RADICAL ACTION
ADVISED TO SAVE
FISHING INDUSTRY

NEW YORK, Feb. 2.—The salt
water fisheries of this country are
being menaced by the present
regulations of commercial fishery,
restriction of water and improper
regulations, declared John
Burnham, a member of the Migratory
Fish Conservation committee,
one of the originators of the Migratory
Bird Law, today.

On the coast of Lower California,
Burnham asserted, the water is
soil white with fish killed by
poisoners, who cannot take them
out for sale. He says that the
entire sturgeon and salmon have
disappeared and added:
"Unless radical action to preserve
fish is taken in the immediate
future, this country will find itself
facing the problem of trying to
restore a natural resource of great im-
portance which already has been
lost."

The Migratory Fish Conservation
Committee, an organization believe-
ing in the necessity for federal con-
trol of the fisheries, will soon intro-
duce in Congress a bill similar to
the present migratory bird law, look-
ing to the general protection of fish
in the waters of the United States,
Burnham said.

The Migratory bird law, he stated,
proved conclusively that game
birds should be conserved by legisla-
tion and the Migratory Fish Conserva-
tion Committee expects little oppor-
tunity to the bill except from com-
mercial fishermen and those states
which derive a revenue from such
fisheries without a thought of the
duration of the industry.

LAKE TO
COAST STEAMSHIP
LINE INAUGURATED

CHICAGO, Feb. 2.—Without wait-
ing for action on the proposed Great
Lakes and St. Lawrence deep water
route to the sea, Chicago will have
a steamship service to Philadel-
phia next summer, according to
plans of the Chicago Steamship
company.

Five ocean-going steamers have
been purchased to start the line. All
the ships come within the present
dimensions of the Welland canal
locks, so they can pass from the
lakes to the St. Lawrence. One of
the vessels, the George W. Clyde,
left Philadelphia for Chicago sev-
eral weeks ago, loaded with sugar,
but after being buffeted by winter
ales off the Nova Scotian coast,
was caught by ice in Lago St. Clair,
near Detroit, and is now held there
waiting for a thaw. The Clyde is
to plow through six-inch ice
in the open lakes, but the narrow
St. Clair has been jammed with
ice floes.

FRIGHT OF HIS LIFE THE OTHER NIGHT

Two other ships, purchased from
the shipping board at Seattle, are
outfitting there for the long trip
via the Panama canal and the St.
Lawrence. The same trip was made
last summer by the passenger steam-
er Petroskey, formerly in the Seattle
Alaskan service.

MANY HOMES ARE
DAMAGED WHEN OIL
GUSHER COMES IN

LONG BEACH, Calif., Feb. 2.—
Saturating the landscape for blocks
in every direction with crude oil,
and causing damage estimated at
more than \$250,000 to handsome
Signal Hill homes, erected prior to
the discovery of the oil field on the
hill, the Black & Drake well No.
1, of the General Petroleum com-
pany at Willow street and Wal-
nut avenue came in, a combination
oil gusher and gasser.

The well did not catch fire, as
did the other gushers that have
come in on the hill. It might better
have become ignited, burning the
oil as it flowed, in the opinion of
many oil company officials, since
damage suits, involving millions,
more than likely will follow.

ST. LOUIS PROVES
TO BE HEALTHIEST
CITY FOR BABIES

ST. LOUIS, Mo., Feb. 2.—St.
Louis is the healthiest of the larger
cities for babies, declared Max C.
Starkloff, health commissioner, to-
day. Dr. Starkloff made public fig-
ures showing that this city in 1921
had the lowest death rate among in-
fants under 1 year of age.

The health commissioner gave out
a table showing the mortality rate
per 1,000 infants in the various
cities. The table, he said, was
based on federal statistics, and fol-
lows:

Table with 2 columns: City and Mortality Rate per 1,000 infants. Cities listed include St. Louis (61.7), Cleveland (73.0), Philadelphia (76.0), Boston (76.0), Cincinnati (77.0), Washington (83.0), Detroit (85.0), New York (85.0), Chicago (85.8), Baltimore (87.0), Pittsburgh (89.0), etc.

THE COUNTRY GOD FORGOT
TONIGHT AT STRAND

"The Country God Forgot," at the
Strand tonight is a story of the West-
ern wastes and a man's love for a
woman, and was directed by Marshall
Neilan, who is probably one of the
greatest directors of today.

is a drama of exceptional interest and
is a story which will appeal to all.
Interpreted and directed by such well
known people it cannot fail to arouse
the most stolid person in its action
and strong appealing force.

In addition there will be a new,
side-splitting comedy and it is "Country
Store," night too. Here are some
of the prizes: two chickens, order for
5 quarts of milk, 40 lb. box of apples,
can of coffee, package of tea, two
boxes of candy and others.

Armless Scrapper

Sammy Butts has only one good
arm, but his friends say he will
soon be a contender for the bantam-
weight championship. In 56 matches
he has lost only two decisions, drew
five and won 49. His right arm was
crippled when a boy.

BIG EATERS GET
KIDNEY TROUBLE

The American men and women
must guard constantly against Kid-
ney trouble, because we eat too much
and all our food is rich. Our blood
is filled with uric acid which the
kidneys strive to filter out. They
weaken from overwork, become slug-
gish; the eliminative tissues clog and
the result is kidney trouble, bladder
weakness and a general decline in
health.

ure, makes a delightful effervescent
lithia-water beverage, and belongs in
every home, because nobody can
make a mistake by having a good kid-
ney flushing any time.—Adv.

BREAK CHEST
COLDS WITH
RED PEPPER

Ease your tight, aching chest. Stop
the pain. Break up the congestion.
Feel a bad cold loosen up in just a
short time.
"Red Pepper Rub" is the cold reme-
dy that brings quickest relief. It
cannot hurt you and it certainly
seems to end the tightness and drive
the congestion and soreness right out.
Nothing has such concentrated,
penetrating heat as red peppers, and
when heat penetrates right down in-
to colds, congestion, aching muscles
and sore, stiff joints relief comes at
once.

TO DARKEN HAIR
APPLY SAGE TEA

Look Young! Bring Back Its Natural
Color, Gloss and
Attractiveness
Common garden sage brewed into
a heavy tea, with sulphur added, will
turn gray, streaked and faded hair
beautifully dark and lustrant. Just
a few applications will prove a revel-
ation if your hair is fading, streaked
or gray. Mixing the Sage Tea and
Sulphur recipe at home, though, is
troublesome. An easier way is to get
a bottle of Weyth's Sage and Sulphur
Compound at any drug store, all
ready to use. This is the old-time
recipe improved by the addition of oth-
er ingredients.

While wispy, gray, faded hair is
not sinful, we all desire to retain our
youthful appearance and attractiveness.
By darkening your hair with
Weyth's Sage and Sulphur Com-
pound, no one can tell, because it
does it so naturally, so evenly. You
just dampen a sponge or soft brush
with it and draw this through your
hair, taking one small strand at a
time; by morning all gray hairs have
disappeared, and after another appli-
cation or two your hair becomes
beautifully dark, glossy, soft and lux-
uriant.—Adv.

Back Weak and
Lame for Years

Rub ointment, pain, stiffness
right out with a small trial
bottle of Old St. Jacobs Oil
St. Jacobs Oil stops any pain, so
when your back is sore and lame, or
lumbago, sciatica or rheumatism has
you stiffened up, don't suffer! Get a
small trial bottle of old, honest St.
Jacobs Oil at any
drug store; pour a
little in your hand,
and rub it right on
your aching back;
and by the time you
count fifty the sore-
ness and lameness
is gone.
Don't stay crippled.
This soothing,
penetrating oil
needs to be used
only once. It takes
the pain right out and ends the misery.
It is magical, yet absolutely
harmless, and doesn't burn the skin.
Nothing else stops lumbago, sciatica,
backache or rheumatism so promptly.
It never disappoints!
