Set it side by side with any car, irrespective of price and judge. That's the way to buy a car. See what each has to offer at its price before you make up your mind. It's the only way to be sure you're getting just what you want—and it surely is the only way to appreciate how much you get in this seven-passenger Studebaker at its price of \$1785.

And it's a test that Studebaker is eager to have you make. For when you stand this new BIG-SIX side by side with other cars,

you'll find it gives you all, in quality of material and workmanship, that you can get in any car regardless of price—and infinitely more than you can get in any car at the same price.

On every hand the thousands of BIG-SIX owners have found in this car everything they considered essential to complete motoring satisfaction. This is another reason why Studebaker is the world's largest builder of six cylinder cars.
