Fiftieth Year.—No. 6217

KLAMATH FALLS, OREGON, WEDNESDAY, JANUARY 11, 1922

PRICE FIVE CENTS

133 BIRTHS IN KLAMATH SHOWN FOR YEAR 1921

Health Officer Points Out Necessity of Prompt Registration

In the city of Klamath Falls, 133 births were registered during the year 1921. It is shown in the report issued today by Dr. H. D. Lloyd Stewart, city health officer. In addition eight born in 1920 were registered in 1921.

Due to the fact that many births were not registered, as required by law, Dr. Stewart believes that the actual number of births would reach a higher figure.

"It is the duty of the health officer to call parents' attention to the necessity of having this list complete," he said. "The law provides that the physician or midwife in charge of a confinement shall register a birth certificate within ten days, whether the child is born alive or still-born, and in the absence of attending physician or midwife such child shall be registered by the parents.

"Aside from the fact that it is law to so register births, these records are valuable and sometimes essential for the following purposes: Evidence of age on entering school; inheritance of property, proof of age and relationship; marriage licenses, birth certificate required in some places; a birth certificate is required for a passport; permit for work in states having child-labor laws; they are necessary to figure birth rates and infant mortality.

"Look over this list, and if your child is not registered, whether it is the fault of the health officer, the attending physician or yourself. See that it is done by notifying the health officer of the baby's name, date of birth and attending physician."

RESOLUTION FOR BARRING NEWBERRY FROM SENATE INTRODUCED BY OWENS

WASHINGTON, Jan. 11.—A resolution declaring that Truman Newberry of Michigan is not entitled to the senate seat which is contested by Henry Ford, because of the "admitted expenditure by relatives and friends of \$200,000 in his behalf," but making no reference to questions of moral turpitude or Newberry's connection with the campaign committee's activities was introduced today in the senate by Senator Owens, democrat, of Oklahoma.

TWO CARLOADS OF COWS ARRIVE FOR KLAMATH RANCHES

Some Spoken for and Others Unsold; Bank May Finance Future Purchases

The first importation of dairy cattle into Klamath County for several months was concluded today, when two carloads of high grade dairy cows, purchased by W. C. Dalton, president of the American National Bank, and J. L. Beckley, arrived at Midland.

The cows were secured in the Willamette Valley and will be disposed of to Klamath County farmers.

According to E. M. Hubb, vice-president of the bank, a part of the shipment has been spoken for, but the majority of the cows are still to be distributed.

This shipment is an experiment in assisting the development of Klamath's dairying industry, said Mr. Hubb, and upon the interest shown by the farmers and demand for the unsold cows in this consignment will depend the future policy of the bank toward financing dairying.

The cows, received today, were bought by Mr. Dalton and Mr. Buckley individually, but should the venture prove successful, steps will be taken by the bank to find a way for financing future shipments of the industry.

Dairying offers the best apparent solution to the problem of finding a profitable market for Klamath County's hay surplus, a problem that grows with the expansion of the irrigated area of the Klamath project, said Mr. Hubb, and the American National bank is anxious to do its share toward hastening the day when Klamath will be one of the leading dairy regions of the Pacific Coast.

HOW COLD WAS IT?

Reports Say From Two Below to Ten Below Zero Mark

The weather was the principal topic of conversation this morning when it was variously reported that the thermometer during the night had reached all the way from two degrees to 14 degrees below zero.

The U. S. Reclamation office reported nine below and Underwood's Tycos thermometer two below, but everyone agreed that it felt like 20 below.

Postmaster W. A. Dezell said one tire of his automobile froze to the ground and that part of the tire remained there when he drove away.

Seven above zero was the coldest last winter, according to the Reclamation office records.

The following named children born in 1920 have been reported in the year 1921:

Christina Hannon, Unnamed Jake, Dorothy Louise Jenkins, Unnamed Cox, William Edward Masters, George Chester, Edwards, Unnamed Enters, Nanquette Gielley.

This list concerns children born within the city limits of Klamath Falls only.

PRICE OF MEAT DECLARED HIGH; PROBE ORDERED

Investigation to Be Made by State—Egg Market Is Demoralized

PORTLAND, Jan. 11.—Investigation of retail meat prices in Oregon by some competent authority, or by district attorneys or grand juries, to determine the cause of present high prices, was demanded today by the state board of health. The board declared the spread between livestock and dressed meat prices unwarranted.

SAN FRANCISCO, Jan. 11.—Eggs, following a heavy drop in eastern markets, dropped from 42c to 39c a dozen today. Butter dropped from 38c to 35c.

PORTLAND, Jan. 11.—Livestock steady; eggs demoralized and quotations, withdrawn. Bids are ranging from 20c to 37c. The butter market is weak. Prices are 4 cents lower, extra cubes quoted at 30 cents.

CASE NOT SETTLED

Suit of Ewauna Box Against Logging Company Continues

This is the third day of the trial in the circuit court of the suit of the Ewauna Box company against the logging firm of Phinnegar & Bailey for failure to comply with the terms of a contract entered into in April, 1920. The action is brought by the plaintiff specifically on two notes for \$5,500 and \$5,500, being money advanced on the contract, which aggregated close to \$110,000. An additional sum for damages, for failure to fulfill the contract, is asked by the plaintiff, the sum total amounting to \$25,000. The defendants put in a counter claim for \$85,000.

About twenty witnesses have been examined for the plaintiff. It is expected they will rest their case some time today, and the defense will be begun at tomorrow's session of court.

"SMALLEST PUBLICATION" ISSUED BY DRUG STORE

"The smallest publication in the world," is the claim made for The Safety Valve, issued by the Merrill drug store under direction of Frank B. Robinson, "headitor." The publication is printed on a postal card. Patrons are warned that if they never get sick the editor will starve, although it is pointed out that if it is not his intention to make money but merely to work for a living.

SANITY REGAINS AT LAST

The action of the board of directors of the Chamber of Commerce in seeking to find out how much money, if any, the state and federal government has to match any funds put up by this county, before endorsing the proposed bond issue for \$800,000, is a fair indication of the sound business sense that is at last controlling that organization. Under the old regime it would have been a hip and hurray, and then when the county had voted the bonds it would have been found that—well we are not going to anticipate the statement that will follow the answer to the query sent out by the Chamber.

Not so many months ago we were put upon the gridiron of public opinion because we raised our voice in protest against the re-election of T. L. Stanley as secretary. At that time it was made to appear that we were opposed to the Chamber of Commerce, when the zealots well knew the contrary. Whether we were right or wrong, we are willing to let the results following the retention of Stanley speak for themselves.

But things are different now. Different men are at the helm. With Mr. Gordon as president and Mr. Stevenson as secretary, the people have reason to look forward in anticipation of the accomplishment of real results. And we believe they are not going to be disappointed. There may not be quite so much back-slapping and horse-play, but there will be some real, substantial results. They are just getting squared around for real work and when they are ready and call upon the members to pay their dues, we hope the response will be general and that everyone who can pay up will do so and those who cannot pay all they owe will at least pay part.

Whether the Chamber will or will not endorse the bond issue remains to be seen. Certain it is that it will take a course that will be most likely to serve the best interests of the county. It is taking the sane, sensible course, the one that will place at its disposal and that of the people of the county the real facts surrounding the financial program that has been mapped out by the state highway commission.

That is all the people ask of any organization.

MISS AGNES LEE TO VISIT EASTERN CITIES

Miss Agnes Lee tomorrow will leave on a seven months' trip through the East, first spending two weeks in San Francisco. She will visit friends in Chicago, Mr. D. B. Worthington's family in Beloit, Wisconsin, and her mother, who with Mrs. Fred Mills, has been visiting in Columbia, Tennessee, since October. Miss Mable Latta will take Miss Lee's place in the county's assessor's office during her absence.

Miss Lee will be accompanied to San Francisco by Mrs. A. J. Vove, who will take vocal instruction for two months.

ENGLAND GIVES FRANCE PLEDGE OF PROTECTION

Stands Ready to Throw in Her Forces to Resist Armed Invasion

CANNES, Jan. 11.—The British memorandum of the proposed Anglo-French pact, telegraphed textually to London, declares that Great Britain makes the security of France a problem of her own, and that she will be ready again to throw in her forces, as in 1914, if French soil is attacked.

Premier Briand is going to Paris this afternoon to inform the cabinet of the negotiations here and to answer criticisms of the opposition, and demand that the chamber of deputies either support or reject him. The principal differences between Premier Briand and the opposition are regarding the new terms of reparations payment by Germany adopted by the supreme council's experts, under which France would receive less than under previous arrangements, but a greater proportion in kind.

American Ambassador Harvey attended the supreme council today, having almost completely recovered from the shock of his automobile accident.

SERIOUS CHARGE MADE

Father of Bride Files Complaint Against Husband

Dean T. Upton, 21 years of age, who is under arrest on a charge of bootlegging, will be brought before Justice Gaglianone tomorrow morning, to answer a charge of trafficking in women the woman in question being his 19-year old wife bride of a little more than a month, and the complaint being sworn to by her father.

The marriage was against the wishes of the girl's parents, it was learned. She was infatuated with Upton, however, and declared she would marry him even if she had to run away to California to become his bride.

Upton had been under the surveillance of the police for some little time as he was suspected of bootlegging but the officers bided their time until certain they could catch him "with the goods." When he was taken into custody Saturday night, he had a quart and a pint of moonshine on him and was in the act of making a sale in a rooming house.

Nothing has been learned of his antecedents although it is said he came here from California a short time ago.

PORTLAND HOTELS HELD RESPONSIBLE FOR LAXITY OF MORALS UNDER EDITION

PORTLAND, Jan. 11.—Leading hotels, today announced a morality campaign, following the action of J. O. Lavoie, federal prohibition director, telling the managements that they will be held responsible for all drinking parties.

All private parties were ordered stopped and men entering women in the future must be accompanied by their wives and vice versa.

MINSTREL SHOW IS TO BE STAGED BY AMERICAN LEGION

February 21 Is Day; Call Sent Out for Local Talent by the Committee Heads

At the meeting last night of the executive committee of the American Legion it was decided to stage a minstrel show on February 21, the eve of Washington's birthday. Arrangements for the affair already are progressing under direction of John Enders, chairman of the entertainment committee, and W. W. Wingham, chairman of the special committee, who would be glad to hear of any ex-service men having talent.

Although not definitely decided, the Legion membership drive probably will be held during the week between St. Valentine's Day and Washington's birthday, with the minstrel show as a climax. It is hoped that every member will procure a new member.

W. W. Wingham was appointed to organize a basketball team to take part in the athletic tournament proposed by the Klamath Amateur Athletic association. Members desiring to try for the team are advised to report at the association hall, Fourth and Klamath, Thursday evening.

The executive committee took the stand that the question of government lands is of absorbing interest to ex-service men, and should be to every one, and appointed a committee headed by J. H. Carnahan to request the Chamber of Commerce to use its influence to help the Legion have lands, particularly in the Tule Lake district, thrown open for homestead entry at the present time instead of leased.

Appreciation of the fact that both the president and the new secretary of the Chamber of Commerce have signified their willingness to aid the Legion in any move affecting the veterans and community welfare was voiced at the meeting.

CASE WINS ELECTION

Unofficial Reports Indicate Bradbury Loser by Small Margin

Unofficial reports indicated that T. N. Case yesterday was elected a director of the Klamath Irrigation district, succeeding R. E. Bradbury, who ran a close second in the race. Reports from all precincts except Midland gave Case 101 votes and Bradbury 95 votes, and it was reported that a majority of the seven votes cast at Midland were for Case.

The Langell Valley district election gave Wm. F. B. Chase the nomination over A. E. Gale, present incumbent, by one vote. It was reported.

late today no official reports had been made of either election to Secretary A. L. Wishard.

The vote by precincts:

Table with 2 columns: Precinct Name and Votes. Rows include Altamont ranch (31), Mt. Laki (19), Olona (11), Malin (24), Merrill (16), Midland not reported.

ASSEMBLY CLUB DANCE

Second Formal Affair to Be Held Monday Evening

The second of the Assembly Club's formal dances will be given next Monday evening at the White Pelican hotel.

The club dances last year were a source of much enjoyment to the members and extended successfully over the entire winter season. The attendance at this season's initial dance gives promise that last winter's success will be fully duplicated.

LOCAL BANKERS ARE CONFIDENT OF PROSPERITY

Annual Elections Bring No Changes in Officers or Directors

Officers of both the American National bank and First National bank expressed satisfaction in the progress made during the past year and confidence in the present outlook for the present year at the stockholders and directors' annual election yesterday. No changes were made in the election of directors, or in the directors' choice of officers for the coming year. The First State & Savings bank will hold its annual election, Thursday.

The directors chosen are as follows: American National—W. C. Dalton, M. S. West, E. M. Hubb, J. J. Steiger, C. J. Ferguson, Bert C. Withrow, Marion Hanks, G. V. Wimberly and G. W. Houston. First National—O. D. Burke, A. M. Collier, C. B. Crisler, J. A. Gordon, Chas. L. Moore, H. N. Moe, Silas Obenchain, Fred Schallcock, C. F. Stone and E. W. Vannice.

Officers of the First National are: J. A. Gordon, president; O. D. Burke and A. M. Collier, vice-presidents; Leslie Rogers, cashier; E. S. Veach, Lloyd Porter and J. I. Beard, assistant cashiers.

The officers of American National are: W. C. Dalton, president; E. M. Hubb, and M. S. West, vice-presidents; G. V. Wimberly, cashier, and Oscar Shive, assistant cashier.

The American National is the youngest financial institution in the community. It has been doing business for about thirteen months. Reports at the meeting described the year's business as satisfactory, and the discussion looked toward an expansion of business for the coming year.

J. A. Gordon, president of the First National, said that people everywhere are more optimistic, and that prosperity in Klamath Falls seemed assured.

PAROLED MAN TAKEN

C. A. Frisbee Arrested on Charge of Passing Bad Check

C. A. Frisbee, a paroled prisoner from the Salem penitentiary, was taken into custody last night by Sheriff Lloyd Low, who arrested him in a Main street restaurant, on a charge of uttering a forged check on H. J. Winters, the jeweler. It is said there are several other charges of like character pending against him.

This morning Frisbee was brought before Judge Kuykendall in the circuit court who revoked his parole and ordered his return to the penitentiary at Salem to serve the remainder of a two-year sentence. The local complaints will be held in abeyance until he has finished his term at Salem.

TWO BASKETBALL GAMES

AT K. A. A. HALL FRIDAY

Two basketball games will be staged at the Klamath Amateur Athletic association hall Friday night, when the association team will play the Agency town team and the high school will battle the Agency school team. As both Agency teams have proven their ability the games promise to be interesting.

WEATHER PROBABILITIES

During the early hours of morning the Cyclone Storm-gauge at Underwood's Pharmacy recorded a barometric pressure of 30.93, being the highest point that has been reached since the instrument was installed. Yesterday, for a short time, the tendency was downward, indicating probably warmer conditions, but this was soon succeeded by another rise and a cold wave.

Forecast for next 24 hours: Continued clear and cold. The Tycos recording thermometer registered maximum and minimum temperature today, as follows: High..... 14 Below zero Low..... 14 Street thermometers registered five to six degrees below zero, but two degrees is correct as the Tycos instrument is accurate. Aside from the fact that the extreme thermometer is not very accurate, many instruments are covered with frost and moisture from the fog, and do not give a correct reading of the air temperature.

A FAIR QUESTION
