" washes clothes by means of air-pressure and suction. Two revolving cups move up and down sixty times per minute, flushing the water directly through the

meshes of the clothes—washing quickly and thoroughly, yet without danger to the finest fabrics. It is sanitary because it is constructed of metal. Large open tank with capacity for ten single sheets is easy to load and unload. Equipment includes swinging wringer. Occupies but little floor space, and is easily moved about.
