

As the College of Cardinals Meets for Pope's Election

The meeting of the Sacred College of Cardinals Feb. 2 to elect a successor to the late Pope Benedict XV will appear much like the gathering in this picture. The photograph was taken when the college met in the session that resulted in the election of Pope Benedict.

"FLAPPERS" DEFINED

Said to Be Girls Who Consider Advice as Abstract

BERKELEY, Cal., Jan. 31.—Approximately 2,000 "flappers" are on the University of California student rolls. Miss Mary Ide Bentley, former secretary of the San Francisco Young Women's Christian association, declared in an address here.

"Flappers," Miss Bentley said, "usually are girls who believe personality is physical, who consider all advice as abstract, who love continual change, who converse in generalities and who are in many higher institutions of learning."

"To present a picture of the normal girl as she exists today is a daring venture," Miss Bentley added. "She has no average, she has no group tie. She is a stranger to herself—sometimes especially to members of her own family—and cannot be compared with her kind of a previous age."

"We are tempted to think of her as living in a spirit of masquerade so rapidly and completely can she assume different and difficult roles of accomplishment."

"She tantalizes us by the simplicity of her artfulness and yet unrealness. We find her light-hearted, which is the privilege of youth. She believes with Stevenson that 'to have missed the joy is to have missed it all.' We find her harboring secrets and imbedded emotions which are her hidden treasure in the mysterious discovery of herself as a private individual. If we do not understand these symptoms, we call it temperament and try to dispose of the girl as difficult or as 'needing discipline.'"

U. S. BELIEVED OPPOSED TO GENERAL ECONOMIC MEET

WASHINGTON, D. C., Jan. 28.—From indications given in official circles the United States is adverse to participation in a general European economic conference, should such a meeting be held at the time of the Genoa gathering, but would look with more favor on a conference at a later date. Genoa meeting, it was asserted, would be in a position to obtain more satisfactory results if more time were given for conditions in Europe to stabilize.

LOGGING COMPANY GETS NEW LANDS

ASTORIA, Jan. 31.—Purchase of a portion of the Kerry Timber company's timber, holding by the Bear Creek Logging company and a deal whereby the Gold Medal Shingle company mill on the Columbia & Nehalem railroad, south of Kerry, was sold to the Neverstill Shingle company, came to light Friday. The timber and mill property involved are both tributary to the Columbia & Nehalem road and are near the Clatsop-Columbia county line.

The Bear Creek company will move its camps Monday to commence logging its new holdings. It has just completed cutting a large territory of yellow fir.

A recent reorganization of the company has been announced and in the future it will be known as the Porter & Carsten Co. The Gold Medal Shingle company was a subsidiary of the Menefee interests of Portland. The Neverstill Shingle company will be operated upon a co-operative basis. It also expects to do some logging in addition to manufacturing shingles.

SHIPMENTS 6 PER CENT ABOVE PRODUCTION

Production was 19 per cent below normal; new business was 7 per cent below production; and shipments 6 per cent above production.

Thirty-nine per cent of all new business taken during the week was accepted for future water delivery. This amounted to 25,324,621 feet, of which 18,073,048 feet will move coastwise and intercoastal, and 7,451,573 feet will move over-seas. New business for delivery by rail totaled 1,334 cars.

Fifty-three per cent of the week's shipments moved by water, totaling 39,530,838 feet, of which 28,354,569 feet moved coastwise and intercoastal, and 11,175,969 feet export. The rail movement for the week was 1,189 cars.

The unshipped balance in the domestic cargo trade totaled 84,151,524 feet; and in the export trade 82,812,747 feet. In the rail trade the unshipped balance amounted to 4,215 cars.

CLEANUP FOR PAISLEY

Recent Shooting Affray Arouses Ire of Citizens

LAKEVIEW, Jan. 30.—Paisley is likely to be termed the "Spotless Town" of Oregon, if plans now forming are successful. Since the shooting affray there in December the citizens have been much dissatisfied with conditions, and especially those in regard to bootlegging. At a law and order meeting held a few days since the situation was gone over very thoroughly, and it was decided that there must be a change in conditions immediately. Sheriff Woodcock was invited to be present and he promised to lend all assistance possible in bettering conditions. At his urgent solicitation, Geo. Hanan accepted the position of deputy sheriff to succeed the late James F. McDonald, and on the following day Mr. Hanan was appointed by the town council to serve as marshal.

Moonshine has been plainly in evidence in Paisley during the past month, according to Sheriff Woodcock, and on his return from there this week he brought Merle Stanley with him to answer to a charge of bootlegging. It is alleged that Stanley employed a youngster to dispose of the stuff, allowing him a commission of 50 cents on each bottle sold. The boy was discovered making a sale, and on being questioned made a clean statement of the transaction.

With Geo. Hanan serving as marshal and deputy sheriff there is little likelihood of conditions remaining as they are, especially when he is receiving the support of the best citizens of the town.

MANY NURSES PLACED

Nine Oregon Counties Under Jurisdiction of State Bureau

PORTLAND, Jan. 30.—The State Bureau of Public Health Nursing and Child Hygiene, which is a department of the state Board of Health, in its report for the fiscal year just ended, states that during 1927 county nurses have been placed in the following counties: Deschutes, Klamath, Lane, Douglas, Washington, Wallowa, Morrow, Multnomah, Clackamas and Benton.

The Sheppard Towner Bill, for the promotion of maternity and infant welfare work, which has just recently been passed by Congress and signed by the President, apportions to each state applying for it the sum of \$10,000, the first year and \$5,000 each subsequent year for five years, with an additional \$5,000, and a further apportionment pro rata to population if the two latter apportionments are matched by the state.

The Oregon legislature at its special session last December made application for the first \$10,000, and the Bureau of Public Health Nursing and Child Hygiene is, by the text of the bill, designated the official body in Oregon for the expenditure of this sum.

SPORTS

BONANZA TEAM ADDS ANOTHER VICTORY

BONANZA, Jan. 31.—The Bonanza basket ball boys added another victory to their record by winning a second game from the Klamath Falls High school hoopers on the local floor Friday night. This game leaves Bonanza second in the league, with six games won and one lost.

In the first half neither team seemed to have any decided advantage, the score at the end being six to six. In the second half the local boys came back strong and got the jump on their opponents in the first few minutes of play by annexing two field goals. After this they forged steadily ahead, running up a final score of 19 to their opponents 8. The game was replete with roughness and numerous fouls were called on both teams. Goetz was high point man for the visitors with three field goals, to his credit. Orises for the local boys carried a total of fifteen points, by finding the basket for four field goals and converting seven out of fourteen free throws. The visitors converted three out of twelve attempts from the foul line.

Mr. Bradbury of K. C. A. C. fame was referee.

Last Friday Jan. 20, the Klamath Agency basket ball five journeyed here and met defeat at the hands of the Bonanza boys. Local fans declare it was the fastest, closest game seen this season. It was the first reverse experienced by the Agency boys in the seven games they had played. The first half was very close, the score being six to four in favor of Bonanza. In the second half the local boys tightened up a bit and annexed 13 points to their opponents 7.

For the visitors Ball was high point man, dropping in three field goals, while Baker found the basket for one filled goal and annexed three

points by the free throw route. Orises playing forward for the local boys shot two field goals and converted three out of four tries from the foul line. Chaney holding down the other forward and Welsh at the pivot position were credited with two and three field goals respectively. Horton played a consistent game at guard and connected with the basket for one field goal.

Mr. Dilton, coach of the Agency five, refereed and was highly complimented for the manner in which he conducted the contest.

PACIFIC FLEET "GOBS" ADD TWO MORE TROPHIES

LOS ANGELES, Jan. 31.—Two trophies, representative of the athletic prowess of the "gobs" of the Pacific Fleet, were added to the fleet's trophy case recently, with the presentation to Admiral E. W. Eberle, recipient in behalf of the fleet, of a silver cup won by the fleet's football team, and a large silver tray, a perpetual trophy given by The Los Angeles Times to stimulate interest in the semi-annual sailing regattas staged by the fleet athletic directors.

The cup was presented by the American Legion in recognition of the victory of the sailor eleven over the football team of the Ninth Corps army area at Pasadena, Armistice Day, November 11, last.

The Times trophy will be given every year to the ship's crew having scored the greatest number of points in the sailing events of the preceding twelve months.
