

Interest Aroused in Ritchie's Match With Hogue Tonight

Because it is felt by many fans here that Earl Ritchie is about to meet a battler more equal to his own ability than any who have been seen here for some time, great interest has been aroused in his match with Al Hogue at the Scandinavian hall tonight.

Those who have seen Hogue pronounce him to be almost a duplicate of Ritchie in build and weight. And while Hogue will have to prove his ability, the fact that he was picked by the experienced ring general, Jack Downey, to come up here and show Ritchie how it is done, many believe that Ritchie's adherents may be treated to a surprise tonight.

For a curtain-raiser, the old favorites, "Tuffy" Anderson and Young Fitzsimmons will appear. Tuffy appears to have put on some weight since his last appearance and may be at a disadvantage with his slim opponent. Fitz is reported to have been training hard for this bout which, he hopes, will not be declared a draw as usual.

Kid Vincent will have another chance at Kid Harrington, the Chilcoquin scrapper. Vincent showed considerable improvement in his last bout and it is considered that he will put up a better scrap this time. He won both former bouts through Harrington flogging him, apparently without intention.

Young Weist, of Merrill, and Battling North, of Klamath Falls, have not appeared here recently, but both have excellent reputations and from all reports are about evenly matched.

GOVT. CLUB HAS MEET

Great Interest is Aroused in Question of Two Forms

Growing interest was evidenced last night at the third meeting of the City Government Study club at the Chamber of Commerce which was attended by the usual large number of business men.

R. C. Grossbeck, in opening the meeting, said that he had heard reports that it was the purpose of the club to urge the adoption of the manager form of municipal government. These reports he branded as unfounded, saying that the only purpose was to study and weigh the various forms with view to eventually recommending one form.

At the next meeting a debate will be held on the proposition: "Resolved, that the Councilmanic Form of Government has Greater Elements of Strength than of Weakness," for which two debating teams were chosen, as follows: Affirmative, A. J. Vove, chairman; M. S. West, W. T. Lee, A. M. Collier, M. L. Johnson, C. T. Darley, Dr. Geo. I. Wright and Mr. Madson. Negative, H. D. Newell, chairman; W. O. Smith, T. A. Stevenson, Wm. McNealy, R. H. Dunbar, A. and Mr. Tanner.

In the reports made by members, it was brought out that the assessed valuation of Klamath Falls for 1921 was \$1,672,624 and that the bonded indebtedness is \$596,793 or about \$160 per capita based on a population of 6000. It was shown that the bond limit here is 15 per cent, 5 per cent higher than in most cities, permitting a bonded indebtedness of \$791,439.60.

Two hundred fifty-three inquiries sent by the club to 81 cities in 21 states having the city manager form of government returned 230 favorable replies. The letters were addressed to prominent business men and banks, whose names appeared in Bradstreets, and to school superintendents, labor leaders and chambers of commerce. Of 44 banks reporting three were unfavorable, five of eight labor leaders were unfavorable, school superintendents were unanimously in favor and chambers of commerce were in favor with two exceptions.

It is planned to hold three further meetings, at the last one of which the club will go on record as favoring one of the forms of government.

The next meeting will be held February 9 when the debate will be heard. A week later the city manager form will be the subject of a debate.

USE LOCAL PRODUCT

Cheese Manufactured in Malin Being Shipped to San Francisco

The grocers of this city now have an opportunity to make their acts suit their words. Constantly they urge the people of the county to trade at home, so that the money stays here. What is sauce for the goose should be sauce for the gander, and it is with no little force that the manufacturers of Klamath cheese are urging Klamath county merchants to handle and push the sale of that article. It is a home production and should receive home patronage and promotion.

Klamath cheese is manufactured at Malin, the company being a co-operative affair. The cheesemaker is John Rober, with whom the company has a three years contract. His cheese carried off the gold medal at the California state fair, it having received the highest award. Klamath cheese is a superior article, since it contains 4 3/8 per cent of butter fat, while other cheese carries only 3 1/2 per cent. It is an article that should be used in every home where cheese enters as a part of the diet and should be in such demand that no other outside cheese could find a market here. In that way it can be developed and become a valuable asset to the county and furnish a permanent outlet for the milk of the Malin-Merrill territory.

Each day between four and five hundred pounds of cheese is manufactured. Of this upwards of two tons is brought to this city each week by A. Kalina for shipment to San Francisco, where it is in demand, already having established itself among those who appreciate quality.

JACK JOHNSON BLOCKS TRAFFIC; IS ARRESTED

NEWARK, N. J., Jan. 27.—Jack Johnson, former heavyweight champion, was arrested today on a charge of violation of traffic rules with his automobile. He left \$50 with a police sergeant for appearance Saturday morning.
