HITS OIL LEASE BILL

Governor Wood Says Measure Less Liberal to Foreigners

MANILA, P. I., Nov. 28.—(By mail)—Stating that it is the belief of the government at Washington that the law governing the lease of exploration of oil lands in the Philippines is less liberal to foreigners than it is in America, Governor General Wood is recommending the amendment of the law says he is acting on the suggestion of the department of state at Washington.

The governor general's message says:

"The department of state finds in its efforts to insist on the proper treatment of our nationals by foreign countries in this matter (lease of petroleum lands and other lands containing mineral oils) that it is confronted with the statement that the law in the Philippines is less liberal to foreigners than is the law in the United States, and the department believes it should be made to conform exactly with the United States law."

BILLS IN TWO TONGUES

Recommendation of Both Spanish and English in Measure

MANILA, P. I., Dec. 29.—At the request of the American Chamber of Commerce, Governor General Wood has recommended to the legislature that all important bills introduced be printed in both Spanish and English, instead of Spanish only, at present.

In his recommendation to the legislature, Governor General Wood said:

"There are about 2,000,000 of the inhabitants of the Philippines who understand the English language, and it is believed that it would be advisable for important measures proposed in the legislature to be given out in English as well as Spanish, so that the English speaking public may have knowledge of them, thereby bringing about a fuller public discussion and understanding of proposed measures."

Steps Taken by Church Federation of St. Louis

ST. LOUIS, Dec. 2.—The Church Federation of St. Louis has taken steps to reduce the cost of funerals following receipt of a communication from the local presbytery calling attention to high funeral charges. The following passage was included in the communication: "When great grief comes no one is in a bargaining mood but wants the best."

A committee of ministers was appointed to confer with a delegation of the St. Louis Undertakers' Association, which claims that "undertakers do not fix funeral charges but take orders from relatives of dead persons."

Announces Show House Will Be Privately Operated

This is in accordance with the general policy of the Moscow Soviet to follow the example of the central government and unload responsibilities which have been too great a tax on the supply, fuel supply and power organization.

VANDERBILT TONIGHT AT THE STRAND

There will be an unusually clever Vanderville attraction at the Strand tonight, when Friendly and Cunningham, two Orpheum circuit performers will be seen in their laugh-provoking skit, "Something Different." They stop off here for one night in making the jump from Portland to their next week's engagement in San Francisco.

A wonderful feature picture, "The Kentucky Colonel," will be shown, with Joseph Dowling in the leading role, whom last picture, "The Miracle Man," stamped him as, perhaps, the foremost character actor of the silver screen.

The story is that of imperishable friendship laid among the purple hills of Kentucky, adapted from the novel by Ople Read, and presented by the National Film corporation, for release by the W. W. Hodkinson corporation. It is a photoplay that is as refreshing as a summer breeze, and it is laden with all the sweetness, the pathos, the romance, and the charm of life in the old South.

A "Country Store" night, too, and in keeping with the holiday spirit, Manager White will head the list of fifteen prizes with a fine, fat 18-pound turkey.
