Letters From The People

Mr. A. E. Burghdoff, State Game Warden will be in Klamath Falls today or tomorrow. A wire was received from him by the Sportsmen's Association late yesterday. For this reason the scheduled meeting of the Association was postponed until this evening at the Chamber of Commerce rooms.

Every one that can should turn out at this meeting whether you hunt and fish or not, for even if not directly interested every one in the county is affected in one way or another by legislation affecting the fish and game laws of our country. At the present time all the waters of Klamath County with the exception of Klamath river are closed to fishing.

As we all know, lake fish are best eating at this time of the year as fish are not spawning now and the amount that would be caught is small and therefore the conservation due to closing the season amounts to very little. Many residents here are unable to devote time to fishing during the busy summer season but now would enjoy a little lake fishing while unemployed and in addition to the sport would receive the benefit of the fish for food at a time when work is scarce.

The same will apply to Williamson, Sprague, Wood and other streams. For real protection and conservation the waters of Klamath county should be closed only during the spawning season in the spring.

Another thing that I would like to know, do the people of Klamath County want a thirty day open season on deer with a limit of one buck. Many farmers as well as town residents are able to get out in the woods only at a certain part of the season. By cutting the season to thirty days it would prevent many from going and the balance who are able to go would all be out at the same time thereby increasing the danger of hunting. Our deer are increasing in spite of the increased number of hunters and personally I do not feel that the Commission should change our open seasons on fish and game without some voice of the people or without familiarizing themselves with conditions here.

I think that there is very little dissatisfaction in the county with our present game laws except regarding the fishing season. It is up to the residents of our county to join together with the Klamath Sportsmen's Association and voice their wants in a loud enough voice that the Fish and Game Commission will heed it. Oregon gets the majority of her rainbow trout eggs and fry for stocking the waters of the state other than Klamath county from the streams of Klamath County. This fact alone entitles us to some recognition when it comes to legislation affecting our fishing and hunting.

Remember the meeting this evening at the Chamber of Commerce rooms and that this is the time to meet with the State Game Warden, who represents the State Fish and Game Commission, and tell him what we do or do not want. Remember it makes no difference whether you are a member of the Klamath Sportsmen's Association or not you are a resident of Klamath county and we want you there. JOHN J. FURBER.

MIDLAND

Harry Withrie's serious condition is rapidly improving under the care of Dr. Hunt of Klamath Falls, and strongest hopes for a speedy recovery to health is entertained by his many friends. John Depuy who had been in Klamath Falls for the past week under the care of a physician, returned to his home Saturday, much improved in health. Mr. Depuy had been suffering from bronchitis. Frank Saxton, county club leader and Richard Quimby were Midland school visitors, Friday afternoon, trying to interest the pupils in club work. As a result of their visit the girls of the Midland school organized a sewing club, with Catherine

Twenty-Five Years Ago in Linkville

THE FIRE CHIEF WAS DETAINED AND DID NOT ATTEND THE FIRE IN ED WURLERS' WOOD SHED TODAY.

Burnett, president; Opal Hooper, vice president; Mary Del Patti, secretary; Pauline Burnett, Treasurer.

Two of the boys are going to take up club work. Fred Stakel and son from Merrill shipped four car loads of cattle today to C. Swanson & Son, Sacramento, California.

B. N. Lewis, Southern Pacific plumber, was here seeing to the Southern Pacific works, so that the stock has plenty of good fresh water.

T. W. Straw, brother of J. W. Straw, county brand inspector was here as his brother is still in California.

Mr. and Mrs. Hilbert, Largent entertained a large number of friends at their home on Miller Island Saturday evening at a dancing party. The music was by a two piece orchestra from Klamath Falls. At midnight Mrs. Largent, assisted by Roscoe Largent served a two course lunch. The party danced until a late hour and gave the verdict that Mrs. Largent was an able and charming hostess. The guests were as follows: From Klamath Falls, Abel Quick, Gus Glad, Eric Gustason, Simon Lindrot and Mr. Johnson and Mr. Lindquist, musicians. From Miller Hill: Mr. and Mrs. Sutton and son Elmer; Mr. and Mrs. King and daughters, Fern and Thelma; Mr. and Mrs. Homer Depuy, Mary Shulmire and Carl Shulmire. From Midland Mr. and Mrs. Hanson, Mr. and Mrs. Anderson, Mr. and Mrs. Goffie, H. B. Wynatt, Roscoe Lar-

gent, Austin Hooper, Ha Hooper, Mr. Largent, Sr. and the host and hostess, Mr. and Mrs. Hilbert Largent. S. L. Burnett and wife were Klamath Falls visitors Friday. Geo. Furber and F. D. Young, local merchants, were Klamath Falls visitors Saturday.

FARM POINTERS

Pruning of bush fruit, such as raspberries, logans, and evergreen blackberries may be done from now on with safety. The peak of the winter has no doubt passed, thus eliminating the danger of further dieback due to excessive cold.—O. A. C. Experiment station.

Green feed is necessary for hens if they are to be kept in the best breeding condition this time of year. Finely chopped green rye or oats will serve the purpose well. Green feed is of great importance in producing fertile, hatchable, eggs.—O. A. C. Experiment station.

February is usually the best time to sow red clover seed in fall grain. If the soil is frozen at night and thaws during the day the condition for clover seeding is ideal. Clover should be seeded before the spring growth of grain begins, and at the rate of 10 to 12 pounds per acre.—O. A. C. Experiment station.

Spray Program Soon

A spray program for this year that is revised and completely up to date has been prepared by H. P. Barnes, head of the department of botany and plant pathology, and A. L. Lovitt, chief in entomology. It will be published in the near future in the leading farm and horticultural papers of the state. The program covers the entire year's work against every plant disease or insect pest controllable by spraying. Growers are advised to watch for its appearance.—O. A. C. Experiment station.

As near as we can figure out China is a "problem" of the same kind that a building is which burglars intend to rob.—New York Call.

It is proposed to give Germany additional time in which to pay it with promises.—Boston Transcript.

MEAT CAUSE OF KIDNEY TROUBLE

Take Salts to flush Kidneys if Back Hurts or Bladder Bothers

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that most forms of kidney trouble are caused by the kidneys in their efforts to expel it from the blood. They become sluggish and swollen, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then get free. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also

to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure, and makes a delightful effervescent lithia-water drink.—Adv.

RED PEPPERS STOP PAIN OF RHEUMATISM

When you are suffering with rheumatism so you can hardly get around just try Red Pepper Rub and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers. Instant relief. Just as soon as you apply Red Pepper Rub you feel the tingling heat. In three minutes it warms the sore spot through and through. Frees the blood circulation, breaks up the congestion—and the old rheumatism torture is gone. Rowles Red Pepper Rub, made from red peppers, costs little at any drug store. Get a jar at once. Use it for lambs, neuritis, backache, stiff neck, sore muscles, colds in chest. Almost instant relief awaits you. Be sure to get the genuine, with the name Rowles on each package.—Adv.

IF SKIN BREAKS OUT AND ITCHES APPLY SULPHUR

Just the moment you apply Mentho-Sulphur to an itching, burning or broken out skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such a quick relief, even to fiery eczema, that nothing has ever been found to take its place. Because of its germ destroying properties, it quickly subdues the itching, cools the irritation and heals the eczema right up, leaving a clear, smooth skin in place of ugly eruptions, rash, pimples or roughness. You do not have to wait for improvement. It quickly shows. You can get a little jar of Mentho-Sulphur at any drug store.—Adv.
