

HARDING FOR LEGION

National Commander, Satisfied President Will Support Bonus
WASHINGTON, Feb. 28.—National Commander, MacNeider, of the American Legion conferred with President Harding today urging immediate enactment of the bonus.
After leaving, MacNeider and Taylor, legislative agent, said they were satisfied there will be no delay and that the president was "heart and soul with the American Legion."
They did not discuss the financing plan.

REJECT PROPOSALS FOR STAR ROUTE SERVICE

No satisfactory bids having been received in response to recent advertisement for proposals for carrying mail on the Star Route known as Route 73274 Klamath Falls, Merrill, Tule Lake and Malin, this route is readvertised and bids will be received by the Fourth Assistant Postmaster General, at Washington, D.C. up to 4:30 p. m. on April 4th, 1922. This statement was issued today by Postmaster W. A. Delsell.
Proposals can be secured from postmasters. The official advertisement is posted in the postoffice lobby.

PRICES SHOW INCREASE

(Continued from Page 1)
The greatest movement is reported in the trade with Japan and the United Kingdom.

Retail Trade Increase

Retail trade as reflected in reports from 23 department stores in the leading cities of the district continues to exceed in volume that of a year ago. The decline in value of total January sales of these department stores, when compared with January 1921, was only 6.3 percent, whereas these stores report average price declines during the period considerably in excess of this percentage.

The improvement in the wholesale trade, which began to be apparent in October, 1921, continues. Of the 10 reporting lines of business, 3 report the value of their sales during January 1922, in excess of those of January, 1921. Six of the seven remaining lines report a percentage of decline in the dollar value of their January sales which is appreciably less than the percentage of decline reported in the prices of their goods during the year.

Building activity has again reached record proportions, exceeding by \$13,900,000, or 155 percent, the value of operations reported for January sales which is appreciably less than the percentage of decline reported in the prices of their goods

during the year.
Business failure during January, following the national trend, were larger in number than in any month during recent years.
The volume of business being done throughout the district generally as measured by debits to individual accounts for January continues larger than it was a year ago. The value of these debits during January 1922, in 20 principal cities was about 8.3 percent less than it was in January, 1921, as compared with a decline of 21 percent in wholesale prices and slightly less than his figure in retail prices during the same period.

SPORTS

K. A. A. A. SMOKER MAY BE HELD ON MARCH 20

Another evening of fun is promised sport fans by Harold Christy of the K. A. A. A. who is arranging an athletic smoker for about March 20. Christy, who is a wrestler of note, has discovered an opponent willing and, from all reports, capable of trying a whirl with him. Due to scarcity of material Christy has not appeared here for a long time, and this match should arouse great interest.

Baseball Bug Bites Klamath High Boys

Basketball season is over at the high school and athletes on the hill are looking for every harbinger of spring which might forestall a break in the weather that would mean spring and a chance to exercise arms at the great national pastime.

In fact a number have already been attacked by the baseball bug, and regardless of the weather outside met in the K. A. A. A. gymnasium yesterday after school to limer up wings by tossing the ball around.
It is hard to predict yet what baseball the high school has for a baseball team. The game has not been played here for two years, and only two or three men of former teams are in school.

A meeting of boys interested in baseball is to be held this evening to get a line on available material.

NEAL HART SEEN IN SEA PICTURE

Discarding his spurs, puttees and other regalia typical of western pictures, Neal Hart was shown his versatility in a sensational and gripping story of the sea, "God's Gold," which appears at the Strand theatre tonight.

Hart's ability as an actor has long been established and throughout the country exhibitors and "fans" have

come to recognize him as a favorite in the ranks of photoplay artists. For many months Hart has been seen only in western roles, and it was at the request of many of the country's leading showmen that Hart agreed to produce a picture dealing with sea life.

The story, "God's Gold," is from the pen of Arthur Henry Gooden and is replete with thrilling situations that will hold the attention of the audience from start to finish. The author has provided Hart with the role of a sea captain. He learns that a quantity of gold has been hidden by a gang of mutineers on an uncharted island and sets out to locate the buried treasure.

How he saves his ship from destruction on the rocks, fights off a number of savages, locates the gold and then determines that God's real gold is his sweetheart, makes one of the most thrilling and appealing stories that Hart declares he has ever had the pleasure of producing.

Buying Power Over 900 Retail Stores

WHILE in New York buying Spring goods, I was most fortunate in meeting an old friend of mine who is now Secretary and Buyer for the Northern Jobbing Company, who invited me to join their Association, consisting of over 900 stores, located all through the Central States, and have been very successful in reducing high cost of merchandise to their customers. There is no quantity too large for this Association to handle provided prices are attractive and merchandise have merit. From now on we will eliminate to a certain degree buying from regular wholesale houses, and buy direct from manufacturers.
