NEWS OF INTEREST TO KLAMATH LUMBERMEN

NOTICE TO LUMBERMEN

The daily market bulletin of the West Coast Lumbermen's association is kept on file at the Herald office, and may be seen by any who are interested.

Long-Bell Establishes Portland Headquarters

PORTLAND, Jan. 20.—Establishment of business headquarters of the Long-Bell Lumber company at Portland to handle the operations of the company in Oregon, Washington and California, as announced here by R. A. Long, chairman of the board of directors of the corporation, is looked upon by lumbermen as confirmation of reports that the company is planning to centralize its operations in the West. The company is one of the largest operators in the Southern Pine territory and maintains its present headquarters at Kansas City.

Long is expected to return to Portland today from a tour of the company's timber holdings and saw mill site near Kelso, Wash. He is accompanied by a large party and arrived in a private car from the East Sunday morning.

Interest in reports that the Long-Bell company is negotiating for the purchase of the properties of the Hammond Lumber company in Oregon and California, including the Hammond fleet of carriers, for a consideration of \$15,000,000, has been intensified among local lumbermen by the announcement of the visit to Astoria, where the largest of the Hammond mills is located. Officials of both companies denied that negotiations for the sale were under way when the story was published here last week.

The Long-Bell company owns approximately 40,000 acres of timberland in the Cowitz river valley and some months ago purchased 3000 acres on the north bank of the Columbia river at the mouth of the Cowitz as a mill and town site. The proposed mill will have a capacity of 1,000,000 feet per day, according to officials of the company. The concern also operates lumber plants in the vicinity of Klamath Falls and in Northern California.

Other officials of the company accompanying Long are: F. J. Bannister, president; J. D. Tennant, vice-

president; R. F. Davis, traffic manager; W. L. Prickett and W. F. Ruder, as well as secretaries and stenographers. Several days will be spent here by the party, examining maps and becoming familiar with all details of the development project, which, when it is under way, will be the largest single timber operation in the country.

NEW TODAY

A moratorium is what results when an implacable creditor meets an unpayable debt.—Boston Herald.

STOCK MARKET IS CAUSE OF GRIEF AMONG GERMANS

BERLIN, Jan. 20.—Thousands of Germans have been bankrupted by the recent craze for speculating in the stock market. The losers were not limited to wage earners and professional men with inadequate incomes, but included many comparatively wealthy men.

The workmen and professional men claim that speculation is not a vice, but a necessity for men whose incomes are 3,000 marks a month or less. They say they "plunged" in the market in the hope of being able to win enough to pay their bills and to buy clothing for themselves or a dress for their wives.

Some of those who lost their earnings in this way have disappeared from their positions. Others are making the round of their acquaintances in an effort to borrow and the remainder are stolidly facing debts which they cannot hope to pay. Grocers and butchers generally have closed all credit accounts.

One of the speculators who lost his monthly salary of 2,000 marks in the stock market speculation, said:

"We have to gamble. We cannot buy but the barest necessities on what we earn, and when prices go up and money for even the necessities is lacking, we take a chance rather, hopelessly thinking that our condition cannot be much worse and that we might have luck."

DETROIT AMERICANS TO TRAIN AT AUGUSTA

DETROIT, Jan. 18.—The Detroit American League baseball club probably will train this year at Augusta, Georgia. Frank J. Navin, president of the organization announces. Manager Ty Cobb now is in Augusta seeking to arrange for housing facilities and expects to conclude negotiations soon. It was stated.

Augusta was chosen some time ago, but the hotel at which the Tigers expected to stop was burned. For a time it appeared that some other training ground might be selected. Whether the Detroiters will make their homes in private residences has not been determined.

The Rochester and Columbus clubs are to train in the immediate vicinity of Augusta and will provide practice games with the Detroit club if Cobb selects the Georgia city.

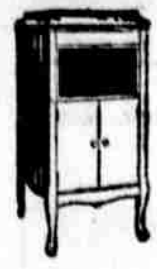

California Short Quarter Million Homes

OAKLAND, Cal., Jan. 20.—Another "Own Your Own Home" and "Build Now" campaign is to be started by the California Real Estate Association February 25, 1922, to meet the demand for new homes. Fred E. Reed, president of the association, declared in an address at the association's 1922 convention here today.

"Approximately 250,000 homes are needed in California to house present and new population," Mr. Reed said. "In every city the building of new homes will tend to solve the unemployment problem."

PERSONAL MENTION

Miss Nora Rinker left this morning for a month's visit in San Francisco and Los Angeles.

HAPPIER WINTER NIGHTS

Solid Comfort these cold nights consists of a good fire, good books and good Music.

Such evenings bring about a fuller appreciation of a restful home life, and if something is lacking with yours possibly it is a lack of good Music, in which case we suggest that you purchase one of our Grafonolas, Sonoras or Victrolas at the very convenient terms now offered.

A good Phonograph livens up the house, drives away the blues and develops an appreciation of the best in Music.

Why not look them over, purchase now and have happier Winter Evenings?
