GIRLS OF YESTERDAY

Where are the girls of yesterday Who seemed so fair? Better remember them so, I say, And leave them there.

Worth Waiting For?

Perce—Have you any wild fish? Dealer—We have none ready. But if you'll wait, I'll provoke one.

It may be true he never told a lie; but George didn't have to make out an income tax blank.

Something Awful

Old Lady—Tell me, my poor fel-

low what was the most terrible sight you saw while in the trenches? Soldier—The sergeant's face when I upset his bottle of gin.

Here's an item you might repeat: The first bathtub in the United States was built in Cincinnati and installed in a home there in 1842. It was made of mahogany, lined with sheet lead, and was proudly exhibited by its owner at a Christmas party. The next day it was denounced in the newspapers as a luxurious, undemocratic vanity.

Then came the medical men and declared it a menace to health. In 1842, Philadelphia tried to prohibit bathing between November 1 and March 15, by ordinance. In 1845, Boston made bathing unlawful except when prescribed by a physician. Virginia taxed bathtubs \$2 a year.

We know some small boys who don't favor a bath tub in these times.

The only difference between a Davenport, Iowa, man who fell dead when told the amount of his taxes, and the average citizen, is that the Davenport man carried inclination into action.

No Harm

"The philosopher says that all things come to him who waits." "How about a little work on the side while waiting?"

SULPHUR CLEARS ROUGH, RED SKIN

Face, Neck and Arms Easily Made Smooth, Says Specialist

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation begins at once to soothe irritated skin and heal eruptions such as rash, pimples and ring worm.

It seldom fails to remove the torment and disfigurement, and you do not have to wait for relief from embarrassment. Improvement quickly shows. Sufferers from skin trouble should obtain a small jar of Mentho-Sulphur from any good drugist and use it like cold cream.—Adv.

TAKE SALTS TO FLUSH KIDNEYS

Kid Lene Meas If You Feel Narky Or Have Bladder Trouble

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.—Adv.
