SAVATION ARMY LASSIES PUT BAN ON SHORT SKIRTS

CHICAGO, Jan. 30.—The skirts of the Salvation Army lassies must not be more than seven inches above a street level, according to an order issued here today by Commissioner William Peart, leader of an organization in fifteen mid-west cities.

"A few years ago we were trying to persuade our women to wear shorter skirts," said Commissioner Peart, in commenting upon the order. "The skirt that trails in the street gathering germs is a menace to the wearer's health; but the skirt flaps around the knees is protection of a menace to the modesty of the woman who wears it. The skirt is about the only thing which doesn't appear to be coming down these days, and a back to normalcy on the too-short dress will do a lot to protect the morals of the rising generation."

Commissioner Peart stated that order would affect every Salvation Army member in 77 countries, colonies where the organization also, with the possible exception of China and Japan, where it is the women wear trousers.

FARM POINTERS

Thorough fanning or cleaning of grain for early planting will save many light, weak and broken kernels, leaving seed that will not so quickly in cool soil and stands mean better crops.

Wash on fruit trees is most quick and rid of the use of one of common lye dissolved in gallons of water used as a spray. Bordeaux mixture has proved most permanent control.

Potatoes are sometimes planted in February to provide a very early crop for table use. Earliest of all good variety to use in this way. The seed should be planted whole to avoid rotting in the cold soil. Some early potatoes may be had in this way where soils are late in getting dry enough to work later in the season.

It is a wise practice to tag the ewe before lambing time. Cutting away a part of the fleece around the udder will make it far more convenient for the lamb to nurse. The hung locks should be removed at the same time, as their removal adds to the value of the fleece and lessens the danger from insect pests.

FREE GOVERNMENT SEEDS AT THE HERALD OFFICE

Free government vegetable and flower seeds have been received at the Herald office and will be distributed through courtesy of Congressman N. J. Sinnott. The vegetable seeds are more numerous.

Each package of vegetable seeds contains beet, carrot, lettuce, onion and radish seeds, and directions for their planting. The other packages contain Caledonia, Candy Tuft, Cosmos, Dianthus and Poppy seeds.

One package of each will be given to any one family calling at the office, until the supply is exhausted.

There is to be a meeting of the Klamath County Wool Growers' association on Wednesday at Merrill.

Mrs. Mary Severance died at the home of her son, Al Strickland, at White Lake, Wednesday morning at 9:30. Mary Pankey was born in Tennessee in 1826. She was married to Jonathan Strickland, and later in life to Harry Severance. Mrs. Severance moved to Jackson county, Oregon, 44 years ago, from there to Merrill 12 years ago, where she has since lived. She died Wednesday, after a week's illness, having reached the ripe old age of 95 years and seven months.

She was an earnest Christian woman. Early in life she united with the Christian church, and a few years ago with the Advent church. She had a keen mind to the last, and besides her immediate family leaves a host of friends to mourn her loss. She leaves one son, Mr. Al Strickland, with whom she made her home, and three brothers, Obadiah Pankey, Klamath Falls; Jobadiah Pankey, Roseburg; and Thomas Pankey, Gold Hill. The funeral occurred Friday from the church in Merrill. Burial was at Mt. Laki.

An Army Marches On Its Stomach, Said Napoleon

The Great Corsican Knew that Success in Life Depends Upon Your Strength, Energy and Endurance

By Harrison Vaughn.

When Napoleon led his victorious armies through Europe, his worst enemies were not the nations defending themselves against his smashing onslaught; but he was confronted by the graver question of how to provide nourishing and strengthening food for his soldiers.

The Great Corsican realized long over a century ago as has every commanding general since, that men's bodies must be perfectly nourished if they are to retain their natural strength, energy and vigor; in fact, that the very health of the human being is regulated almost entirely by the stomach. Under-feeding, insufficient nourishment, means loss of flesh, anaemia, lack of red blood and subsequent weakness of the entire system.

What such people need to enable nature to bring back their strength and vigor, restore their lost weight, and put them in fighting trim, with rich red blood coursing through their veins is Tanlac, the powerful reconstructive tonic and body builder.

A man or woman suffering from sour stomach, bad breath, biliousness, indigestion, or gas on stomach, is unfitted either for physical or mental labor. Sufferers from these ailments find life a burden; they look on the world through blue glasses, the joy and rewards of the vigorous, happy, normally healthy person are not theirs. Their troubles embitter them against the world, destroy their ambitions and make their lives dull and unhappy.

How foolish to continue in this condition when on every hand throughout the length and breadth of

the land, people by the thousands are daily testifying to the remarkable powers of Tanlac in conquering stomach troubles. This powerful reconstructive medicine builds up the weak and the despondent; gives them new hope and happiness and a new lease on life.

Tanlac's name has been praised by hundreds of thousands. Testimonials from every corner of the United States and Canada have shown conclusively that even in cases where patients had almost given up all hope and where men and women had believed themselves doomed to a life of misery and suffering, Tanlac has overcome their troubles and brought back health, energy and happiness into their lives.

If you are not "fit as a fiddle" in the morning and don't feel better than when you went to bed; if your breath is offensive and you have that bad taste in your mouth, your body is not being nourished properly. What you need is Tanlac to restore you to normal so Nature can bring back the flesh you've lost, put the bloom of health in your cheeks, the spring of energy in your step and the sparkle of happiness and contentment in your eye.

NOTE—Tanlac Vegetable Pills are an essential and vitally important part of the Tanlac treatment. You cannot hope to get the most satisfactory results from Tanlac without first establishing a free and regular movement of the bowels. Tanlac Vegetable Pills are absolutely free from calomel and are sold on a positive guarantee to give satisfaction.

Tanlac and Tanlac Vegetable Pills are sold by druggists everywhere.—Adv.
