**YOUR OWN LITTLE TOWN**

There are fancier towns than your own little town.

There are towns that are bigger than this.

And the people who live in a little old town

Don't know the excitement they miss.

There are things you can see in the wealthier towns

That you can't in a town that is small.

Any yet, up and down, there is no other town

Than your own little town, after all.

It may be quite true that the streets aren't long

Nor as wide and maybe not as straight.

But the neighbors you know in your own little town

All welcome a fellow—it's great!

In the glittering streets of a glittering town.

With its place and pavement and thrall.

In the midst of its throng you will frequently long

For your own little town after all.

If you live and you work in your own little town.

In spite of the fact that it's small.

You'll find it a fact that your own little town

Is the best little town, after all.

—Whiz Bang.

**Personal for Burglars**

First Bachelor Girl—"I always look under the bed before I retire."

Second Bachelor Girl—"So do I, but I never have any luck."

It's no disgrace to be bald-headed unless the baldness happens to be on the inside.

W. A. Deltell says the proposal to stop the manufacture and sale of pistols is entirely too sensible to be adopted.

John Houston says his idea of wasted energy is the puffing it takes to go through a cold shower bath.

**A Better Bid**

"Yes, said the specialist, as he stood at the bedside of the sick purchasing agent. "I can cure you."

"What will it cost?" asked the sick man, faintly.

"Five hundred dollars."

"You'll have to shade your prices a little," replied the purchasing agent. "I had a better bid from the undertaker."

 Not Since Maude Adams Appeared in "Peter Pan" Has Play Been Such Influence

### RHEUMATISM IS GONE, SHE WALKS WELL AS EVER

**Washington Woman Was Confined to Invalid's Chair When She Began Taking Tanlac—Now in Splendid Health**

"For the first time in years I am in good health, and I owe it all to Tanlac," said Mrs. Mary Murphy, R. F. D. No. 8, Box 187B, Seattle, Wash.

"Only those who have had chronic rheumatism for years can know what I suffered. It is no exaggeration to say that I endured tortures for over

half the time. I wasn't able to walk at all and just had to sit in the chair or stay in bed. I was so nervous and racked with pain I could hardly sleep.

"I am so much improved since taking Tanlac I can walk wherever I please without any trouble and I am doing all my household work, for the first time in many years. In fact, my condition is as different from what it was as day is from night."

Tanlac and Tanlac Vegetable Pills are sold by druggists everywhere.—Adv.

## The Cost of Rotting Buildings now running into millions

**A** ROTTING building is also a waste, because a small investment in paint will save it. A building that is not protected by paint must either be rebuilt or repaired in a few years at a costly figure.

Check the costs. Compare the prices of paint and lumber. Can you afford to bear the expense of rebuilding or repairing your home, when to save it costs so little?

When you paint, make an additional saving by using the best paint. It spreads easily—saves labor cost. It covers more surface per gallon than "cheap" paint.

But more important, the best paint serves five or more years longer than "cheap" paint.

The best paints are scientific in formula and preparation. We've been making them for 73 years.

The best materials—PIONEER WHITE LEAD, pure linseed oil, pure zinc, and pure colors—are combined in Fuller's Paints in scientifically exact proportions with long-time skill.

**Free Advice on Painting**

Ask our agent for advice, color cards, etc.

Ask the Fuller Specification Department about the most desirable color scheme, color harmony and any other details.

Take advantage of Fuller House Paints. Paint now. Don't let weather depreciate your investment.
