had been working quietly here. The detective posed as an insurance salesman, stopped at a local hotel, and let it be known that he had a quantity of bonded whiskey to dispose of for a consideration.

"As a result," he said, "he had plenty of callers, and all of the bootleggers and moonshiners in the community were eating out of his hand."

Several recent arrests for liquor violations are attributed to this operative's work.

Five resolutions of the nine adopted by the central committee, follow:

1.—That every legitimate interest of Klamath county—social, civic and business—is suffering on account of immoral and lawless conditions.

2.—That we hereby instruct our officers and executive committee to extend our organization throughout the county, to carry on an extensive campaign of education for law enforcement, to investigate criminal conditions within the county, and to co-operate with our officials wherever they show a disposition to enforce the laws. We pledge our influence and financial support toward these ends.

3.—That we recognize the necessity of more attention to the home life of our community. In the homes, above all other places, must sound instruction be given as to moral and civic duty.

FIRST CHRISTIAN CHURCH PREPARES EASTER CAMPAIGN

The First Christian church of this city has been preparing for a great pre-Easter campaign, which will culminate in a one-week revival beginning one week from Sunday, April 9, and ending the following Sunday, April 16. During the week service, will be held every night except Saturday.

This campaign is in harmony with the nation-wide movement of evangelism among the Christian churches. This has been planned by the secretary of evangelism, Jesse M. Bader, St. Louis, Mo. He has requested every Christian church of the United States, as well as in foreign fields, to have at least one week of revival at Easter time.

For the past month there has been a large class attending the conference on "Soul Winning," taught by the pastor every Tuesday evening. Each member of the church is urged to win one person to Christ during the campaign.

Great emphasis will be placed upon New Testament evangelism. The one great plea will be to return to New Testament teaching, with the result that evangelism will be taught as is recorded in the book, "Acts of Apostles." As Thomas Campbell has said, "that we must come fairly and firmly to original grounds upon clear and certain premises, and take up things just as the Apostles left them."

One especially strong feature of the one week revival will be singing by the junior children, known as the "Sunshine Chorus." The audience of last Sunday night enjoyed the singing of the 40 voices very much. The children will sing next Sunday evening, also they will present several numbers on the Sunday evening following.

Evangelism will be stressed very strong during this one week of revival. The minister of the Christian church will be the evangelist both singing and preaching. A cordial invitation is extended to every one to attend the week of services.

pool and billiard halls should be held to account for conditions within and in the vicinity of their places of business. They should be obliged to report promptly any violation, or attempt at violation, of law, within or in the vicinity of their places of business. We are not advocating the closing of pool halls, dance halls, or other places of amusements, but we are insisting that gambling, bootlegging, prostitution and other forms of vice be absolutely eliminated from all places of amusement as well as from all other places in our county.

5.—We believe it to be the duty of all members of the league, and all good citizens, to report to our officials in writing all known violations of law. Reports should also be sent to the executive committee of the league by all league members. No member of the league and no citizen of the county, has any right to complain of neglect of duty on the part of any official, unless he has made such reports and satisfactory results have not been forthcoming.

Other resolutions condemned the existence of places that menace the youth and the nation's posterity with the evils that result from impure living; demand loyalty from public officials and commend courts for the infliction of heavy sentences as a crime deterrent; renew allegiance to the civic league and arrange for publicity for the resolutions.

Dr. Sara E. Wise Will Address Mass Meeting of Citizens

Among the recent arrivals in the city is Dr. Sara E. Wise of San Francisco, who comes to Klamath Falls in interest of social and moral hygiene. Dr. Wise has been for many years a practicing physician in San Francisco, and for the past six years has been national lecturer for the W. C. T. U. Her work in this city will be in connection with the work of the civic league.

Dr. Wise comes highly recommended to local workers as "a woman with a message," which she is able to deliver in a most convincing and inspirational manner.

Sunday afternoon Dr. Wise will address a mass meeting of the cit-

izens of Klamath Falls and vicinity on the subject, "America's Greatest Task." Monday at 9 o'clock she will speak to the high school on the subject, "Practical Ideals," and Monday evening at 6:30 will address the mothers and daughters of the community at a banquet to be held at the chamber of commerce. Tickets for this banquet may be secured through Mrs. Boyd, president of the W. C. T. U. Such general interest has been manifested in the Community Mother and Daughter banquet to be served Monday evening at the chamber of commerce that it may be necessary to change the place of serving in order to accommodate a larger number, so watch for the final announcement in the Monday evening paper.

Tickets for this banquet may be

obtained from Mrs. Boyd or from the ladies of the various churches and organizations handling them. The price of a ticket is 50 cents, each ticket admitting two.

Mrs. James McClure, 309 Riverside, has received a clipping from Dillon, Idaho, telling of the activities of Mrs. L. H. Bath, formerly of Klamath Falls, who at a club meeting in Dillon talked on Indian basketry. Mrs. Bath, who was widely acquainted here, was a student of Indian symbolism as expressed in their decorative art. She was also said to have been the only person who ever fanned a pelican. The ungainly birds often used to alight on the dock near Mrs. Bath's home where she would feed them.
