

The Office Cat

BY JUNIOR

The Female of the Species
The Office Cat proposes as a substitute for the hard-worked and ill-sounding 'flapper' the more general use of the more melodious 'dumb-belle.'

POEM

I know about the golden hours
With diamond minutes set—
That time is far away the most important stuff we get.

I want the spring to come again,
The foolish little flowers
Will lure me far from home again
To while away the hours—

I know the bird who works each day
Will gain a lotta jack,
And that the goof who squanders time
Will wish he had it back!

But, kid, at least, I'll waste no time,
On such in-dwelling fears,
Myself, I'd like to sit around
For seven hundred years—

What would you do if a woman
fell overboard and every wave
carried her farther out to sea?
was the question put to the new 'gob'.

J. J. Miller says someone had
ought to invent a car that can be
guaranteed to beat a train over all
grade crossings.

'American Girl is Hit in Song Recital'
—Head in S. F. paper.
We know of several who ought to
be.

The Circumstance in the Case
'I hope I can escape jury duty, as I
have important business to look after.
But who's the stunning girl?'
'Plaintiff in the next case. A dog
bit her on the ankle.'
'I guess I'll serve.'

They are now using the Marines to
guard the mails, and some of the
eligible bachelors feel something should
be done also to guard the mails.

A man may have more sense than
a woman, but a glance at their dress-
ing tables will prove that the women
have more sense than the men,
anyway.

Cap. Reed says almost every man
has the secret consolation of know-
ing that, anyway, the world will ap-
preciate him after he is dead.

Hot Stuff
'What's your nickname for Helen?'
'Let's see, Dorothy, 'Dot'; Marjorie,
'Margo'; Bessie, 'Boss'; Nellie,
'Nell'; but Helen—well, she's a hard
kid to handle, anyway.'

Did ya ever see an elephant that
didn't look as though he ought to
have his pants pressed?

Save your peace dollars. They may
bring a premium during the next war.
