The play, a clever comedy in three acts. portrayed the difficulties that might easily arise from a slight deviation from the truth where a young married man and his exacting mother-in-law are concerned.

The cast, made up of entirely local talent could not have been improved upon, each one being adapted to the role which they portrayed. John Houston as the "prince of liars" was supported by Mildred Thrasher as his wife, Mildred Hougland as his mother-in-law, Walter Marshall, his ne'erdo-well brother-in-law, Verda Pope a chorus girl, the occasion for the lie that led to others, Teddle Durbin as a young American heiress. Andy McGee as an impetuous artist. Kennoth Perry as Dobson the butler, and Meta Chastain as Barbara, the maid. A full house greeted both performances and many were turned away the second night.

The P. E. O. Society met last Tuesday evening with Miss Vera Houston at her home on Washington street. Election of officers and initiation took up most of the eventing, at the close of which refreshments were served by the hostess to, Mesdames, K. G. Cummings, C. P. Mason, R. C. Grossbeck, C. V. Fisher, Fred Fleet. S. B. Evans, J. V. Brewbaker, Harry Goeller, J. R. Beard, L. L. Truax, and A. M. Collier.

Studebaker Merit Wins

Studebaker is a specialist. Builds nothing but Sixes. Its efforts are not scattered. Its entire resources, unsurpassed in the automobile industry. are devoted to a single, fixed purpose:

-to build well, by using the finest materials, and most skillful workmanship and to sell at the lowest prices possible.

How well Studebaker has succeeded is best answered by the records. In the calendar year of 1921, Studebaker produced and sold more six cylinder cars than any other manufacturer in the world.

From present indications the sales record of Studebaker cars in 1922 will greatly exceed 1921. Reports from Studebaker dealers from all parts of the country show a big increase in sales this year over the same period of 1921. Shipments of cars from the Studebaker factories this year are 106 per cent more (at the time this ad was written) than for the same period of 1921.

That's proof that merit wins. Buyers will not be fooled by wild misrepresentations. Motor cars are now being bought on the basis of merit.

The intrinsic value of today's Studebaker cars surpasses pre-war values. Never before have we given so much positive value for the money.

Instead of skimping the real value in order to reduce the cost, low prices of Studebaker cars are due to strict economy, skillful purchase of materials, a high degree of plant efficiency and well-known, continuous large volume.

Each Studebaker model is hundreds of dollars lower in price than cars of comparable quality.
