KLAMATH FALLS, OREGON, THURSDAY, MARCH 2, 1922

PRICE FIVE CENTS

PRESIDENT OF UNION HERE TO GAIN HARMONY

Solution to Strike Difficulty Will Be Sought, Canterbury Says

Ray R. Canterbury of Seattle, president of the International Timber Workers' union, upon his arrival here last night, stated that he came to the interests of a harmonious solution here and that he hoped an agreement would be reached within the near future. He immediately went into conference with the central labor council and the timber workers' strike committee.

Canterbury said he had not been in communication with the employers but that he would endeavor to ascertain their side of the question at once. He will take complete charge of the strike following the meeting tonight at Scandinavian hall.

The strike situation remained unchanged today. Employers interviewed said their views were the same, while strike leaders were as firm in their opinion that the workers would win.

In reviewing the local labor situation today, W. S. Conklin, of the machinists' union said that in his address before the Timber Workers' union at Moose hall Tuesday, when he told of the effort of employers to force the 19-hour day, that he was not referring to the local machinists' union as many supposed. He said he had in mind the national condition and that local machinists were working under the eight-hour day.

A benefit dance was given by the Timber Workers' union at Scandinavian hall last night which was attended by one of the largest crowds ever seen in that hall.

No labor trouble has been had at the Weed Lumber company plant, it was learned by telephone at three o'clock this afternoon. It was stated that the employees had signed no intention of going out and that communication with McCloud this morning had brought a similar report.

(Special to The Herald)
DORRIS, Calif., March 2.—All manufacturing activity in the box industry ceased locally at noon yesterday when all employees of the Associated Lumber and Box company walked out. Determination to walk out rather than to labor at reduced wage scales and increased hours came at an open meeting held Tuesday evening, and attended by practically every box factory employe in Dorris.

It is understood that the new scale put into effect by the managers March 1 reduced wages from two to five per cent, depending upon the nature of the job. At the same time the hours were increased.

A delegation of Dorris box men went to Klamath Falls last night to confer with union officials at that place, in an endeavor to reach an understanding as to what procedure should be followed by local workmen. The two factories employ nearly a hundred men at present.

Relative to the walk-out H. J. Goff, manager for the Associated Lumber and Box company, stated yesterday that his plant probably will close down for a month or six weeks, pending conditions in the lumber industry generally.

MARKET REPORT
PORTLAND, March 2.—Cattle steady, choice steers \$7 to \$7.50. Hogs, 25c higher; prime light \$11.25 to \$11.75. Sheep steady. Eggs weak. Butter, 3c lower; extra cubes, 33c; prints, 33c.

WEATHER PROBABILITIES
The Cyclo-Stormograph at Underwood's Pharmacy registered a slight fall in barometric pressure this morning, but as it is still rather high no great change in weather conditions may be expected in the next 12 hours. Should the fall continue it would indicate the approach of a disturbance. The slight fall that has taken place will probably cause warmer weather tonight.

Forecast for next 24 hours:—Storm brewing to the South. The Tyco recording thermometer registered maximum and minimum temperatures, today, as follows:
High 36
Low 22

SIX MEN HELD TO HAVE NO CONNECTION WITH TAYLOR MURDER MYSTERY

LOS ANGELES, March 2.—The six men arrested Tuesday on information from Mrs. John Rupp, housekeeper, have no connection with the Taylor murder, Detective Sergeant Clime, in charge of investigation, announced today. He said the investigation convinced the detectives there is no foundation for the woman's statements that the men had threatened Taylor's life.

CONSOLIDATION IS ANNOUNCED OF TWO DAIRY CONCERNS

C. L. Holliday Purchases Plant, Equipment and Business of Hawkins Company

Consolidation of local dairies was affected yesterday when C. L. Holliday purchased the plant, equipment and business of the Hawkins Dairy. Holliday announces that he will merge the two plants under one roof, the old Klamath Falls creamery building on Klamath avenue. He expects to have the combined business operating in the new quarters by April 1.

Holliday's plant at present is located on Esplanade and the Hawkins plant is on Main street near Link river bridge.

The motive for combining, said Holliday, was the necessity for reducing overhead. He expects to handle the consolidated business with little more expense than attached to one. He will conduct the established wholesale and retail milk business, and will manufacture a small amount of butter to start, increasing this branch of operations later if the demand justifies it.

HONEYMOON PLANNED

Royal Newby-Weds Will Spend Time in Weston Park

LONDON, March 2.—It is understood that Viscount Lascelles and Princess Mary will pass the first part of their honeymoon at Weston Park, the Shropshire home of the Earl and Countess of Bradford, who are distantly related to Lord Lascelles.

Weston Park is a charming residence, set amid beautiful surroundings, and is in a portion of the country as yet quite unknown to the princess, who is expected to pass about three weeks there. It is one of the most comfortable residences along the whole of the Welsh border. Princess Mary's uncle, the Marquis of Cambridge, has his home at Shotton, a few miles away.

There is some talk of a state ball being held at Buckingham palace in the early summer in honor of their marriage. These functions went out of fashion, but they formed a great feature of the court season in the days of Queen Victoria, when Alexandra, then princess, now the dowager queen, usually acted as the queen's representative.

In those days, these entertainments were most deadly dull, and King Henry used to be quite frank in expressing his gratification when they came to an end. The ball that is now suggested would, however, be on quite different lines, and the formal state quadrilles with which these balls used to be opened would be eliminated.

ELI BOGNAR BOUND OVER TO FEDERAL GRAND JURY

Eli Bognar, alias John Smith, charged with violating the liquor law, appeared before Commissioner Bert C. Thomas yesterday afternoon for hearing, at which time he waived examination and was bound over to the federal grand jury. He furnished \$500.00 cash bail and was released.

RAILROADS APPLY FOR MODIFIED GRAIN RATE

WASHINGTON, D. C., Feb. 2.—The railroads of California, Idaho, New Mexico and Arizona applied today to the interstate commerce commission for a modification of the hay and grain rate reductions ordered last fall, insofar as they affect barley and other coarse grains.

C. OF C. DENIES TAKING ACTION IN BOX STRIKE

Reports of Attempting to Influence Merchants Declared False

In order to avoid any doubt as to the stand of the chamber of commerce on the strike question, which is declared to be absolutely neutral, the following statement was issued today:

Word has been received at the chamber of commerce that reports are being given on the streets to the effect that the chamber is endeavoring to influence the merchants of Klamath Falls to withhold credit from the men who are now on strike in the lumber and box factories.

The question of the strike has not been discussed at any meeting held at the chamber of commerce, and such reports are absolutely without foundation and should be discredited, as the chamber has taken no interest whatever in behalf of either the operators or the employes.

Neither the operators nor the employes have requested the chamber of commerce to take any action in the matter, and the chamber will be entirely neutral to both parties.

CHAMBER OF COMMERCE
By J. A. Gordon, President
T. A. Stevenson, Secretary.

WORKERS FIND LIQUOR

50-Year-Old Cache Turned Up in Old Burying Ground

BOSTON, Mass., March 2.—Workmen excavating just across Tremont street from the old Granary burying ground, where repose the bones of Paul Revere and other New England forefathers, set up a cry of buried treasure.

They had turned up a 50-year-old cache of liquor, said to have been stowed away at the time of the great Boston fire in 1872.

It consisted of two hogsheads of old New England rum and a quantity of Madeira wine, Thorndyke rye, champagne, gin, and other rare liquors.

In the confusion that followed, the liquor disappeared mysteriously. The diggers said pedestrians got most of it, although a spirit of gaiety and good cheer was said to have prevailed on the workings for the rest of the day.

APPLICATIONS FOR U. S. CITIZENSHIP ARE DENIED SEVEN

Admitted Claiming Exemption From Military Service; Only Three of 31 Are Accepted

Seven applicants for citizenship were denied admission in the circuit court yesterday because they claimed exemption from military service with the United States forces during the war on the ground of alien citizenship.

Only three applicants were admitted. Five of the twenty-one who took the examination, conducted by W. V. Tomlinson of Portland, United States naturalization examiner, failed to qualify, and their applications were continued to June.

Four applicants failed to appear and two were unable to prove the necessary five-years residence in the United States. All six applications were denied.

The men admitted were Julius Ous, a native of Austria; John Ohe, Germany; Tim J. O'Sullivan, Great Britain.

Petition, denied because applicants claimed military exemption on the ground of alien citizenship: John Goetz, Paul Otto Herzog, Armin Otto, Carl Jensen, Germany; Martin Daly, Jeremiah O'Connor, Ireland; Gilbert Harrison, England. The petitions may be renewed in five years.

Denied for failure to prove five years' residence in the United States: John Gysbers, Canada; Albert Plasil, Austria.

Denied for failure to appear: David J. Williams, England; Joaquin Miranda, Portugal; Leandro Tirapelle, Italy.

Continued to June: Matteo Delfatti, Italy; Otto Busies, Germany; John D. O'Connor, Ireland, ex-service man; Angelo Diricco, Italy, and Jeremiah O'Connor, Great Britain.

MARY PICKFORD WINS SUIT FOR \$800,000

NEW YORK, March 2.—Mary Pickford need not pay Mrs. Cora C. Wilkenning any part of the \$108,000 which Mrs. Wilkenning claims as commission for getting Mary Pickford a raise to \$10,000 a week, according to the verdict of the federal court here today.

WORTLEY TAXI SERVICE MOVES

Wortley's taxi service moved yesterday from the Waldorf billiard parlor to Lawrence's cigar store, 632 Main, it was announced by H. G. Wortley, proprietor.

DIVORCE HEARING TODAY

The hearing of testimony in the divorce suit of Grover E. Purdin against Hattie Hall Purdin will be had in the circuit court this afternoon.

AGREEMENT ON TERMS OF VET BONUS REACHED

Service Men Permitted to Borrow on Service Certificates

WASHINGTON, D. C., March 2.—Unanimous agreement to eliminate the cash feature of the soldier bonus except in the case of those men whose adjusted service pay would not exceed \$50 was reported today by the special sub-committee of the republican members of the house ways and means committee.

In lieu of cash for other service men it was agreed to add a new provision under which men accepting adjusted service certificates could borrow immediately from banks on those certificates 50 per cent of the total adjusted service pay, computed at the rate of \$1 a day for domestic service and \$1.25 a day for foreign service.

GRADUATION PLANNED

K. C. H. S. Faculty Makes Appointment for Exercises

The senior class of the high school met yesterday afternoon and made plans for graduation exercises.

Announcement was made that the faculty had appointed Frances Humphrey, valedictorian and Dorothy Deltzell, salutatorian. The class elected Vera Thompson, class historian, Harold Wortley, class poet, Martin Adams, class prophet, and Jo Upp, maker of the class will.

A committee consisting of Frances Humphrey, Martin Adams and Esther Calkins was appointed to look after graduation invitations.

DEMANDS REMOVAL OF PORTO RICAN GOVERNOR

WASHINGTON, D. C., March 2.—Demand for congressional investigation of the conduct of Governor E. Mont Kelley of Porto Rico, looking toward his removal, was made in the house today by Delegate Davila, Porto Rico commissioner.

TREATY WITH COLOMBIA RATIFIED BY U. S.

WASHINGTON, D. C., March 2.—Ratification by the United States of the Colombia treaty whereby the United States pays Colombia \$25,000,000 compensation for loss of Panama, was exchanged yesterday at Bogota.

TO SUCCEED HAYS

Dr. Hubert Work

WASHINGTON, D. C., March 2.—Dr. Hubert Work, first assistant postmaster general, whose home is at Pueblo, Colorado, will become postmaster general Saturday, when Hays' resignation becomes effective.

SUPER-HERO OF WAR FINDS WORK AFTER HUNTING FOR YEAR

Says He Is Glad to Have a Job After Pounding Pavement; Has Bag Full of Medals

JERSEY CITY, N. J., March 2.—The war record of a third superhero, Frank J. Bart of West Hoboken, is being prepared for a place in the Hall of Fame today, following a ceremony here last night at which the Italian government added another medal to his already generous collection.

Bart's record is believed by officers of the second corps area at Governor's Island to equal those of Sergeant Alvin York and Lieutenant Woodfill.

Bart enlisted in the Ninth regiment at the age of 42, giving his age as 33, after recruiting officers repeatedly told him he was "too old to fight." He doesn't know how many of the enemy he accounted for, or how many of his wounded comrades he rescued. But in his old barracks bag he has three croix de guerre, with silver star, bronze star and with palm, awarded by the French government; the French medaille militaire, the Montenegro war cross, the Italian croce di guerra and the American congressional medal of honor.

And he lifts his customary veil of modesty long enough to remark that "he's glad to have a job" after 15 months of pounding the pavement looking for one and never finding any. Bart was decorated at the Fourth regiment armory here last night by Colonel V. A. di Berneseo, Italian military attaché at Washington, D. C. The ceremony was attended by several congressmen and state, county and city officials.

FUND EMPTY, NO MONEY TO CASH PAY WARRANTS

County's Current Expense Treasury Depleted by Delinquent Taxes

Due to the county's current expense fund being depleted by reason of delinquent taxes County Treasurer G. K. Van Riper today discontinued payments of all warrants issued against that fund. County employes who failed to cash their salary warrants yesterday will be forced to await replenishment of the fund.

Delinquencies total \$138,000, or 14 per cent of the total amount receivable, \$970,000. Considering past business conditions, this delinquency is held by the sheriff's office not to be excessive. The delinquency last year was 10 per cent.

The tax rolls for 1921 have not been extended but it is understood the procedure was started in the assessor's office today.

It is stated that the \$15,000 levy for a jail in the Hot Springs building will be included at this time, but as the county clerk is enjoined from issuing a warrant for the collection of such levy the rolls will either have to be changed as they were last year or some decision reached in the courthouse case before the new taxes can be collected.

K. A. A. Will Provide Gymnasium Equipment

A handball court and volley ball equipment will be provided for the K. A. A. gymnasium as soon as the necessary equipment can be obtained and installed. This was decided at a meeting at the chamber of commerce last night of the board of directors of the association.

It was also decided to provide low membership fees for women. Dr. W. A. Leonard reported that he was prepared to organize a woman's class, and that a woman instructor could be obtained. He said a large number of women had expressed their desire to join the association and to be anxious to derive the benefits of athletic training.

It was agreed to stage a smoker on March 15. A number of good events already have been arranged by Harold Christy for this date, and an exhibition even better than the previous one is predicted.

Guns, Cards and Booze Mixture Brings Trouble

Two colored gentlemen, a white gentleman, a shotgun, a six-gun, a 30-30 rifle, cards and moonshine.

This was the combination that caused a pot of trouble to boil over in a house on Third street between Walnut and Klamath avenue last night.

The brew started to ferment when an argument arose over a game of cards. The lid blew off when Frank Washington turned loss with a shotgun in his colored brother, Sam Fox, who also makes a living as porter in a barber shop. Fox escaped.

The second act opened on Main street this morning when the white gentleman, still considerable in his cups, bought for \$26 a 30-30 rifle at a local store and armed also with a revolver, set forth to end the careers of his playmates of the night before. He made the mistake, however, of loudly advertising his purpose, and friends took him in hand, returned the gun and procuring the return of his money.

Fox and Washington were not so fortunate. Both were apprehended by the police this afternoon and now languish in jail. Washington is under suspended sentence on a former shooting charge when a bullet was sent through his hat by a colored brother.

CANDY SALE PLANNED

A candy sale will be held by the Kedron club at 406 Main street, adjoining the Hall hotel, starting at noon Saturday. The proceeds will go to the Klamath Civic league.

AN' THE GOBLIN WILL GITTUM IF THEY DON'T WATCH OUT

WOULD REDUCE ARMY

Sub-Committee Fixes Number of Enlisted Men at 115,000

WASHINGTON, D. C., March 2.—A reduction of the army to 115,000 enlisted men today was tentatively agreed upon by the sub-committee drafting the appropriation. The present strength is approximately 137,000.

Handcuff Maker Dead Was Friend of Cops

SAN FRANCISCO, March 2.—Police men of San Francisco lost a friend in the recent death here of Albert Fallon, property owner, who made handcuffs his hobby and who presented about 400 sets of the steel wristlets to local officers.

Fallon made a study of handcuffs, considering them an extremely important part of the police equipment. Whenever a new policeman was assigned to a beat on which Fallon had property, the latter would invariably get acquainted with the officer and send him a pair of handcuffs.

Fallon, it was said, loved to repeat stories told him by policemen of their experiences with handcuffs. Each year he sent for catalogues showing the new styles and would discuss the changes made in their manufacture.
