# MOTION DENIED

#### Skipworth Rules That Court House Question Should Be Decided on Merits

Declaring that the case should be tried on its merits at an early date. and that a dismissal at this time would be inadvisable. Judge Skip worth in an opinion filed here to day denied the motion of counsel for Klamath county for dismissal of the case of Frank Ward against the county. Each party to the suit is allowed ten days in which to complete their pleadings. The opinlon, follows

The court has carefully considered the motion to dismiss this cause, and while I am convinced that many of the questions raised by the pleadings have been heretofore determined by the court, yet it is the opinion of the court that this cause should be tried and decided on its merits. A dismissal of the cause at this stage of the proceedings would be, to say the least, an unsatisfactory disposition of the

"It is therefore the opinion of the court that it is just and proper the evening except at Malin, which that the attorneys expedite the will continue all day, and at Klammaking up of issues and that the ath Falls, which will be held in the case be tried upon its merits at a very early date."

## SEEKS NEW MARKETS

Sale of Surplus Agricultural Products to Europe Recommended

KANSAS CITY, Mo., April 29 .-Sale of surplus agricultural products to foreign countries was suggested as a means of bringing higher prices to farmers by Carl Vrooman, former assistant secretary of agriculture in an address here today before the convention of the Mississippi Valley as-

sociation. The speaker urged his auditors to "find foreign markets for the farmers' surplus crops by the skillful use

of credits." "The splendid and almost instantaneous rise in the price of corn and A Western Airway company plane wheat," Vrocman asserted, "resultbear factors in our terminal markets and hence how easy it would have been at any time during the past year to raise the price of our farm products up to the cost of production, wood's Pharmacy by selling, not all, but a reasonable registers a lower percentage of our surpluses abroad on credits."

"If everybody in the corn belt would boost corn, as every man, woman and child in the south boosts cotton, we long since would have Brisk winds will found a way to dig ourselves out of prevail tonight the hole we are in. Even the bollwevill is said to have put his shoulder to the wheel in the south last year and by reducing the surplus to have done more than any other single agency to

#### • Program of Intense Building Activity in Virtually Every State

CHICAGO, April 29 -General improvement in the industrial situation, described in several instances as slow but steady, particularly over conditions as they existed in the winter months, was indicated in reports nearly approach its ideal for a gathered by the Associated Press from federal, state, labor and indusiary of the chamber of commerce is trial leaders in many states of the

Labor commissioners and other officials in virtually every state from which reports were received, not only declared that employment had materially been lessened in the last few months, but nearly all were optimistic concerning the future, holding that the opening of seasonable lines of work, such as agriculture, and road and building construction would help greatly in absorbing the surplus of workers.

While no definite figure on the present number of unemployed was available, approximately 1,350,660 persons were reported idle in sixteen states from which estimates were received. Large industrial states such as New York Pennsylvania and Mos. sachusetts contributed more than 1.-000,000 to this total. New York lending with an estimated 600,000 out of work. The total conglation of the str. teen states was in excess of 43.000.
