

The Office Cat

BY JUNIUS

TEDDY AND BETTY

It was Betty's first dance. Teddy took her. With her pretty head all in a whirl. She was dressed in a sweet, modest costume. A simple and shy little girl.

All the fellows who went to the ball were casting sheep's eyes 'round the hall. And seeking to find, in all of that bunch, The girl who could really dance with a punch.

They never saw Betty a' tall! She registered blank at the ball; They chose the gay flappers in décolleté gowns And looked upon Betty with sneers and with frowns.

So Teddy and Betty left early you bet, She feeling a failure, he filled with regret, And Teddy dropped Betty as most fellows do, And picked out a flapper—and fell for her, too.

So you see in this fable the moral is plain, And the masculine sex is quite surly to blame, For the teague on the cheeks and the backbone that shows The general morals, and exposure of nose.

Clara Calkins says it always makes a girl feel better when her mother becomes reconciled to her bobbed hair.

The colyum has always been a bit outspoken on the matter of food, both as to price and quality. These have naturally been merely personal opinions, and we never supposed that anybody was taking them seriously, but a grocer friend of ours complained to us today. He said that his had knocked prunes so hard that his stock was practically a dead loss to him, and he mentioned other instances. He wanted us to lay off the food thing. We can't agree to do that, but we can be argued with, and are therefore announcing the following prices which we can be bought at:

- For praising grapefruit..... \$ 25.15
- For praising carrots..... 60.60
- For praising parsnips..... 178.95
- For praising hog's backbone. Nothing
- Praising puffballs..... 800.00
- Ben Davis apples..... 2.25

Getting Money

There's no such word as fail. And that's good business stuff. But I have heard there is a word. That wise men call "enough."

L. J. Bean says it is funny how the people who are so crazy to get all the gold they can will invariably pass by the golden rule.

Making It Fair

"We are getting up a tug-of-war contest between married men and single men, six to a side." "Make it ten single men to six married men." "Huh?" "Married men are used to tug-of-war."

Doc. Leonard says back teeth and small boys are hard to fill.

L'I Gec Gee, Th' Klamath Falls Vamp, sez

Poison liquor or lightning never strike twice in the same place. They don't have to.

Some statistical bird has figured out that prices, while lower, are 13.2 per cent higher than they were before the war, but he neglects to say what we are going to do about it.

Charred Bodies of Victims Taken from Ruins of Roma

Rescue parties of soldiers and civilians worked for hours, in the debris of the army dirigible, Roma, wrecked and ravaged by flames at Norfolk, Virginia. This photograph, taken shortly after the disaster, shows the search for bodies of victims. In the center rescuers are shown removing the charred body of one of those who lost his life in the air accident.

THOMAS R. COLE TO INSTRUCT SUMMER SESSION AT U. of O.

Eugene, Feb. 28.—Thomas R. Cole, assistant superintendent of schools of Seattle, has been secured as an instructor in education in the campus session of the University of Oregon summer term at Eugene. Cole has for six years taught in the summer session of the University of Washington, has been assistant state superintendent of Minnesota and principal of high schools in St. Paul and Seattle. His present work includes the supervision of the entire high school system of Seattle.

Thomas R. Cole

Courses in high school problems and school administration to be given by Cole have been especially planned to meet the needs of high school administrators and teachers. He will present the more recent experiments in administrative programs and for discussion in both classes will use as a basis material taken from the different educational magazines of the past five years.

In addition to instruction in the field of education, the appointment bureau of the University is in operation throughout the summer, under the supervision of the summer term faculty. Last year, three hundred and eighty requests were made for recommendations of persons to fill positions as teachers, superintendents and principals and in sixty six cases no recommendations were possible owing to lack of suitable candidates. Salaries ranged from \$120 per month to \$2500 per year. Superintendents seeking new teachers, and teachers seeking positions, will be brought together through the Bureau, which is maintained for the use of the summer term students.

The stock is complete and the prices are right at Enders' Grocery. 28-2

Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

TURN HAIR DARK WITH SAGE TEA

If Mixed with Sulphur It Darkens So Naturally Nobody can Tell

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Weyll's Sage and Sulphur Compound." It is very popular, because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it, and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Weyll's Sage and Sulphur Compound is the hair, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive.—Adv.

GLASS OF SALTS CLEANS KIDNEYS

If Your Back Hurts or Bladder Bothers You, Drink Lots of Water

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active. Drink lots of water—you can't drink too much; also get from any

pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness. Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no wonder you will wonder what became of your kidney trouble and backache.—Adv.
