Dunham has just received a shipment of Overland cars. "These cars," he says, "are not built for racing, but they will give owners many years of usage at the lowest possible upkeep. The Overland, in my opinion, is without question the best buy on the market today."

If you want to be especially safe when receiving, place a protecting gap or vacuum tube device around your receiver. You can then sit back and watch the lightning play around the horizon, safe in your belief that it will not play in your back yard.

K. C. H. S. Ball Players Defeat Malin, 17 to 3

The baseball game played at Malin yesterday afternoon between the Klamath county high school and Malin was won by the former by a score of 17 to 3. Although the Malin players proved to be "T-bones" for the high school team, the local boys got some good practice especially in batting. A high wind was blowing which prevented good fielding and errors were frequent.

The Malin aggregation proved to be a pick-up team of schoolboys and men from town, some of whom when in condition should be good players. However the hitting of the local boys was too much for them. Everyone received at least one hit. The longest batted ball of the game was a homer by "Chuck" Grove, catcher of the Klamath team, which came in the second inning when the bases were full.

The high school team consisted of Grove, catcher; Christy and Goetz, pitchers; Shriver, first base; F. Peyton, second base; Dow, shortstop; Wortley, third base; Dickson, left field; Maier, center field and P. Montgomery and Malatore right field.

Manager Leslie Peyton has arranged for a return game with Malin in Klamath Falls for a later date.
