

CHURCHILL TO BE SPEAKER AT C. OF C. FORUM MEETING

Date Superintendent of Public Instruction Will Outline County Unit Administration Plan

J. A. Churchill, superintendent of public instruction for Oregon, will be the principal speaker at the chamber of commerce forum Wednesday noon. He will give a general talk on education, touching on the county unit plan of rural school administration, and will draw a comparison of the schools of Klamath county with those of other counties in the state.

The Harry Borrel orchestra will give several special numbers as a feature of the program. Reports will be made on the anti-litter campaign, the tourist camp ground and the children's playground.

John McCall, newly appointed chambermaster, succeeding W. A. Delaney, will explain Better Postal Service Week.

Committees are out today attempting to raise sufficient funds to equip the camp ground, leased to the chamber of commerce by the park board. Several small sheds will be built during the next week to furnish shade and protection to the tourist. The camp ground location is the same as last year.

The equipment for the children's playground is expected any day, as it has been on the road three weeks from St. Louis, and as soon as it arrives will be installed at the rear of the Main street court house.

HOTELS RADIO FANS

King S. F. Hostelries Install Sets in Guest Rooms

SAN FRANCISCO, May 2.—Hotels in San Francisco have been stung by a radio telephone bug and the leading hostelries have either installed telephone sets or are contracting to do so.

The first hotel to install radio telephones, the Hotel Bellevue, overcame an electrical problem that electric engineers said could not be solved. The difficulty was to connect twenty pairs of head receivers to obtain receiving set so that the telephone farthest from the receiving set would be of the same volume as the nearest.

The manner of overcoming the problem was so successful that other hotels have tried to copy the arrangement but only two men in the hotel knew the secret and the receiving set which is in the basement, is kept under lock and key.

Telephones were installed instead of loud speaker so that guests who do not care to listen to the concerts are broadcast would not be annoyed.

The wires for the telephones are run under the dining room floor and for each table is placed a plug so that the telephones can be attached where they are wanted. In the banquet room because the tables are arranged to meet the desires of each organization giving the banquet, telephone plugs will be attached to the pillars and the telephones will be connected with these plugs and placed where they will be needed.

The banquet room of the hotel is equipped with radio telephones and then each of the 240 guest rooms. The receiving set is worked on each luncheon and dinner and reaches the concerts that are broadcast on the many stations in the San Francisco Bay region and other parts. After local broadcasting is ended at night, the broadcasting station at Seattle is heard.

Since the hotel installed the radio telephones every table in the dining room has been reserved for dinner.

Personal Mention

C. H. Underwood, the druggist, returned last night from Portland where he and Mrs. Underwood were called through the serious illness of Underwood's mother. Mrs. Underwood will remain in Portland for a few days.

W. H. A. Renner returned last night from a short business trip to Tacoma.

A. F. Conday is a San Francisco business visitor here today.

Mrs. J. F. Hackett returned last night from Grants Pass.

W. A. Eder of Seattle is visiting friends here.

Mr. and Mrs. Roy Messick and Mrs. Irene Frothingham are Macdoel visitors here today.

W. G. Chandler, special agent for the Southern Pacific, arrived last night for a short business trip.

MARKET REPORT

PORTLAND, May 2.—Livestock and eggs steady; butter unsettled. Wheat \$1.26 to \$1.30.

By Our Country Editors

CHILOQUIN

Mrs. J. O. Goldthwaite arrived home last week from Portland, where she had been on business for a few days.

Mr. and Mrs. O. Zumalt and Mr. and Mrs. C. Varnum from Sprague river were Chiloquin visitors Friday. Miss Margery Prime came home Friday to spend the week-end with her parents.

Plans are being made for a field meet at the Agency next Saturday. It will include the Modoc Point school, Chiloquin and Klamath Agency school. Among the events will be a baseball game between the Chiloquin boys and Agency boys' team.

The high school pupils are getting ready for their examinations which they will take May 3rd and 4th.

An airplane passed through here Saturday.

Mrs. Winkelman, who has been ill for a few weeks, is improving rapidly.

Del Alexander stopped here on his way to Pine Ridge where he intends to work for the Modoc Lumber company.

Hans Anderson and Frances Silvers drove their cattle and horses across the river today.

The Chiloquin boys baseball team met Agency's team last Friday and were defeated. The game was close

for a while then the Agency boys gained. The score was 10 to 15. The umpire was Fay Mitchell.

The Chiloquin line-up were: R. Griffin, (c), F. Silvers (p), I. Cartwright, (1b), K. Moore (3b), J.

Goldthwaite (3b), D. Varnum (s), E. Cartwright (lf), C. Chastain (cf), T. Jackson, (rf).

Agency: L. Wilson (c), Q. Baker (p), M. Faltful (1b), A. Kirk (2b), R. Hicks, (3b), J. De More (cf), Davis (s), B. John (rf), O. Riddle, (lf).

R. Turpin and son were Chiloquin visitors Monday.

Mr. and Mrs. Fader motored to Klamath Falls Thursday. They were accompanied by Mrs. Cartwright and daughter.

The round-up Sunday was a little late in starting but the crowd waited patiently. Some of the horses were pretty good buckers, throwing two men. Volney Pearson was manager assisted by Leonard Moore and Pelton John.

Osbert Ball and sisters and Reginald Schonechlin were Chiloquin visitors Sunday from Modoc Point.

Fay Mitchell and wife from the Agency were visitors here Sunday. There will be another dance here Friday, May 5.

IN THE COURT

Clarinda Trust vs. Doty

Decree for \$440 with compound interest at eight per cent from August 24, 1911, and \$100 attorneys fees, and costs of the case was the decision of Judge Stone this morning in the case of Clarinda Trust & Savings bank of Clarinda, Iowa, against M. R. Doty, involving notes given in payment for a Powers well-drilling outfit. It was alleged Doty had refused to meet the notes when due on the ground that the machinery was not as represented and failed to do well drilling work in the county where he had used it in the vicinity of Olene. The case had previously been tried before Judge Noland, being appealed to the supreme court of this state on a plea in abatement. The decree as given by Judge Stone provides for the foreclosure of a chattel mortgage on the machinery in question and also two horses that were stated to be nine years old in 1911.

SPORTS

Academy Baseball Team Defeats K. C. Players

Sunday morning the Sacred Heart academy baseball team defeated the Knights of Columbus by a score of 16 to 15.

Both sides showed want of practice in fielding the ball. The Knights hit the ball hard and often, but were out-classed at running bases by the school boys.

FLEET CASE DECIDED

Emergency Corporation Held Not Governmental Agency

WASHINGTON, D. C., May 2.—Emergency Fleet corporation of the United States shipping board is not a governmental agency in the sense that it cannot be sued without its consent, the supreme court decided in cases brought by the Sloan shipyards corporation and others of Washington state, and the Astoria Marine Iron works.

The court reversed both cases which had been decided in lower courts in favor of the government. The court upheld that the same principle deciding the case of the trustee in bankruptcy of the Eastern Shore Shipbuilding corporation in which the fleet corporation contended it was entitled to priority in the distribution of the bankrupts estate.

The HOME GARDEN

What is Home without a Garden?

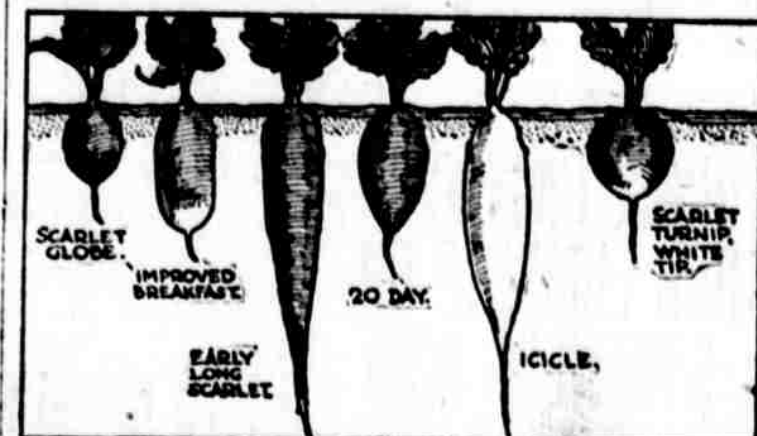

RADISHES OF QUALITY

The radish is practically a universal vegetable. It is now in the market the year around and rarely is there a garden planted without at least a short row or small patch broadcasted to these pungent appetizers of the garden. There isn't a great difference in the various kinds of radish offered or sale by the seedsman and almost any of them will be successful. The main difference is in the type of root.

Stick a pencil blindly on almost any of them and order the one spiked

best. In case of doubt, French Breakfast in the olive shade, Scarlet Globe in the round, and some of the 20-day specialties can be recommended. Any of the long scarlet types give much the same result, the improvement in the newer varieties being in regularity and uniformity of growth.

Radish soil must be rich and fine and deeply worked. It is best to have the manure dug in during the fall or if this has not been done it should be well rotted and well incorporated with the soil in the spring. Radishes will grow almost anywhere if the

and you will have good radishes if the garden conditions are suitable for growing good radishes at all.

In the south the radish can be grown out doors almost all winter except in the colder sections, plantings being made every 10 days or two weeks for succession. In the north it is the first vegetable to go into the ground in the spring. In fact, it should be planted as soon as the soil can be worked, as it is quite hardy and won't be hurt by a little frost.

It is a cool weather plant and must be grown steadily and quickly. Hot weather or a dry spell, either giving a check in growth, result in hollow, pitiful roots, which are quite worthless. Cool and fairly moist conditions make the crisp, solid, toothsome radishes that everyone relishes in the early days of spring.

Of the white radishes, Icicle has attained great popularity and is a fine radish. It is excellent in the summer when other types are not at their

best. In case of doubt, French Breakfast in the olive shade, Scarlet Globe in the round, and some of the 20-day specialties can be recommended. Any of the long scarlet types give much the same result, the improvement in the newer varieties being in regularity and uniformity of growth.

Radish soil must be rich and fine and deeply worked. It is best to have the manure dug in during the fall or if this has not been done it should be well rotted and well incorporated with the soil in the spring. Radishes will grow almost anywhere if the

Clean Up on Saturday Saturday is a good day to clean up last year's garden if this was not attended to in the fall. All remnants of vegetables and flowers must be gathered together and burned. This will destroy the eggs of innumerable insects. Weeds should likewise be destroyed, but do not yet destroy mulches which have been placed over hardy plants and around shrubs. If you have not already sprinkled limestone over your garden area, this is a good time to do it so that the spring freezing and thawing and the early rains may help to disintegrate and carry the lime water into the soil

Voice Highways

Town, county or state boundaries are not the boundaries of telephone service.

Stretching from each telephone to every other telephone there is a voice highway. Its use may be had for the asking.

On these highways there may be business waiting—there may be the pleasure and comfort of friendship and affection.

Long distance rates vary during the twenty-four hours of the day, and also change according to the class of service desired. The telephone directory gives full information.

Every Bell telephone is a Long Distance station.
