K. C. Defeated Sacred Time by Sacred Heart

Sunday morning the ball team of the Sacred Heart academy, in a hard-fought game, again defeated the Knights of Columbus team by a score of 12 to 6.

Both teams showed remarkable improvement since the last game. The Knights had it all their way both in the field and at the bat until the last of the ninth inning, when the score stood 12 to 6 in their favor. Then the academy boys rallied, and by making several hard and well placed hits, and also aided by errors on the part of their opponents, they succeeded in sending seven men across the plate, winning the game.

The line-up was as follows: Academy—Matt J. C. Maguire c. B. Maguire 1b. Deryan 2b. Palmer 3b. Connors ss. Hannon rf. D. Maguire lf.

Knights—Patterson p. Lيمان c. Crump 1b. Maguire 2b. Lavonik 3b. Donnelly ss. McAndrews rf. Pauley lf.

Beetle Detectives Are Routed by Local Players

A sadder and a wiser crew, the beetle detectives departed for the sticks late yesterday, after suffering a 5 to 3 defeat at the hands of the local baseball team. Not discouraged, however, and vowing vengeance, they determined to return at an early date and show the city guys what for.

"You may know how to catch a bug, but your education is sadly lacking when baseball is concerned," scoffed a local player.

"Ah, g'wan," retorted the Klamathite, "we're just kidding you along. Next time you'll think an army of Babe Ruths has broke loose."

Oxnard Boy Breaks World's Shot Record

STOCKTON, Cal., May 5.—Clarence Bud Houser, Oxnard high school, broke the world's miscellaneous record with a 16-pound shot put by heaving the leaden weight 46 feet 9 3/4 inches. The old record was held by the late Ralph Bone of Healdsburg high, who threw the shot 45 feet 9 1/2 inches at San Francisco on May 1, 1903. Houser made his record-breaking put on a fifth attempt. This won him permanent possession of a Dewey trophy. He has won three years consecutively.

MERRILL

A large crowd gathered Monday afternoon to hear J. A. Churchill, state superintendent of public instruction, talk on the county school unit plan. Churchill was introduced by Fred Peterson of the Merrill schools. He explained the contemplated change and showed how in his opinion it would be of great benefit to the schools of the county. After his talk he asked for questions. A number were asked and these were explained satisfactorily. It seemed to be the opinion of the majority of those present that the measure should carry.

Churchill was the first state superintendent to visit Merrill since 1908, when J. H. Ackerman was here.

Peterson told the people that the measure had the support of every former superintendent of Klamath county. Mrs. C. J. Ferguson accompanied Churchill.

Louis E. Bean, candidate for governor on the Republican ticket was in Merrill Monday in the interest of his candidacy. He seemed to enjoy talking over pioneer times with the old settlers. Bean rode the range here from '85 to '92. Alfred Collier was in Merrill with Bean.

DORA SLY FINED \$250

Klamath Falls Woman Found Guilty on Moonshine Charge

PORTLAND, May 5.—Dora Sly, a lodging house keeper of Klamath Falls, entered a plea of guilty in federal court by letter, the charge being possession and sale of moonshine liquor. Judge Bean imposed a fine of \$250.

When arrested by officers at Klamath Falls recently the woman, holding a bottle of liquor behind her, was said to have poured the contents upon her dress while she was talking to the officers, so that, although the empty bottle was obtained, the evidence had vanished. This was not fatal to the prosecution, however, since the officers had a previous sale that they could prove, had the case come to trial. The amount of the fine was available to the court from \$500 deposited as the woman's bail.

DEMURRER BY BROWER

District Attorney Indicates He Will Avoid Connecting Sewer

District Attorney C. C. Brower is not going to connect his premises with the city sewer system if he can help it.

This was indicated today when he appeared in police court and filed a demurrer to the complaint in which it was contended that the city ordinance under which he was arrested by Chief of Police Wilson was contrary to the state constitution, that the complaint did not state facts sufficient to constitute cause of complaint, and that the city attorney has not authorized the proceedings.

Up to a late hour this afternoon no action had been taken on the demurrer by Police Judge Leavitt.

THINK HOW YOU CAN HELP KLAMATH FALLS GROW

We ask the loyal support of every man, woman and child in Klamath Falls

NO ONE MAN can bring Klamath Falls to the highest degree of prosperity. Nor can ten men, nor even one hundred. But if every citizen will do his or her share the results will astound even the most optimistic.

INSTEAD OF tearing down—LET'S BUILD!

INSTEAD OF drifting along—LET'S HUSTLE AND WORK!

INSTEAD OF strife and discord—LET'S HAVE CO-OPERATION!

TEAM WORK alone will move the load. If we continue to apply our forces in opposite directions we only rend our commercial and industrial structure.

PULL TOGETHER and progress—BALKING BEGETS BANKRUPTCY.

WHY BE LED blindly over a precipice, when by opening our eyes we can gain the heights of industrial prosperity?

WE CAN GO forward if we will reason together, work together and pull together for the common good.

That is why we say to every man, woman and child in this city—it is up to you to say how soon we shall have PROSPERITY.

Let's Go!

ITCHING ECZEMA DRIED RIGHT UP WITH SULPHUR

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth. It seldom fails to relieve the torment and disfigurement. Sufferers from skin trouble should get a little jar of Mentho-Sulphur from any good druggist and use it like a cold cream. —Adv.
