FRENCH SLANG HELD OF HIGHER QUALITY THAN ENGLISH KIND

CLEVELAND, Jan. 10.—French slang is of a higher quality than English slang, which has been improved but little since its invention, according to Dr. Clarence Stratton, director of English in the Cleveland public schools. The French slang is more suggestive and more picturesque; it's clever—which English slang often isn't, Dr. Stratton said.

"Take the case of George Ruth the world's champion home run hitter, for instance," the director continued. "To call him Babe and then to translate Babe into Bambino—there's nothing clever in that. But the man who first called a left-handed pitcher a southpaw had a real idea. Likewise, to say a pitcher has a glass arm is clever and descriptive."

"Has somebody handed you a lemon? That's an ancient bit of slang. Likewise, to find yourself in an awful pickle. Probably both expressions originated because of the sour quality of lemons and pickles. They are expressive and suggestive. The boy who first called a girl a peach also had a real idea."

"One of two things always happens to slang. It is discarded quickly or it is incorporated into the language three or four generations later."

"Slang originates in a desire for emphasis. Seeking emphasis we resort to figurative language. And figurative language at its best, becomes a figure of speech."

Dr. Stratton said he is not an advocate of slang. A constant use of it is the resort of the man or woman too lazy to seek out the proper words.

9,784,664 TROUT PLANTED IN STATE DURING YEAR 1922

PORTLAND, Jan. 12.—Altogether 9,784,664 trout were planted in the streams and lakes of the state during 1922, according to Captain A. E. Burghdoff, state game warden, in his amended report to the state game commission at its regular monthly meeting Monday afternoon.

Burghdoff reported a most successful year. For the year ending November 30, 1922, a total of \$274,903.60 was taken in by the department and of this amount \$55,356.20 remained as profits. This amount added to the balance of last year leaves \$30,485.13 in the treasury. During the year a total of 695 arrests were made for game law violations. There were 2694 game birds released and a total of \$1720 paid in bounties.

Of the trout released there were 5,448,724 rainbows 3,170,740 eastern brook, 783,200 black spotted and 382,000 steel heads. During the year a total of 20,201,024 trout eggs were taken by the department for hatching. Of this number 12,718,150 were rainbow eggs.

"CRIMSON SHOALS," AT THE STRAND TONIGHT

Tonight at the Strand theatre there will be a complete change of program. A big western thriller has been booked, "Crimson Shoals," in which Francis Ford is featured, supported by an all star cast. In addition two new laugh provoking comedies will be shown.

For Sunday an unusually strong attraction is scheduled. "God's Crucible" reported to be one of the finest and most soul-stirring pictures ever put on the screen, will be the attraction supplemented by a new Charlie Chaplin comedy.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed With Sulphur It Brings Back Its Beautiful Lustre At Once

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray, and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundredfold. Don't stay gray! Look young! Either prepare the recipe at home or get from and drug store a bottle of "Weyth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two its natural color is restored, and it becomes thick, glossy and lustrous, and you appear years younger.—Adv.

TRY SULPHUR ON AN ECZEMA SKIN

Costs Little and Overcomes Trouble Almost Over Night

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth. It seldom fails to relieve the torment without delay. Sufferers from skin trouble should obtain a small jar of Mentho-Sulphur from any good druggist and use it like cold cream.—Adv.

TAKE SALTS TO FLUSH KIDNEYS

Eat Less Meat If You Feel Backache Or Have Bladder Trouble

Meat forms uric acid which exerts, and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach aches, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive, harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.—Adv.
