Stanford and U. of C. Battle to Tie Score

BERKELEY, Cal. April 24.—Stanford's Cardinal clad track and field athletes invaded the home fields of their traditional foe, California, Saturday, and although given only an outside chance at the start, fought the Golden Bear to a 65 1/2 to 65 1/2 tie in the annual track meet between the two schools.

The California team, which won the national championship last year at the Harvard meet of the Intercollegiate association of amateur athletes of America, was pressed hard by Stanford and up to the last event, the mile relay, the outcome was in doubt. The Bears won the relay by twenty yards, giving them the five points needed to tie the score.

In the twenty-nine years the two teams have been competing, only one other meet has gone to a tie. Saturday's fight—one of the most thrilling here in recent years—was witnessed by a crowd estimated at close to 20,000. Every seat at the California oval was taken and scores stood up or sat around the edges of the track.

Fame of Great Babe Ruth Spreads to France

PARIS, April 22.—The fame of the great Babe Ruth has at last crossed the ocean and French publications have recently been filled with the narrative of the super-slugger's exploits.

He of the 59 home runs is not being exalted in France for the number of fences he has driven the ball over but the dent he has made in the bankroll of the club owners.

"The swing of his bat is terrible but the swish of his pen is deadlier," says the staid Avenir, referring to the signing of the reported \$500,000 for five years' contract.

"The virtuoso of the home run is also an ace in the business end of it," the Paris Midi comments.

"Five hundred dollars each time for hitting a baseball half as far as I could hit a golf ball," laments an anonymous writer in the Paris Sport.

"Besides the money which he gathers from baseball, 'le gros Babe Ruth' also earns enough on the stage to keep several families in affluence," says Comedie, a theatrical paper.

Babe Ruth might have gone on forever knocking the covers off baseballs, doffing his cap in a bored way each time he reached the home plate after a circuit trip of the diamond, yet he would have never been heard of in France, had he not signed for the reported sum of \$500,000 a year.

K. A. A. Trims Nifty Nine in First Game

The baseball game yesterday between the "Nifty Nine" and the K. A. A. teams was won by the latter by a score of 7 to 6. The "old-timers" beat the "kids" by their better ability to hit the ball. The boys were able to hold the score down by better fielding.

On the Nifty Nine team was: Chas. Grove, catcher; Christy, pitcher; R. Goetz, first; D. Robertson, second; B. Blisez, short; H. Wortley, third; D. Dickson, left field; K. Maier, center field; and R. Cornish, right field. The K. A. A. line-up was T.

Montgomery, catcher; K. Klahn, pitcher; P. Green, first; L. Pinnerau, second; H. Foster, short; E. Humphrey, third; B. Bowen, left field; S. Brown, center field, and C. Criss, right field.

Radiograms

Lightning Bug Is Radio PEORIA, Ill., April 24.—The mystery of what makes the lightning bug lightning has been solved by radio, according to Hamilton Bailey, wireless operator on the U. S. S. Black Hawk, flagship of the North Sea mine sweeping fleet during the world war.

The lightning bugs are equipped with miniature audion bulbs and possess a low radio frequency and a short wave length, is the contention of Bailey. He claims radio waves generated by parent lightning bugs equipped with broad-casting apparatus cause the lightning-like flashes.

Each bug is equipped with its own antennae—the long feelers or whiskers serving as the aerial, according to Bailey. The theory will be made the subject of experiments by the Peoria Radio Club, according to Ernest Stidham, president of the club, and investigations likewise will be made at Bradley college here.

Personal Mention

Vegetables are sprouting out of the ground in Medford, and will soon be ready for use, according to G. W. Linder, who is here for a short stay.

M. S. Lester and Sam Holden left this morning for San Francisco to arrange for the Hudson automobile agency for Weed.

Mr. and Mrs. J. S. Lagason returned last night from Portland.

Fremont H. Cupp and W. G. Chandler, special agents for the Southern Pacific, were among the arrivals here last night.

E. J. Grant is a business visitor here today from San Francisco.

IN THE COURTS

Underwood Trial on "Curley" Underwood, charged with possession of intoxicating liquor, appeared for trial this morning at 10 o'clock in the justice court. The morning was taken up in the selection of a jury of six, the list of jurymen being placed in the hands of the sheriff at noon, and the case was continued at 2:30 this afternoon.

White vs. Eberlein, et al. Hearing started in the circuit court today in the equity case of Laverne H. White against Charles W. Eberlein and the Enterprise Land & Investment company, in which it is charged the defendants unlawfully entered upon the lands and excavated a ditch.

KNIGHTS OF PYTHIAS Because of a meeting of the Odd Fellows, the regular meeting of the Knights of Pythias will be held Tuesday, April 25, instead of Wednesday. LLOYD L. DELAP, K. R. & S. 24-25

By Our Country Editors

MERRILL

Mrs. Dan Colwell has returned from California where she went for the benefit of her daughter, Katherine's health. Katherine was so much improved that she was able to accompany her mother home.

Mrs. T. A. Barrows and Mrs. Clyde Barrows were Klamath Falls visitors on Wednesday.

Richard Anderson has entered school.

R. H. Anderson, C. M. Merritt and J. H. Hobbs of the Merrill school board visited the various rooms on Tuesday.

The high school play will be given Friday, April 28.

A dance is to be given in the near future by the Park club.

C. H. Merrill returned Wednesday from Colusa, California, where he went to attend the funeral of his brother. Merrill reports things very dry and feed short.

Mrs. Geo. J. Walton was called to Montague Tuesday by the illness of her mother. Her mother was so much improved upon her arrival that Mrs. Walton was able to return to her home Thursday.

Mrs. Fulton was a Klamath Falls visitor on Wednesday.

Geraldine, the infant daughter of Mr. and Mrs. Jack Ratcliff, died Wednesday morning at 10:30. The baby had been ill for eight days with pneumonia but was thought much better and the family felt the crisis was past.

Baby Geraldine was born February 28, of this year being seven weeks old at the time of her death. A large crowd attended the funeral Thursday from the home. The funeral was conducted by Rev. E. H. Edgar.

Mrs. Geo. Wright was a business visitor in Klamath Falls Wednesday.

Mr. E. Cox and Mrs. Chas. Cox visited John Cox at the Warren Hunt hospital Thursday.

First to establish the \$10.90 price—Usco THE makers of U. S. Tires made this announcement last November— "Hereafter the price of the 30x3 1/2 Usco is \$10.90." The lowest price ever quoted on a tire of quality reputation and standard performance. And now, with the opening of Spring, there seem to be quite a number of "New and Special tires" coming into the market in the \$10.90 price range. Perhaps you are wondering just what there can be either "new" or "special" about these tires. It can't be the \$10.90 price—Usco established that five months ago. Nor quality reputation and standard performance—for it takes more than one full season for any new tire to demonstrate where it stands in quality and value. With so many tires rushing into this \$10.90 price \$10.90 and even better than the price United States Tires are Good Tires Copyright 1923 U. S. Tire Co. United States Tires United States Rubber Company Fifty-two Factories The Oldest and Largest Rubber Organization in the World Two hundred and thirty-five Branches field (now that the season promises business from the American car-owner), it is worth remembering that "Usco" showed its good faith by announcing this price last fall. The same intent to serve that has made "Usco" a standard value for years. The "Usco" Tire was never better than it is today—with its established quality, its time-tested performance, and its price closely figured in tune with the times.

THE Type Corsetry that Gossard artistry created conceals itself from the appraising eye of your best enemy. The Gossards designed for your particular needs will coax, restrain, supplement—easily, gently, naturally—and bring you by hidden ways to the very most of which your figure is capable.
